"Our prospects for a rattling good baseball team right now could hard-

ly be better," was the enthusiastic comment the other day of Gus Burgy, one of the fans at Umatilla. "It looks as if our battery will be able to stand up against the best of them. The infield will be strong, and with Middlesdorf, Kendlar and Woodward in the outfield, the Babe Ruths will have to hit 'em hard to get away with much."

Settlers in the Stanfield district are encouraged over the recent turn of events and look forward confidently to an arrangement with the government that will clear up the district's problems and make possible some real settlement and expansion on a stable basis, according to F. A. Baker, secretary of the district board and one of the pioneers of that district, when he was in Hermiston a few days ago.

JACOB HOFFMAN TRADES FOR WASHINGTON LAND

An exchange of land between Jacob Hoffman, for many years a farmer on the project, and Armistead Carter formerly of Kalama, Washington, has been effected, and the two families have moved. Mr. Carter secured the Hoffman 40 acres in Columbia district in exchange for timber and farm land at Kalama.

Mr. Carter expects to run a herd of dairy cattle on the place here. He has a sideline hobby which consists of breeding and training canaries. Mrs. Carter devotes much of her time to oil painting.

The outside market demand has softened materially since the shipments were made, and prices are down again, Mr. McMullen said. The market for the local tubers was secured by Lee Lampson of Kennewick.

MRS. HOUSEWIFE:

If you are not now taking the Hermiston Herald because you think you can't afford it and depend on borrowing a copy from a friend to read the home news, just stop and figure the savings you can make in course of a year by having the paper regularly, and taking advantage of the bargains that merchants are offering every week. The price of a subscription is \$2.00 a year. The returns to you in savings made by directed buying of advertised bargains may be only \$10.00, or they may be \$50.00 a year. In either case, a subscription is a dandy investment.
