and 10,000 of these inquiries were
turned over to the land settlement
committee of the Oregon Chamber
of Commerce a few days ago, Mr.
Baer said.

ANNUAL TOUR OF COLLEGE SENIORS MADE ON PROJECT

G. R. Hyslop, professor of farm
crops at O. A. C., and a group of his
senior students spent Saturday on
the project. They went over the
work of the experiment station in
detail and afterwards made a trip
over the surrounding country.

Their trip included the experiment
stations of Eastern Oregon with
side trips to representative farming
districts. This trip is to be made
an annual affair for the purpose of
showing the students the application
of the studies they have made during
their four years in college.

Florence Oil Cook Stove

COOK WITH FOCUSED HEAT

The intensely hot, clean, blue gas flame goes
straight to the bottom of the kettle. This means
quick cooking and a cool kitchen.

The Florence Stove is easily operated, positively
regulated, wickless, valveless and absolutely de-
pendable. Burns kerosene only, which is the
cheapest fuel known.

On account of our overstock of Florence Oil
Stoves, we are going to reduce the price on them,
and are offering real bargains. At the price we
are now offering these stoves nobody can afford to
cook over a hot coal or wood fire during the hot
summer months. We also have a complete stock
of the Red Star Stoves.

Make cooking a pleasure this summer with one
of our oil gas ranges.
