

# SOUND JUDGMENT

Is a result of experience. Experience is the fruit of action. It may be pleasant or unpleasant. In the gaining of experience the individual makes profits and takes losses.

A bank is able to know the experience of the citizens of a community in fuller measure than any other agency.

The experience we have gained in handling business under local conditions during the 20 years since Hermiston became a town is at the service of every customer.

## WHAT IS ADVERTISING?

"Advertising is the education of the public as to what you are, where you are, and what you have to offer in the way of skill, talent or commodity. The only man who should not advertise is the man who has nothing to offer the world in the way of commodity or service."  
—Elbert Hubbard.

## UMATILLA ITEMS

SPECIAL CORRESPONDENCE

Mr. and Mrs. Art Hammond of The Dalles were week end guests at the Frank James home. Mr. Hammond was formerly the rip track foreman.

Mr. and Mrs. George Butterwood motored to Portland Monday.

Mr. and Mrs. Ben Hoover and family of Portland are visiting at the home of Mr. Hoover's sister, Mrs. Mart Robinson.

Miss Ann Stevens left Saturday night after spending her two week vacation at the home of her parents, Mr. and Mrs. A. Stevens.

Al Norton motored to Baker Sunday. Mrs. Norton and daughter Mildred returned to spend the week here with him.

Mr. and Mrs. Henry Edwards returned from a tour of coast cities. They spent three days at Cannon beach and reported a very nice trip.

Mrs. Joe Springer was a hostess at a party given in honor of Mr. and Mrs. Ben Hoover.

Mrs. Carl Burkey of Walla Walla spent the week end with friends at Umatilla.

Mr. and Mrs. J. M. Spencer and son Sloan of Stanfield, spent Sunday afternoon at the home of their son, Ben Spencer.

Mrs. Fraser, mother of Mrs. W. Turnbow, and Miss Turnbow of Portland, are making an extended visit at the W. Turnbow home.

Mr. and Mrs. Arthur Spafford and children of Pendleton, were Sunday guests at the W. A. Conlon home.

Mrs. Arthur Burton and son Clayton returned Tuesday from Portland. Mrs. Bertha Argo of Walla Walla spent Friday evening at the Preston

Hanson home. Mrs. Argo was enroute home from Portland.

Mr. and Mrs. Al Norton and daughter Mildred motored to The Dalles Wednesday to spend the day with Mrs. Ketchthaw, Mrs. Norton's sister.

Harry Rodenbaugh has purchased a new Chrysler.

Albert Atchinson took a truck load of machinery to Portland Sunday returning Monday night with a load of furniture.

Mr. Patterson and Paul Craddock left Tuesday morning for Portland. The Duncan cash store will be closed.

Mrs. Lewis Fromdahl and daughter Irene are in Portland. Irene is under the care of a physician.

Mr. and Mrs. Les Blakely spent the week end in Portland.

Miss Louis Connell and Dorothy Compton returned from Portland Monday morning. Louis has been visiting at the L. W. Compton home.

Oregon Motor Licenses Gain. Salem, Or.—Motor vehicle registrations in Oregon for the first six months of 1927 show an increase of 11,059 over the figures for the same period in 1926, according to a statement compiled by Secretary of State Keizer.

Virginia Schoolmarm Heads Educators. Seattle, Wash.—Miss Cordella Storrs Adair, class room school teacher of Richmond, Va., became president of the National Education association at the close of the general session of the organization here. Minneapolis was unanimously chosen by the board of directors for the 1928 convention.

## Air Mail Equipment Moved to Cities

Washington, D. C.—The postoffice department has transferred air mail field equipment and buildings on seven regular landing fields on the transcontinental air mail route to the municipalities where the fields are located. The cities to receive the gift from the government were Cleveland, Ohio; Iowa City, Iowa; North Platte, Neb.; Cheyenne, Wyo.; Salt Lake City, Utah, and Elko, Nev.

## Pay Cut Rolls Movie Actors.

Hollywood, Cal.—Hollywood is boiling beneath the surface over the recently announced slashes in all film salaries above \$50 a week. Actors and actresses of the films who face cuts of from 10 to 25 per cent are threatening to organize and fight the mandate of the producers demanding retrenchment.

## Cashmere Shawls Best

The most beautiful of the Indian or cashmere shawls come from the looms and handicraft of Cashmere (Kashmir), a little country of Asia situated just north of the Punjab, among the Himalaya mountains. Among the heights of this range are found the sheep and goats which produce the fine wool used in the manufacture of these shawls. Shawl manufacturing is the most important industry of the Punjab, and the best shawls are made at Unvitzur, but none can compare with those of Cashmere.

## Perhaps He Was

Dora was interviewing the man of her heart in the privacy of the drawing room.

On the previous evening her fiancé had asked permission to marry her. The father agreed immediately, but his wife was not so cordial and did not approve.

"I'm afraid mother is going to be a bit awkward, Dick, dear," began Dora. "She thinks that because you are an actor you're effeminate."

"Well," he confessed, "compared with her, I suppose I am."

## Odd Inspiration Ideas

Haydn, when he sat down to compose, always dressed himself with the greatest care, had his hair nicely powdered and put on his best suit. Fred creek II had given him a diamond ring, and Haydn declared that, if he happened to begin without it, he could not summon a single idea. He could write only on the finest paper, and was as particular in forming his notes as if he had been engraving them on copper.

Gluck, when he felt inspired to compose, had his piano carried into a beautiful meadow and, with a bottle of champagne on either side of him, composed divinely.

Puccini composed his "Barbiere di Siviglia" and "La Mollana" in bed.

Suchini declared that he never had a moment of inspiration, unless his two favorite cats were sitting on each shoulder.—Market for Exchange

## Relics of Waterloo

Every year in June as the anniversary of the battle of Waterloo comes around, a Waterloo banquet is held at Apsley house in London, the magnificent home of the Wellingtons, which was presented to the first duke by the nation in 1820. Many priceless heirlooms, trophies presented to the great soldier-statesman, are always brought out for the Waterloo banquet. Perhaps the most carefully treasured of all these relics are some artificial flowers, now rather faded, which were among the decorations at the historic ball at Brussels the night before the battle.

## Grocers Long Established

The early history of the wholesale grocery business is confined principally to England. The immediate forerunner of the grocer was the pepper or spice, whose trade was well established in London by 1180. The earliest use of the word "grocer" occurs in 1310 in the city record register of London. During the Middle Ages all trades were formed into guilds, and therefore the Grocers' company of London was founded in 1345. From this time the growth of the trade was rapid.

## Taking Temperature

A fever thermometer registers the highest temperature to which it has been exposed after its last setting. Hence if taken from the mouth of a patient whose actual blood temperature is 100 degrees F, and then exposed for some minutes to air at 103 degrees F, before reading, the record will falsely indicate 103 degrees and not 100 degrees as the temperature of the patient. Of course, the possibility of such an error is well known and guarded against by hospitals and competent physicians.

## The Objector

At a recent conference, held on high Olympus, it was decided to organize a thrift campaign among the immortal gods. The vote was overwhelmingly in favor of the measure, only one deity standing out in opposition.

The solitary objector, known to Olympians as Jupiter Pluvius, was later interviewed by the reporters.

"Personally," he explained, "I never could see the sense of putting anything aside for a rainy day."—Kansas City Times.

## Geometrical Idea

The fourth dimension is a type of geometry, which conceives a hyperspace of "N" dimensions, in which space is conceived not of points, but of lines. Under such a division, space has four dimensions, since four determinations are necessary to fix a line in space. Mathematicians agree as to the practical value of this idea, as it leads to important simplifications of the mathematical language and gives greater clearness to the concepts of real geometry.
