BREVITIES
Occurrences of Interest Observed Here and There About the City and Neighborhood

Virgil Smith is on a hunting trip in the hills after deer.

Lessons in China, glass and other paintings given by Mrs. Joe Dyer.—adv. 2-2tc.

J. A. Yeager, county superintendent of schools, was a Hermiston visitor for a short time Tuesday afternoon.

Soren Jensen returned Wednesday from Condon where he went to get car which he left there on a recent trip.

J. S. West and Floyd Kneer were among the Hermiston men who took a little time off to go after deer in the Blue mountains.

Mr. and Mrs. Henry Jacobson and daughter of Adams were here Sunday as guests at the home of her parents, Mr. and Mrs. John Leek.

Mrs. L. H. Pearson and grandson have returned to Seattle after having spent several weeks here during the summer on the Pearson ranch.

About 13 years ago Mr. and Mrs. Fred Wells left here. They now live in Salem. They visited old friends here for a few days this week.

At Cozy theatre, Umatilla, Sunday night, Sept. 18, Dempsey and Sharkey Fight Pictures. Two shows at 7:15, 9:15 P. M. 25-50c—adv.

J. A. Murray of Pendleton, district manager for the Pacific Telephone & Telegraph Co., was here Wednesday on business.

Mrs. O. C. Reets of Chicago, mother of Mrs. A. F. Beisse, was here this week with Mr. and Mrs. Beisse. They came up from Longview where she has been their guest for some time in order to see the Pendleton Round-up.

Mr. and Mrs. J. J. Peters of San Bernardino, California, were here Saturday for a few hours. Mr. Peters was born in Umatilla, and the family lived in this county for several days before going to California.

Teachers in the local grades and high school were entertained at a party Friday evening by Supt. and Mrs. E. LaGrande Cherry. The evening was spent informally, and games and contests were enjoyed as a part of the entertainment.

Mrs. H. M. Schilling and children are now living in the Schilling property south of town. Accompanied by Mr. Schilling they arrived last week in time for the children to enter school. Mr. Schilling returned to Ballentine, Montana, where he will remain until in December when he will return to Hermiston.

The Methodist Ladies Aid society will hold an all day meeting with Mrs. August Linder at her home in the Columbia district, Wednesday, September 21.

Enos Martin, project superintendent, left Monday afternoon by motor for Rupert, Idaho, where he was called by reason of the critical illness of his father.

Dr. A. L. Groom was here from Portland Sunday to visit Mrs. Groom who has been here for several weeks at the home of her mother, Mrs. F. L. Kelley.

Lewis Dyer has been home this week after having spent some time in the Condon country. He worked there during harvest at the home of his uncle, J. W. Dyer.

Charles Unke and his son were here from their home in Clarkston, Washington, Friday and Saturday. They formerly lived here and left last spring after trading their ranch.

Dr. H. C. Curry, the Seattle Eye-sight Specialist, who has made professional visits to Hermiston for the past ten years and is known for good optical work at reasonable prices, will again be at Hotel Hermiston, Monday, Sept. 26, for one day. Eyes examined, glasses fitted.—adv. 2-2tc

Mrs. F. B. Swayze and Mrs. W. J. Warner entertained at an informal party Wednesday afternoon at the Swayze home in honor of local girls who are to leave soon for college. The mothers of the girls were also honor guests. Cards were played during a part of the afternoon.

W. A. Mikesell, O. C. Pierce and Frank Bilderback went to the hills for the opening of the deer season. They got good and cold in the rain, worked up marvelous appetites and had a lot of tramping. Otto Pierce saw one buck for a fleeting instant but did not get a shot at him.

S. H. Barnard returned last week from Toronto, Canada, where he spent a vacation visiting with relatives. He also stopped on the trip for a brief visit in Montana where he used to live. Wheat farmers all over the country are rejoicing over a satisfactory year, he found. He said Canadian growers are receiving 16 cents per bushel more for their wheat than growers on this side of the international line.

"A carload of us from our place went over to Hen Acres at Prosser recently, and I think I learned a few things about handling poultry flocks," said Arnold Buhmann the other day. "I've taken a lot of care with my birds to keep them up and coming and their quarters sanitary, but after I came home I saw where I could improve on my work. The care taken about sanitation in the big Hen Acres plant is certainly worth studying. The trip is well worth while on the part of those interested in poultry."

Modernize Your Home

On the left is the home of Mr. C. P. Constantine, of Seattle. This home was well built, but out of style.

On the right is Mr. Constantine's home, after he had it resingled with Western Red Cedar Shingles over the old roof and side walls. The work was not at all expensive and the home is now in keeping with the modern houses which surround it.

We'll Be Glad To Help You

If your home is out of style, yet in a good neighborhood, don't sell it at a sacrifice—remodel it. You can lay Western Red Cedar Shingles over the old roof and sidewalls for very little more than the cost of repainting the building, and your upkeep will be much less. Reshingling, in this manner, cuts fuel bills too, because your outer walls and roof are double thick and hold heat that much better.

Up-to-date in Style and Comfort

Homes with Western Red Cedar Roofs and Side Walls are always in style and always good looking. Lay vertical grain Western Red Cedar Shingles with zinc-coated iron or copper nails and they will last a lifetime. Many beautiful color combinations are possible, if you wish to have your shingles stained. And these stained colors are permanent.

Cheaper to Heat Than Before

Your saving in fuel alone will help pay for a large share of the cost of reshingling your home over the old roofing and side walls. You will be pleasantly surprised by the moderate cost of bringing your home up to date with Western Red Cedar Shingles. We carry complete stocks both in natural colors and stained to suit your individual taste.

Good Equipment Makes a Good Farmer Better

Are you getting all your cream into your cream check? Regardless of what separator you are using, have your skim milk tested by our creamery man at least twice a year and definitely know if your separator is skimming clean.

The McCormick Deering Primrose Ball Bearing separator is saving you many, many times over through clean skimming, long life and easy turning. In fact, the McCormick Deering Ball Bearing Primrose is not only a close skimmer, but makes play of a man's size job, for it requires 35 per cent less energy to turn than a plain bearing machine.

Some superior features of the Primrose are:

1. Clean and efficient skimming.
2. Easy running.
3. Ball bearing.
4. Long life.
5. Positive, automatic and visible oiling.
6. No oil holes.
7. Improved heavy hardware.
8. Easy bowl adjustment.
9. Sanitary and easily washed.
10. Long time payment plan.

There are many other features too numerous to mention, but if you will stop in or call us, we will be glad to show you the Primrose or to demonstrate its actual merits on your farm.

Oregon Hdwe. & Implt. Co.
