**SCHOOL NOTES**

\$15.82 was cleared at the student body booth that was operated by the students during the fair. More candy could have been sold. This money will go toward the athletic fund.

The student body has purchased some white pants for the boy yell leaders.

Very few mothers brought their children to the nursery that was taken care of by the high school girls during the days of the fair.

The Masque club held a meeting October 3. After a short business meeting during which a committee was appointed to select a play, a short program was given. Mr. Bensen gave an impromptu talk on the "Value of Masque Club." The club decided to hold meetings every other week end.

Everyone is delighted to know that the flag will not have to fly in the smoke any more, but will be put on a new pole in front of the school.

The physics class is putting up an aerial for a radio which they are going to install.

The faculty has rearranged the high school schedule so there will be a half hour from 3 to 3:30, for a study period for those needing special help from the teachers.

At the Umatilla Project fair last Friday and Saturday the Juniors sold balloons and whistles. Total sales amounted to \$13.

At a sophomore class meeting of October 3 it was decided to have the members of the freshman class wear a green ribbon on their arm. If for any reason they fail to do so the other classes shall force them. Jimmy Mead and Ralph Kane have entered the first grade.

Mr. Crippes, the superintendent of the boys and girls' clubs, was a guest of Ernest Cox Sunday for lunch.

**HEALTH NOTES**

At the Health Booth conducted during the project fair 175 children were weighed and measured. Among these were some infants whose mothers were glad to avail themselves of the opportunity of getting accurate measurement and weight of their babies. Helpful literature was given out to mothers and Miss Flannigan advised many as to the proper feeding and care.

Tuesday afternoon, October 9, the regular monthly board meeting of the Umatilla County Public Health association was held in the library at Hermiston. Mrs. Frank Duff, president of the association, conducted the meeting which proved to be most interesting. Miss Flannigan gave her monthly report showing the great extent of her work. She has examined all the children of the rural schools of the county and has made home calls and done much follow-up work. Chairmen of the various committees made their reports. Of special interest was that of Mrs. Carmen Cole, chairman of the supply committee who stated that they now have on hand bed linen, towels, gowns, etc., to loan to any one in the county who has need of them during an illness. Mrs. Duff explained in detail the financial business of the organization, and spoke of the desire of the board to have an endowed bed in St. Anthony's hospital where patients who need hospital care could always be taken. This will cost \$5,000 and as yet the board has not felt they could assume this burden.

Following the meeting tea was served and an informal social hour was enjoyed. Out of town guests included Mrs. Duff, Mrs. Anna Herick, Miss Flannigan, Mrs. James Hill, Mrs. Roscoe Keator, Mrs. F. A. Newberry, Mrs. J. B. Perry, Mrs. Cole, Mrs. Humphrey, Mrs. W. J. Clarke from Pendleton, and Mrs. Huggent, Mrs. Cherry, Mrs. McKee.

Mrs. Clarke and Mrs. Llewellyn from Umatilla.

A home-made automatic switch to turn lights on at a given time has been developed at experiment farm in connection with investigation of lighting laying houses. A common throw switch such as is now used in house wiring is mounted on a board or wall of the poultry house or other room. On a little shelf just below it a large alarm clock is mounted and fastened down in such a position that when the alarm sounds, the key, turning in reverse, will catch the switch and throw it upward and on.

Many health authorities advise always boiling home canned vegetables before serving as a precaution against the botulinus organism. These organisms, deadly to man and the cause of many fatalities among chickens

when canned goods are fed, are destroyed by merely bringing food to a boil. Though vegetables properly canned are safe, cases have been known where enough organisms developed to cause fatalities without their presence being detected by the ordinary methods.

**SHERIFF'S SALE**

Notice is hereby given that under and by virtue of a writ of execution issued out of the Circuit Court of the State of Oregon in and for the County of Umatilla, under the seal thereof, and to me directed and delivered upon a judgment and decree rendered and entered in said court on the 1st day of October, 1928, in favor of Nicholas Codd as plaintiff, and against J. W. Spencer's administrator of the Estate of C. E. Spencer, Deceased, as defendant, whereby the plaintiff did recover a personal decree against the defendant J. W. Spencer as Administrator of the estate of C. E. Spencer, Deceased, for the sum of \$4,000.00, with interest thereon at the rate of 8 per cent

per annum from the 15th day of April, 1926, the further sum of \$28.71 with interest thereon at the rate of 8 per cent per annum from July 14th, 1927, the further sum of \$350.00 attorney's fees, and the costs and disbursements of this suit taxed at \$22.60, and whereby it was decreed that the mortgage dated the 15th day of April, 1920, executed by C. E. Spencer, now deceased, to plaintiff, upon the following described real property in Umatilla County, Oregon, to-wit:

The Northwest Quarter of the Northwest Quarter and the West Half of the Northwest Quarter of the Southwest Quarter of the Northwest Quarter of Section Thirty-three, Township 5 North of Range 29, E. W. M., in Umatilla County, Oregon,

which mortgage was recorded on the 16th day of April, 1920, at page 151 of book 70 Records of Mortgages in the office of the County Recorder of Umatilla County, Oregon, should be

foreclosed and the said real property sold by the Sheriff of Umatilla County Oregon, to satisfy said judgment and its costs; therefore I will on the 10th day of November, A. D. 1928, at the hour of 2 o'clock P. M. at the front door of the court house in the City of Pendleton, Umatilla County, Oregon, sell all the right, title, interest and estate which the said C. E. Spencer and said defendants, and all persons claiming and to claim by, through or under them, or any of them, had on the 15th day of April, 1920, or since then have had, or now have, in and to the above described real property and every part thereof, at public auction to the highest bidder for cash in hand, the proceeds of such sale to be applied in satisfaction of said execution on all costs.

Dated this 9th day of October, A. D. 1928.

R. T. COOKINGHAM,  
Sheriff of Umatilla County, Oregon.  
(6-5tc) By Vera Case, Deputy.

Do you still go to the pump for water?

—nor should you be without an extension telephone in your home.

A "used car" is unused transportation

3 out of 5 buy used cars

A GOOD automobile is built to stand years of use. It will provide many thousands of miles of satisfactory transportation.

But only occasionally are all its years and all its mileage used up by one owner. Many owners turn their cars in after an average use of only two to three years—long before the cars' lives have been exhausted.

This custom brings into the market every year so-called "used" cars which represent outstanding opportunities to buy unused transportation at low cost.

Every year more and more people appreciate this fact. Today millions of families are driving cars of which they are the second or third or even fourth owners; and this year the volume of new car sales and trade-in transactions has created wider choices and greater values in unused transportation than ever before.

THREE out of five of the cars you see on the road have been purchased as "used" cars. You cannot tell—nor do you ask yourself—whether the driver of any particular car is its first owner, or its second or its third, providing the car looks well and is running satisfactorily.

The cars which General Motors dealers have accepted in trade vary in name, body style and price. Some have seen sturdy service; in others the potential mileage has scarcely been touched. And all offer a wide field of opportunities—

To the family wanting transportation at lowest possible cost.

To the family wishing to own a car of a higher price class.

To the family needing a second or third car to meet the requirements of all its members.

We invite you to examine the unused transportation in the stores of General Motors dealers. For your convenience General Motors extends the GMAC Purchase Plan.

**TRY FIRST AT HOME**

Whether it is something we want to buy, or some service we wished performed, why not try first at home? There is not a single one of us in this entire community but what will benefit to an appreciable degree if each member of the community practices this simple rule. We want our home town to grow and prosper—we want it to be a place in which we will be proud to live. To realize our desires and our dreams of a better home community we must, one and all, do our share toward making it better—and the one big step toward that end is taken when we each one try first to fulfill our needs from home community sources.
