MONTANA'S RICH REDWATER VALLEY OPENED BY NEW RAIL LINE

Choice of 500,000 acres
only \$10 to \$20 an acre

RAPID development of the great farming country in the Redwater Valley of Southeastern Montana is seen in the opening of 1,000,000 acres by a new branch line of the Northern Pacific Railway running 63 miles from Glendive.

Here the Northern Pacific will sell direct to farmers a half million acres, obtained from the U. S. Government, at prices ranging from only \$10 to \$20 an acre, with 20 years to pay. Taxes are extremely low—only 10 to 16 cents an acre. Special advantages are available to neighbors and colonies desiring to settle together.

Diversified or mixed farming is successful throughout this area. Corn has increased by hundreds of thousands of acres in the last few years in Southeastern Montana. Hog production has grown rapidly. All classes of livestock are raised. The dairy industry is getting a good start. Communities already are established. Churches have been built. Schools are open. There is progress
