HERMISTON'S HOUSE OF QUALITY AND SERVICE

A TIP CONCERNING YOUR CHICKEN HOUSE

Anticipating chicken house business for the late summer and fall, we secured a complete stock of material for this business early in the spring. This stock has been in the yard for the last five months and is now thoroughly dry.

This gives you a stock that will build an absolutely tight chicken house at the same price as green lumber would cost. You cannot afford to take a chance on using green lumber for a chicken house when we will guarantee the stock that we furnish not to shrink.

McKenzie and Mrs. R. E. Mitchell were prize winners. Mrs. W. W. Felt-

house was hostess Tuesday afternoon and had seven tables. Prizes were won by Mrs. Bert Haneline and Mrs. Mabel Ralph.

IRRIGON NEWS ITEMS

The Irrigon school band has been engaged to play at the fair at Hermiston on Saturday afternoon.

Arrangements have been made for a football game to be played here on Friday, Oct. 15 between our team and Boardman second. Everybody is invited to come out to watch our boys perform—to do their "stuff" so to speak.

The school orchestra which was recently organized held its first rehearsal last week, and according to reports, made a good showing. At this writing the following are members: Prof. Kraus, violin; Russell McCoy, trumpet; Richard Kraus, trombone; Phyllis Renno, piano; Freda Seaman, drums. It is expected that one or two other students will join a bit later.

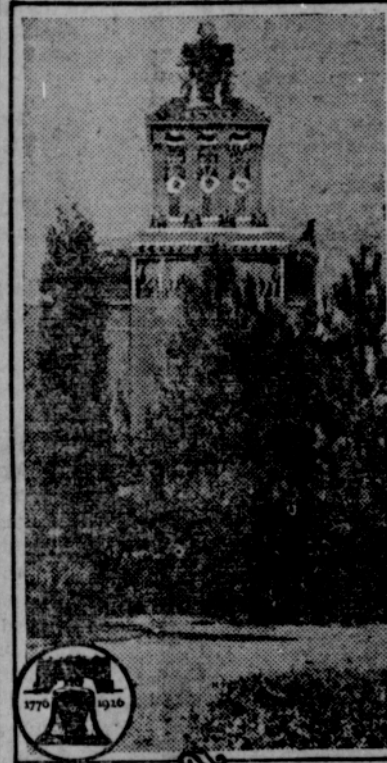

"Spotty" Wisdom has returned from Milton where he has been employed for some time.

N. Seaman was in Portland the fore part of the week on business.

Irrigon was fairly well represented at Pomona grange meeting at Boardman on Saturday.

Lyle Saling and family have moved to Ellensburg, Washington where Mrs. Saling will attend the Normal school for a short term. Following that she will teach in a school near Roosevelt. We regret to lose this estimable family from our community.

"A Thing of Beauty Is a Joy Forever"

This is one of the beauty spots of the Sesqui-Centennial International Exposition in Philadelphia. The exposition celebrates the 150th anniversary of the signing of the Declaration of Independence. The view shows the tower of one of the main exhibit buildings rearing its head up from among the gorgeous landscape which artists have built around the giant structures which house exhibits from forty-three nations of the world. The Exposition continues until December 1.

20,000 Persons Lost Yearly in New York

New York—It is almost impossible to be lost or missing for a considerable length of time in New York. Probably in no other city in the world are so many persons reported lost, strayed or stolen. Every day brings on the average, 60 inquiries to the police for missing persons, a total of more than 20,000 a year. Of this number less than half of one per cent are classed as permanently unaccounted for.

The missing persons bureau of the police department comprises 40 detectives, men and women, especially trained for the work. Searches are organized much more completely than is generally realized, and once the machinery is set in motion the effort becomes comparatively simple.

Which?

\$50 for Painting

or

\$500 for Repairing

A 1000 per cent Investment

That's the way to look at painting—as an investment, not an expense. Look around you at the houses going to rack and ruin. What is doing it? The weather. There is only one defense against weather and that is *paint*. But paint, like weather, is of many kinds. Beware of the fair weather paint. It does not protect, it only deceives. Buy a paint that has proved its staying power.

SWP (Sherwin-Williams House Paint, Prepared) has a fifty-year record. Its ingredients are what experience has proved to be most efficient in protecting property. It puts an armor between your buildings and the elements and also adds beauty and cleanliness.
