

The Dairy Cow

In one of the best assets of agriculture, and local conditions make her very valuable on irrigated farms in this district. Our most successful dairymen know that dairying is a complex business that requires careful attention and study. An opportunity to see representative animals of dairy breeds will be afforded when the Union Pacific dairy and hog special visits Hermiston April 27. We suggest that dairymen and prospective dairymen plan to visit the train and hear talks that will be made.

SECOND NUTRITION SCHOOL TO BE HELD NEXT THURSDAY

"Feeding Mothers and Children" is Topic to be Discussed
By Miss Case.

The second nutrition school for housewives of the west end of the county will be held in the Baptist church Thursday, April 28, between the hours of 10 A. M. and 3:30 P. M., according to Mrs. Charles Keller, chairman of the Farm Bureau economics project which is sponsoring the school.

Miss Lucy A. Case, nutrition specialist of the extension service of the O. A. C., will be in charge of the school. In the morning she will prepare health salads and discuss salad making. At noon the salads will be served as part of the luncheon.

Each woman attending has been asked to bring enough sandwiches for one person. Hot dishes will be prepared by the Farm Bureau committee. No charge will be made for the lunch.

In the afternoon Miss Case will discuss the topic, "Feeding Mothers and Children."

Previously the date for the second school was announced as Wednesday, April 27, but due to the fact that the meeting on that date would have conflicted with the Union Pacific dairy special train, the date was changed.

More than 60 housewives attended the first meeting, and it is expected that the attendance will show a material increase for the second meeting. Appreciation of the work done by Rev. A. J. Ware in heating the church and aiding to make the first meeting a success was expressed by members of the home economics project of the Farm Bureau.

TESTS OF POULTRY FLOCKS BEING MADE BY COLLEGE

Testing breeding flocks of poultry for bacillary white diarrhea by the college experiment station is steadily advancing reports Dr. W. T. Roberts, poultry pathologist. Blood samples are taken of every individual fowl in the flock and sent to the department of veterinary medicine where it is analyzed.

The object of this work is to find which are infected with bacillary white diarrhea germs. Flocks are tested once a year or more according to the seriousness of the disease. Some flocks are found entirely free from disease and recommendations are made by the department of veterinary medicine to keep them free. Already 29,500 chickens have been tested so far this year and Dr. Johnson expects that it will reach 100,000 next year.

COMMERCIAL CLUB VOTES TO JOIN STATE CHAMBER

The commercial club at its meeting Tuesday voted to join the State Chamber of Commerce and authorized the secretary to remit the dues for this year.

The resignation of J. S. Harvey as secretary was submitted and accepted, and a nominating committee was appointed to submit a nomination at the next meeting.

CALL FOR WARRANTS

All O. and M. Warrants of the West Extension Irrigation District, registered on or before April 15, 1927, will be paid on presentation at the office of the County Treasurer of Morrow county, on or after May 12th, 1927, at which date interest on said warrants will cease.

Heppner, Oregon, April 20th, 1927.
LEON W. BRIGGS,
(33-3tc) County Treasurer.

HERMISTON LOCALS

B. S. Kingsley left Sunday morning on a business trip to Portland. Mrs. Kingsley came up the latter part of last week and has been here this week. They plan to move back to Hermiston within a short time.

J. M. Biggs, Mr. and Mrs. Charles Unke and Mrs. Bert Mullins were in Lewiston, Idaho, Monday and Tuesday of this week. Mr. and Mrs. Unke accompanied Mr. Biggs on a business deal, and Mrs. Mullins visited her mother.

At the Baptist church Sunday, Apr. 24—Bible school 10 A. M. Morning worship 11 A. M. Theme, The Voyage of Life. There will be no evening services at the Baptist church. A cordial welcome to all. A. J. War-pastor.

Mr. and Mrs. Rex Osborn of Portland were here the latter part of last week as guests at the home of Mr. and Mrs. O. C. Pierce. Mr. Osborn is Mrs. Pierce's brother. From Hermiston the Portland visitors went to Pilot Rock for a visit with Mr. and Mrs. R. L. Elliott. Mrs. Pierce was with them on Easter day.

"I was up in the mountains in the Pierson creek district Tuesday with two of my deputies, found a big still 100 gallons of moonshine and two moonshiners and saw more snow than I thought would be in the mountains this time of year," said R. T. Cook-ingham, sheriff, while in Hermiston Wednesday. "In some of the gulches we crossed in our climbing the snow came to the top of small evergreen trees apparently eight or ten feet tall. It is packed like ice, so the summer supply of water should be good."

This coupon and 25c entitles the holder to one 35c can of Acme Quality Enamel-Kote, any color, and a special 25c Paint Brush.

Name _____ Address _____

To acquaint you with Acme Quality, we are making a special offer for a limited time.

ACME QUALITY Paint and Varnish

Sign the coupon and bring it to our store.

BLESSING HARDWARE CO.
HERMISTON, OREGON.

IRRIGON

The Harmony club dance last Saturday evening was well attended. Most of the home folks as well as many from Umatilla and other near by points joined in the general enjoyment. Splendid music was furnished by the Harmony Five orchestra. What this club needs is a hall at least twice the size of the school auditorium to accommodate the large crowds that have been present at these good times.

Mrs. W. T. Eggleston of Pasco spent the week end with the Glas-gows.

The Slattery family left here on Monday for Sybrant, Neb., where they own a large farm. For the past year they have farmed the Wolfe place near here. The Harmony club, of which they were members, extend the best wishes to these former members.

The Braxtons of Meacham have leased the Swayze farm, formerly Bill Barker place, and have moved onto the place.

Bishop Wisdom was home over the end of the week. He is employed by the O. W. R. & N.

The Harmony Five orchestra has been engaged to furnish music for a dance put on by the Pacific Wood men at Umatilla on Friday night. An offer has also been received from Stanfield for a dance there.

Miss Snow McCoy has returned from a month's visit in Portland and other points west. She reported a splendid trip.

The school board met on Monday evening to select a principal for the ensuing year. The teachers for the grades were chosen at a former meeting.

Irrigon boys and girls won two games of base ball from Umatilla last Friday. Boys' score 15 to 6, girls' score 21 to 17.

A special Easter program was given by the Sunday school Sunday morning. There was a good attendance. The Grange met on Wednesday evening, the attendance being rather light.

It is hoped that there will be a good attendance at the Union Pacific dairy demonstration on Wednesday, the 27th. This train will make a two-hour stop here beginning at 10:30 A. M. School will be dismissed for the occasion.

The planting of waterlilies is all the rage here at present. Both associations are "comin' on high."

A movement is on foot to improve the Irrigon-Alpine road. It seems this road shortens the distance to Heppner, which would be an advantage to those who make frequent trips to the court house. Let's have the road.

Weather forecast: Windy with a sandy complexion to the atmosphere.

NOTICE

The American Shoe shop will be closed Saturday night, April 23. All work uncalled for will be left at Bert Mullins confectionary for 30 days.

(Signed) T. H. FARRA

For most of the small growers in Oregon whose area of potatoes is not over ten acres the corrosive sublimate treatment is recommended by the experiment station. There are numerous experiments and more numerous examples in the field, of better yield and better quality from potatoes that are treated.
