## FREE

A Beautiful Colonial Clock valued at \$50.00 will be given away free. With each cash purchase of \$1.25, we will give a dial and when these dials have all been given out, we will wind this clock and when it runs down, the party having the dial nearest in time to time clock stopped, will receive this clock free. Also, for a short time, we will give a dial for each \$2.50 paid on account or on notes owing us, provided the entire account or note is taken up at the time. This means you would get 4 dials if you owe a \$10.00 account and pay it in full.

### Everything in Order

The name of the prisoner was Gunn. "And what is the charge?" inquired the magistrate. "That Gunn was loaded with drink, your worship," answered the constable. "I wish to be let off, sir," pleaded the wretched man. "Gunn, you are discharged," the magistrate told him. And the report was in the papers next day.—London Tit-Bits.

### He Never Returned

Mr. Staylate—Really, I must be going. I must say those saddest words ever spoken—good-by. Miss Weerle—You might say something sadder than that. You might say "Au revoir."—Boston Transcript.

### Seeking Market Road

A delegation of West end ranchers were in Pendleton Tuesday conferring with the county court with regard to a market road about 3 miles in length connecting the Butter creek road with Hermiston. No promise to include the road in the 1925 program was made by the county court but he made it plain the court has given consideration to completing this gap in the market road.

### Call For Warrants.

The City of Hermiston special street improvement warrants Nos. 2756 and 2757 are called. Interest stops this 28th day of November, 1924. Itc Georgia Henderson, City Treas.

### Turkeys Shipped East

A carload of dressed turkeys was shipped from Pilot Rock Friday to market. As far as is known, this

is the first solid carload of dressed turkeys ever shipped out of Umatilla county. A crew of expert pickers was sent from Portland to dress the birds. Several large flocks were grown this year by growers in the Pilot Rock section, and persons who were in Pilot Rock when the flocks were driven into town declared it was a sight worth seeing to watch the flocks being handled.

## RADIO

The time to buy a radio set is now. Good radio sets will not soon be cheaper. There will be improvements; so will there be improvements in autos, lawn mowers and mouse traps, as well as in most other things.

The air is full of just the kind of entertainment you desire. It is free and you might as well enjoy it now, and when improvements are made add them to your set.

In buying a set, get a good one, one BUILT by a reliable company; do not buy an assembled set as it is an orphan now, and do not buy a re-radiating set that will squeak and howl when you try to tune in a station, interfering with every other set for miles around, as there may soon be a law against their use.

The NORTHWESTERN is BUILT by a reliable company, it will not re-radiate, you can't make it squeal; it is fully guaranteed and price is reasonable.

## COLE'S ORIGINAL HOT BLAST HEATERS

The Three Basic Principles in the Construction of Cole's Original Hot Blast Heaters

First. The patented Air Tight construction giving perfect control over the fire, and preventing the escape up the chimney of heat and unburned fuel gases, giving perfect combustion of all the fuel.

Second. The all-steel sensitive radiating surface which radiates all the heat into the room and gives a sizzling heat.

Third. The patented Top Hot Blast Draft which oxidizes and turns into heat the valuable gas, half of the fuel, allowing nothing to waste.

These three basic principles entering into all Cole's Hot Blast Heaters make them world famous for fuel economy and perfect control and radiation of heat.

We now have a complete stock of Cole's Heaters and if you are in the market for a heater it will be to your advantage to investigate the merits of the Cole's Hot Blast before buying a cheaper Heater.
