Mrs. A. P. May of Pendleton spent Thanksgiving with her son, Marcus May, who is farming one of the Stanfield ranches on Butter Creek.

The Sidney Barnard family were in Stanfield Thursday, guests of Mr. and Mrs. William Mitchell.

Harry Duval and family of Heppner were visiting at the Joe Norton home last week.

Mrs. Roberta Gunn and son Henry were guests at the R. C. Todd home Saturday, en route from a visit with Mrs. Gunn's daughter in Kennewick to their home in Portland.

S. E. Starr, who has had a flock of 60 Ramboulet sheep on his ranch south of town, has purchased 500 additional head.

Mrs. R. E. Mitchell gave a large party at her home Wednesday afternoon for Bobby Mitchell, in honor of his fourth birthday. Thirty-four guests were invited and enjoyed the afternoon in surroundings in which white and red were featured as decorative colors. Christmas trees were the attraction as table centerpieces and the favors and ice cream and cake were also in red and white. Miss Seyler sang for the children, Marian Henderson, Jane Warner and Mrs. Harvey Payne entertained with stories and Buddy Prime's work was much appreciated in rendition of several harmonica selections.

A real estate deal of much interest was consummated this week when C. E. Baker sold 82 acres of his ranch to J. E. Bowen of Dufur. Mr. Bowen and his son Elvin B. Bowen will improve the land and put up buildings and go into the raising of sheep. The land sold is the part east of the Baker house and north of the Diagonal road, Mr. Baker retaining the homesite and 60 acres. Mr. Baker takes as part payment a 60 acre dairy and fruit ranch at Dufur. The deal was made by E. P. Dodd.

The committee which has been active in conducting a campaign for securing of the eastern Oregon Tuberculosis hospital in that city will meet in Community Hall in Umatilla on Friday night and report on the progress of their work. They urge those in Hermiston who have expressed a desire to aid Umatilla in getting this institution for Umatilla to be present and talk it over. Joseph S. Springer, president of the Umatilla Commercial association will preside at the meeting.

Lee Lampson of Kennewick, manager of the Three Rivers Association was in Hermiston Tuesday and attended the luncheon of the Commercial club. A meeting of the Three Rivers association will be held at Kennewick on December 6, and Mr. Lampson extended an invitation to those local growers who were interested to attend, stating that the roads were in good condition between here and Kennewick. Mr. Lampson says that there is no limit to the strawberry acreage that can be put in in this district from a marketing point of view. There is also a good opportunity for increased acreage in early asparagus, the last of Hermiston asparagus getting into the market with the eastern product, the price thereby being forced down. Some opportunity is seen in the planting of early potatoes, but not so much as in asparagus and strawberries.

When you buy Gasoline You Buy Fewer by the Mile.

If the motor valves do not seat proper or the piston rings do not hold compression, you do not get the miles of transportation you have paid for, which soon cost more money than a new set of piston rings and a valve grind.

We have the equipment to make the old valves like new, and valve seats that make 'em fit.
