Stanfield Fighting to Develop Resources of Oregon

U. S. Senator Robert N. Stanfield maintains that the natural resources of Oregon belong to the people of Oregon, and he is leading the fight to establish Oregon's right to use the revenues from these resources to develop the state and materially reduce taxes.

Grazing Bill Entering Wedge

Stanfield's grazing bill, which has been unanimously recommended for passage by the Senate Committee on Public Lands (Stanfield, Chairman) is the first step toward restoring control to Oregon of the revenues from its resources. Secretary Work, Department of the Interior, pronounces the bill "a constructive measure which will result in definite positive benefits to the livestock industry, and will permit the use of the public lands by both small and large livestock raisers."

Stanfield for Port and Shipping

U. S. Senator McNary wired Bert Anderson, republican count chairman of Jackson county, on May 4:

"Senator Stanfield, chairman of the Senate Public Lands Committee, has conducted hearings and given much of his time to Oregon and California grant land tax bill. I AM ASSISTING HIM IN EVERY WAY I CAN. I am busy assisting in the hearings before the Senate Commerce Committee on the attempted sale of the Oriental line by the Shipping Board to the Dollar interests. SENATOR STANFIELD IS ASSISTING ME IN EVERY WAY HE CAN."

Stanfield Comes to Rescue of the Farmer

The passage of the emergency tariff bill on May 27, 1921, placing protective duties on 28 of the principal farm products, was due largely to the insistent efforts of Senator Stanfield.

On May 20, 1921, the Stanfield bill was introduced for financial relief of agricultural banks and loan companies, through the war finance corporation. The main features of this measure became law as a part of the Morris bill August 24, 1921, and Oregon banks, trust and loan companies that serve agriculture received \$6,696,000 under its terms.

Working for Oregon's Reclamation Projects

Senator Stanfield favors active continuation of the reclamation of Oregon's arid lands until every irrigable acre is reduced to cultivation and production. He is working in full accord with his colleague, Senator McNary, chairman of the Senate Committee on Irrigation, and with Representative Sinnott, chairman of the same committee in the House in reclamation legislation. The Oregon senators won out in their contention that financial aid to settlers should be provided by the Government and the Interior department, in March, 1926, agreed to use \$500,000 of the reclamation fund for the purpose of making experimental loans to settlers on certain selected projects over a period of three years.

STANFIELD'S HIGH RANK ON SENATE COMMITTEES HELPS OREGON. IT WOULD TAKE YEARS FOR A NEW MAN TO ATTAIN IS RANK IN THE SENATE.
