MRS. HOUSEWIFE:

...If you are not now taking the Hermiston Herald because you
think you can't afford it and depend on borrowing a copy from
a friend to read the home news, just stop and figure the savings
you can make in course of a year by having the paper regularly
and taking advantage of the bargains that merchants are offering
every week. The price of a subscription is \$2.00 a year. The re-
turns to you in savings made by directed buying of advertised bar-
gains may be only \$10.00, or they may be \$50.00 a year. In either
case, a subscription is a dandy investment.
