**COLE'S ORIGINAL HOT BLAST HEATERS**

*The Three Basic Principles in the Construction of Cole's Original Hot Blast Heaters*

First. The patented Air Tight construction giving perfect control over the fire, and preventing the escape up the chimney of heat and unburned fuel gases, giving perfect combustion of all the fuel.

Second. The all-steel sensitive radiating surface which radiates all the heat into the room and gives a sizzling heat.

Third. The patented Top Hot Blast Draft which oxidizes and turns into heat the valuable gas, half of the fuel, allowing nothing to waste.

These three basic principles entering into all Cole's Hot Blast Heaters make them world famous for fuel economy and perfect control and radiation of heat.

We now have a complete stock of Cole's Heaters and if you are in the market for a heater it will be to your advantage to investigate the merits of the Cole's Hot Blast before buying a cheap or Heater.
