

Have you tried a tankful of the NEW ETHYL GAS?

SEVERAL HAVE, AND THE RESULTS THEY SECURED IN GREATER POWER, PEP AND ADDED MILEAGE HAVE MADE THE NEW PRODUCT SCORES OF FRIENDS.

One man drained the tank on his car and bought three gallons of Ethyl gas for a trial. He telephoned in for 50 gallons after he had given it a thorough test.

A truck owner tried Ethyl's pulling power on a hill. With other gas he had been compelled to shift twice to make the climb. Ethyl's greater power took him up easily without a single shift. IT IS MIGHTY GOOD TO USE IN CLEANING YOUR MOTOR. ETHYL'S GAS IS WINNING FAVOR WITH MOTORISTS EVERYWHERE.

Poultry is an Important Part of the Grow-Your-Own-Living Farm Program

FARM POULTRY

PROVIDES GOOD FOOD FOR THE FAMILY. GIVES SOMETHING TO SELL EACH WEEK. FITS WITH DIVERSIFIED FARMING.

It is a Billion Dollar Cash Crop

The poultry census is taken only every 10 years. The last census showed there were in the United States 360,000,000 chickens. They produced 1,656,000,000 dozen eggs. The year's production of chickens and eggs brought \$1,048,000,000.

Ninety per cent of this billion dollars goes to farmers or rather to farmers' wives. These good wives spend it for groceries, clothing, lights, washing machines, rugs, pictures, books, phonographs. If we should take the poultry money out of a farm community, the country town merchants would wonder what had happened to their business.

Higher labor and feed prices, our newer knowledge of the factors making for economical and successful egg production, and an increasing demand for a standardized product on the part of the consumer are factors which are forcing many farm folks to make adjustments in their flocks. Farm poultry is fast getting down to a more business-like basis.

We have just received a number of booklets giving the results of several experiment stations and successful poultry men, of Hatching, Brooding, Culling and Feeding, as well as labor saving devices in the care of Chickens, Ducks, Geese and Turkeys. Copies may be obtained at the office.

LOCAL AND PERSONAL

BREVITIES

Occurrences of Interest in the Home and There Abouts

The Ladies Aid society of the Methodist Episcopal church will hold a cooked food sale in the Hermiston market, Saturday, February 26.

George Shelton is the new registered pharmacist at the Mitchell Drug Co. He arrived this week and takes the place left vacant by the resignation of Harold Lance.

Miss Leona Williams and Mrs. Rollo Solvester of Arlington were here the latter part of last week as guests at the home of Mr. and Mrs. W. T. Solvester.

The soda water fountain at Hitt's has been undergoing an intensive period of repairs during the past few days in preparation for the season's business.

Mrs. C. Fayette Gardiner who was a patient in the Hermiston hospital for several days while suffering with influenza has returned to her home in Umatilla.

Mr. and Mrs. F. L. Sampson of Haines, Oregon, and Mr. and Mrs. N. Neadeau of Pendleton were guests at the home of their parents, Mr. and Mrs. Peter Neadeau, last Sunday.

The mothers and daughters banquet, planned recently by the ladies of the Methodist Episcopal church, has been postponed until after the conclusion of the revival services now being held.

The second of a series of bridge parties was given Tuesday afternoon by Mrs. H. E. Hitt. Favor and decorations in the home were in keeping with Washington's birthday. Prize winners were Mrs. C. M. Voyer and Mrs. Ralph Richards.

Mrs. F. C. McKenzie was hostess at bridge last Thursday afternoon and again on Monday afternoon. Guests to make three tables were invited for each affair. Thursday's winners were Mrs. R. E. Mitchell and Mrs. J. Waller, and on Monday Mrs. F. V. Prime and Mrs. E. P. Dodd won the prizes.

H. E. Hitt will leave this evening for Jefferson, Oregon, where he was called by the death of Mrs. Caroline Wied. Mrs. Wied was the grand mother of Dorothy and Richard Hitt. She was about 76 years old, and her death occurred Wednesday. For several years Dorothy and Richard Hitt have spent their summer vacations with Mrs. Wied.

Mr. and Mrs. C. F. Mortimer and their 11 year old daughter left Tuesday for Grandview, Washington where they have rented an irrigator farm. Mr. Mortimer was a ditch rider here for five years and had dairy cows on his ranch. He took six head of cows and some young stock to his new location. "I've made a lot of friends here that I don't like to leave," he said. "I intended to get around to tell them good-bye, but there was so much to do in connection with moving that I did not get to see many of them. Hermiston has been good to us, and our memories of the country and our many friends here will be happy ones."

At the Methodist church—The special services will continue all next week. Services every evening at 7:30 except Saturday. The interest is increasing and we are expecting a large attendance the coming week. Sunday school at 10:15 A. M. Morning worship at 11:15. Subject "Slay Utterly." Sunday evening will be young people's night. We invite all young people to the services at 7:30 P. M. If you know any thing more important than the salvation of the soul do that before you come to the church services and take the consequences. We are judgment bound, therefore let us take life seriously as we must go hence to be no more. S. Hamrick, Pastor.

R. S. Besso, farm management expert of Oregon Agricultural college and W. A. Holt, county agent, have been here this week working on farm management problems. They have been making more surveys of project farms such as were made last fall and at the request of some farmers who have been changing their plan of operations, in accordance with the recommendations of the economic conference last spring, they have lent their aid in suggesting what changes are necessary to bring individual farms to a better basis of management.

Arrangements have been completed for a series of meetings in the county at which information on nutrition will be given by Miss Lucy A. Case, nutrition specialist of Oregon Agricultural college, and Hermiston has been selected as one of the three places in the county where Miss Case will talk. County Agent Holt said today.

The meeting will be for housewives, both from the country and from town, and particular attention will be paid to problems in nutrition affecting the health and development of children. The meeting here will be under the auspices of the

home economics project of the farm bureau of which Mrs. Charles Keller is chairman.

"Miss Case's work is so appreciated by communities all over the state that it is very difficult to secure her," Mr. Holt said. "She will have time to hold meetings at three places in the county. For the meetings here present plans are to invite the women from other neighboring communities so as many as possible will have the opportunity to hear her."

Three meetings with a month intervening between meetings will be held here. Miss Case will have as her subject for the April meeting, "The Food We Eat and What Becomes of It."

Andrew Rugg, father of local teacher, passes

Miss Jean Rugg, member of the faculty of the Hermiston high school, was called to her home in Portland unexpectedly Saturday afternoon because of the serious illness of her father, Andrew Rugg. He died before his daughter arrived in Portland.

F. B. Swayze was in Boardman Wednesday on business.

At the Baptist church Sunday, Feb. 27—Bible school 10 A. M. Morning worship, 11 A. M. Theme, "Why Unite With the Church." Evening service, 7:30 P. M. Theme, "Jesus, Life's Highest Inspiration." "I have seen much of the world and of men, and if there are truth, purity, sound morals and right aims anywhere, you may find them in the Christian church."—J. P. Thompson. A cordial welcome to all. A. J. Ware, pastor.

Those of you who read the autobiography of Herbert Quick, one of the few real agricultural leaders and the builder of the land bank system, must have been impressed with the fact that the Iowa country, now the richest farming district in the world, was not subdued in a few years. Those pioneers had entirely new problems to solve, just as you have had. Perhaps we have expected to develop too rapidly. It is the history of new countries that it takes ten or twenty years for agriculture to become stabilized. Alfalfa was and is absolutely necessary for the first few years here. Now stability is coming with greater diversity.

He was prominent in the Masonic order in the state and was also an Orangeman. Miss Rugg has been in Portland this week, and her duties have been assumed by other members of the faculty.

Mr. Rugg was for years a teacher of manual training in Franklin high school in Portland. In previous years he taught in Spokane high schools. He was a native of Scotland, went to Canada as a young man and then moved to the United States.
