"To thine own self be true, and it must follow as the night the day, thou canst not then be false to any man."

SCHOOL NOTES

At the Parent Teacher meeting held November 8 the pupils of the fourth and fifth grades gave a delightful Armistice day program. The pupils of the fourth grade gave a short Thanksgiving play. The fifth grade recalled the various instances of the World war by giving several skits. The double quartet of the high school sang the "Flag of the Free."

A forum discussion led by Mrs. Clint Jackson and Mr. Cherry on "What the Teacher Expects of the Parent" and "What the Parent Expects of the Teacher" was interesting. Mrs. Rowe was hostess.

The December meeting will be held in the evening.

November 9 a program was arranged for the pupils of the school commemorating Armistice day. The program consisted of:
 Music High School Orchestra
 Wait for the Wagon Sixth Grade
 Pianologue, in Flanders Field.....
 Jane Warner
 Song Double Quartet
 Talk Oscar Payne

Ruth Bense and Dorothy Hitt attended the football game between La Grande and Pendleton. The score was 0-0.

The Senior class held a meeting to promote better attitude of the students in the assembly.

The following pupils of the sixth grade have received their reading circle certificates: Frederick Hensel, Ruth Davis, Gene Cherry, Chester Dyer, Mildred Phelps and Edna Turnblad.

Ernestine Sullivan has moved to Lewiston.

Glenn Pierson was the eighth grade delegate to the International Stock show in Portland.

The third grade built a Pilgrim village on the sand table to illustrate the customs of the Pilgrims.

COUNTY HEALTH NOTES

September was devoted almost entirely to visiting the rural schools of the county. Fifty-nine schools were visited and the necessary routine examination required by law was made. Notes were sent to parents concerning the physical condition of the children and necessary home visits made. Besides this 25 cases were handled and a total number of 157 visits were made into homes, 1641 miles were traveled in the interest of the work.

In October the goiter survey in the schools of Milton and Freewater and the surrounding districts were made by Dr. Flower of Milton assisted by the nurse and Mrs. George Bishop of Freewater. 948 children were examined, finding a total of 28 per cent with some degree of enlargement of the thyroid gland. As a result of the survey, the nutritive iodine tablets were placed in all 43 schools examined, the school boards in each district buying the tablets. In placing these tablets in the schools measures are taken to have the consent of the parents of each child before the tablets are given and the tablets are given to the children with normal thyroids only as a preventive of goiter. When a child has an enlarged thyroid he should be under the care of his family physician.

Besides this survey, 37 cases were on the active file for the month, 261 visits were made to these cases and in the interests of the work. Office work included 61 letters written and 179 phone calls, 526 notes were sent to parents concerning their children and 20 home visits were made. 50 conferences were held with parents and 7 children were taken to physicians. Two children were sent to the Doernbecher hospital in Portland and 2 corrections for children made for children through the aid of the loan association fund. Total mileage in the interest of the work was 2211.

RED CROSS FIGHTS DEATH AND DISEASE

Four Nation-wide Services Promote Health Preservation and Accident Prevention.

A nation-wide program for preservation of health and prevention of accidental death is one of the great services of the American Red Cross. Four bureaus, manned by experts, direct this work. They are the Public Health Nursing Service; the First Aid and Life Saving Service; the Home Hygiene and Care of the Sick Service, and the Nutrition Service.

These services aim at preservation of health through skilled nursing care; prevention of loss of life in accidents; prevention of illness, through cleanliness in the home and knowledge of methods of care of the sick; and raising the standard of physical efficiency through proper eating.

This nation-wide campaign against disease and accidental death is conducted through a majority of the 3,533 Chapters of the Red Cross. It is a community campaign, fitted to the health problems of each section.

The Red Cross, through its Chapters, is the largest employer of trained Public Health nurses in rural work in the United States. In its campaign for preservation of health and prevention of disease it has aided in establishing 2,000 or more community nursing services.

At the national headquarters an enrollment of nurses is maintained, which forms a great nursing reserve. Under its Charter from Congress this Red Cross Nursing Service is the official reserve for the United States Army and Navy Nurse Corps. In addition, these nurses are available in time of disaster or epidemic. This reserve list of trained nurses has, in 1923, reached its peak in number enrolled—there being now 47,000 nurses qualified under Red Cross regulations who may be mobilized in time of emergency.

The comprehensive, nation-wide program of instruction in First Aid and Life Saving maintained by the Red Cross is in answer to the appalling total of accidental deaths each year in the United States.

In its First Aid instruction among firemen and police forces, in factories, railroad centers, great industries, and public utilities, the Red Cross annually reaches more than 160,000 men and women, whom it teaches to be alert, ready in case of accident; to apply first aid treatment.

The campaign against accidental deaths through drowning has been carried throughout the country, and there now are 173,506 men and women, boys and girls, qualified as Red Cross life savers.

More than 500,000 certificates have been issued to girls and women, boys and men who have completed the Red Cross Home Hygiene and Care of the Sick course, which teaches sanitation in the home, safe care of the infant and child and of the invalid in the home.

Red Cross Membership Is Sound Investment, Business Leader Says

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction," is the statement of William Butterworth, president of the Chamber of Commerce of the United States, in endorsing the twelfth annual roll call of the American Red Cross, Nov. 11-29. Mr. Butterworth's statement follows:

"The men engaged in carrying forward the business and industry of this nation are quick to respond, and respond generously, when human suffering calls for their assistance. They welcome the existence of an organization authorized by international treaty and congressional charter to act as their agency, and the agency of all the people, in providing relief in disaster and promoting their beneficial services to humanity. The nation's business men take particular pleasure in supporting the American National Red Cross because it has applied sound and efficient business technique and administrative methods without sacrifice of sympathy and understanding in the prevention and mitigation of human suffering.

"The Chamber of Commerce of the United States, as representative of the nation's business, has such confidence in the American Red Cross that it calls upon its member organizations to contribute to relief in disaster only upon Red Cross assurance that an appeal is necessary.

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction. The Red Cross is seeking to increase its membership to five million; the opportunity to join its ranks is presented by the Red Cross Chapters throughout the nation from November 11 to 29. It is good to be a link in this great chain of service reaching around the world."

(Signed)
 WILLIAM BUTTERWORTH,
 President
 The Chamber of Commerce
 of the United States.

CAPACITY OF FREEWATER HATCHERY IS INCREASED

C. F. Collins, owner of the Freewater hatchery and probably the largest operator in the baby chick business in eastern Oregon, informs the Herald that he is doubling the capacity of his plant in order to handle the volume of business that is coming his way.

Mr. Collins installed a Mammoth Buckeye incubator of 12500 egg capacity last year which was the first of its kind in this section. Mr. Collins put in the big machine as something of an experiment but before the season was far advanced he found that it was a sound business proposition. Orders came in such volume that he had all he could do to supply and had to curtail his efforts to find new business. The success of the venture has caused him to feel justified in doubling the capacity of the plant this winter by the addition of another machine like the first one. This gives him a capacity for 25,000 baby chicks every 21 days.

Mr. Collins already has his order in for the new machine and is now engaged in remodeling the building in order to accommodate it. The work is to be completed during the winter months in order to have the enlarged plant ready when the hatching season begins. He plans on devoting his attention mostly to White Leghorns, Rocks, Reds and turkeys, but will also be prepared to take care of a large amount of custom hatching.

SWEET CLOVER CROP MUCH SMALLER THAN WAS EXPECTED

Sweet clover seed production this year is nearly 50 per cent smaller than was expected, according to information recently received from the growers who had previously reported to the U. S. Bureau of Agricultural Economics during the first half of September. At that time it was estimated that the crop would be about the same as last year, a somewhat larger acreage offsetting decreases in the yield per acre. However, unfavorable weather conditions at harvest or later cut down production greatly in some of the important districts.

SHERIFF'S SALE

Notice is hereby given that under and by virtue of a writ of execution issued out of the Circuit Court of the State of Oregon in and for the County of Umatilla, under the seal thereof and to me directed and delivered upon a judgment and decree rendered and entered in said court on the 1st day of October, 1928, in favor of Nicholas Codd as plaintiff, and against J. W. Spencer's administrator of the Estate of C. E. Spencer Deceased, as defendant, whereby the plaintiff did recover a personal decree against the defendant J. W. Spencer as Administrator of the estate of C. E. Spencer, Deceased, for the sum of \$4,000.00, with interest thereon at the rate of 8 per cent per annum from the 15th day of April, 1926, the further sum of \$28.77 with interest thereon at the rate of 8 per cent per annum from July 14th 1927, the further sum of \$350.00 attorney's fees, and the costs and disbursements of this suit taxed at \$22.60, and whereby it was decreed that the mortgage dated the 15th day of April, 1920, executed by C. E. Spencer, now deceased, to plaintiff upon the following described real property in Umatilla County, Oregon, to-wit:

The Northwest Quarter of the Northwest Quarter and the West Half of the Northwest Quarter of the Southwest Quarter of the Northwest Quarter of Section Thirty-three, Township 5 North of Range 29, E. W. M., in Umatilla County, Oregon,

which mortgage was recorded on the 16th day of April, 1920, at page 151 of book 70 Records of Mortgages in the office of the County Recorder of Umatilla County, Oregon, should be foreclosed and the said real property sold by the Sheriff of Umatilla County, Oregon, to satisfy said judgment and costs; therefore I will on the 10th day of November, A. D. 1928, at the hour of 2 o'clock P. M. at the front door of the court house in the City of Pendleton, Umatilla County, Oregon, sell all the right, title, interest and estate which the said C. E. Spencer and said defendants, and all persons claiming and to claim by, through or under them, or any of them, had on the 15th day of April, 1920, or since then have had, or now have, in and to the above described real property and every part thereof, at public auction to the highest bidder for cash in hand, the proceeds of such sale to be applied in satisfaction of said execution and all costs.

Dated this 9th day of October, A. D. 1928.

R. T. COOKINGHAM,
 Sheriff of Umatilla County, Oregon.
 (6-5tc) By Vera Case, Deputy.

When Farmers Co-operate

When farmers co-operate to obtain better prices for their produce, rich corporations use various methods to intimidate them and belittle their efforts. This is sometimes done by creating false prices for the commodity at stake. The only farm relief a farmer can expect is the relief he can get by his own effort, chiefly thru co-operative marketing.

We wish to commend the signers of the cream pool. They are sticking tight 100 per cent.

Co-operate and insure better prices—stick together or get stuck.

Hermiston Creamery Co.
