LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.

FREE! This Coupon is Good for Sample Bottle

Dr. Thacher's Liver & Blood Syrup if presented before the supply for free distribution is already given away. Read the full details above, then act at once, as this offer is limited. Get a trial size now by presenting this coupon to Mitchell Drug Company.

THE BANKER-EDUCATOR PLAN TO PROMOTE BETTER AGRICULTURE

By D. H. OTIS, Agricultural Director, American Bankers Association

Whenever bankers desire to promote actively agricultural improvement in their communities, the state agricultural colleges stand ready to show them the way and to give expert assistance. The purpose of this article is to illustrate the way in which the colleges are getting in contact with the banks, and the kind of assistance they render.

As soon as the college has a list of the banks in the state desiring to adopt plans to aid agriculture as indicated by project blanks sent out to all the banks in the state, by the State Bankers Association Agricultural Committee, it gives practical suggestions to each banker on the list as to what he can do to stimulate, organize, and conduct the

suggestions are the more valuable they are to the banker. Following are samples of such project outlines:

Farm Accounts Project
1. Banker can select group of farmers who can and should undertake the work of farm accounts.

2. Arrange with county agent or specialist from agricultural college for first meeting of the group and select an account book.

3. Assist individuals at their request with information relative to entering accounts and other data properly.

4. Act as or select leader for the group.

5. Assist in checking inventories as a means of securing individual financial statement at close of the year.

Boys' and Girls' Club Work
1. The banker can arrange with the county agent or the specialist of the agricultural college for organizing a club.

2. Plan to present various types of club work at the next meeting and perfect the organization of a local club.

3. Banker may act as local leader of the club.

4. Cooperate with county agent or specialist in annual "Achievement Day."

5. Banker may offer prizes for club work or otherwise assist in financing same.

Legume Project
1. The banker can get information from county agent or specialist from the agricultural college on the value of alfalfa, soy bean, or sweet clover crops to farmers of the community.

2. Arrange for meeting of interested farmers with county agent or specialist.

3. At this meeting county agents, specialists, or others will discuss: (a) Value of crop. (b) Seed supply and varieties. (c) Methods of handling the crop. (d) Use and disposition of crop.

4. Plan with county agent or specialist meetings and demonstrations on plots or fields.

5. Secure exhibits for community or county fair.

Cow Testing Associations
1. The banker can arrange with county agent or specialist from agricultural college for meeting of interested group of farmers in the community for the purpose of organizing a cow testing association.

2. Banker may act as leader, and with county agent or specialist plan to visit prospective farmers who may join the association.

3. Organize for work and assist in securing testing equipment and other materials whenever necessary.

4. Call meetings periodically to discuss association business and hold picnics or tours.

5. Banker with county agent or specialist may arrange for C. T. A. booth at community or county fair giving testing demonstrations and explaining work of association.

This constitutes the preliminary work by the college which paves the way for constructive work by the bankers in banker-farmer projects.
