### Fashion Rediscovered Virtues of Velvet

Since velveteens have blossomed out with the sheen of silk (and this luster is permanent) they have become a very important factor in the modes for both dresses and coats. Fashionables appear to have rediscovered the beauty of this dependable material and the seasons new colors are very effective in it. Wine, vivid blues, bottle green, maroon and golden browns are added to black, navy and brown in the staple shades and are at their best in pile fabrics. Any one of them might be used to make the handsome afternoon frock shown here, with fine ecru lace to finish the scallops on the bodice and the collar and cuffs of ecru batiste.
