

A Day At A Time

Is the way life is lived. A step at a time is the way success is achieved.

Sometimes we try to do too many things at once, cross bridges needlessly before we reach them, thereby dissipating energy. To do well the task immediately at hand, to husband wisely time, money, health and other resources we have at our disposal—these things make for success and happiness. The experience of this bank is at the disposal of customers in their efforts to attain these goals.

LOW RATES for time payments on these cars

ANY FAMILY entitled to credit may buy a General Motors car and pay for it while using it, under the GMAC Plan.

When time payments first became an accepted form of car purchase, General Motors organized its own finance company, the General Motors Acceptance Corporation, to make sure that the sale of its cars on time would be in the buyer's interest and that the finance charges would be fair.

GMAC rates have always been low; and the last reduction has saved General Motors' customers more than \$12,000,000.

The General Motors line includes "a car for every purse and purpose"—a suitable model for every income. You can buy it out of income, paying no more than the cash delivered price, plus only the low GMAC financing charge. And the whole transaction is so conducted as to keep your goodwill and satisfaction.

CLIP THE COUPON

USE THE GMAC PLAN to enjoy a new car now. Use it to get a better car for what you plan to spend. Have General Motors quality. Share in the economies of volume production. Look over the list of General Motors cars below. See which car suits your purse. Then check and mail the coupon. We will send you full information about that car and about the fair, low-cost GMAC Plan of paying for it out of income. Don't wait. Clip the coupon and mail it TODAY.
