Send It To The Laundry

Science proves that it is very unhealthy to dry clothing indoors, especially during damp or stormy weather when pneumonia is more or less prevalent.

The Domestic Laundry offers the following services:

- 1—FINISHING DEPARTMENT
Our new and modern equipment makes it possible for us to turn out a grade of finished work that is a source of pleasure to our many customers.
- 2—ROUGH DRY
Needs no introduction. Our rough dry patrons have more than doubled in the past two years.
- 3—THRIFT-SERVICE
Is the name of a new department, which is meeting with great popularity. The flat work, both towels, handkerchiefs, etc., are ironed carefully and ready to use. The wearing apparel is returned damp but woollens are dried so that no possibility of shrinkage exists. This service is being offered at 5c per pound plus 1c per piece.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.

FREE! This Coupon is Good for Sample Bottle

Dr. Thacher's Liver & Blood Syrup if presented before the supply for free distribution is already given away. Read the full details above, then act at once, as this offer is limited. Get a trial size now by presenting this coupon to Mitchell Drug Company.

Why Speculators Lose
I asked one broker, as we stood looking at the crowd of perhaps 100 customers in his place:
"How many of these will get out of the market with a profit?"
"Nine out of ten will lose," was his candid reply, "because the first big sag in the market, no matter if only temporary, will wipe them out. No matter how conservative they are at first, carefully keeping reserve funds in the bank, they will soon have all available money up on margin and then they can't weather even a momentary reaction."—Fred C. Kelly, in Heart's International-Cosmopolitan.

Restoring Soiled Table
Heat stains may be removed from a highly polished table by applying the following in their respective order, using a separate cloth for each: Kerose, alcohol and sweet or linseed oil. The last should be well rubbed in until the spot no longer shows. Frequently a cloth moistened with warm camphorated oil will remove the stain. If these methods fail, probably the table will have to be refinished.
