LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.

FREE! This Coupon is Good for a Bottle

Dr. Thacher's Liver & Blood Syrup if presented before the supply for free distribution is already given away. Read the full details above, then act at once, as this offer is limited. Get a trial size now by presenting this coupon to Mitchell Drug Company.

Mystery Attached to Lost Cities of World

There is always fascination attached to stories of lost and abandoned cities. The East has many such places, once teeming with life—now the abiding place of lions, monkeys, snakes and jackals. For instance, the holy city of the Buddhists, Baraboe door, in Java, had been forgotten for 600 years when Sir Stamford Raffles rediscovered it and its wonderful temple, the eighth wonder of the world. The jungle of Siam has hidden its ancient capital, Ayuthia, for four centuries. Its inhabitants fled before the conquering Burmese, and never returned. It is now said to be the lurking place of thousands of enormous snakes. Mystery surrounds the dead city of Tibet, which Captain Rawling discovered. It is a vast collection of palaces, monasteries, and dwelling houses, but the Tibetans professed ignorance of its existence, and also of the reason for its abandonment. Five centuries ago Angkor had a population of three-quarters of a million. Today it is the Dead City of Cambodia. The carved stone elephants, the immense causeways, the majestic temples still remain, but the jungle has invaded the streets and squares.
