

SURE TO GROW OLD

It is hardly possible to guard against growing old, but there is opportunity to avoid NEEDY and DEPENDENT old age. This safeguard is THRIFT.

Many people seem willing to drift along from day to day and take chances in the future. Then when so old they can no longer toil for a livelihood, they find themselves dependent upon charity, not a happy outlook by any means. The time to begin saving is now, while you are earning.

Greatness of "The Covered Wagon" Remains Undimmed

Still the picture of pictures—still a novelty for the theatre going public, is James Cruze's Paramount production "The Covered Wagon" which comes to the Hermiston theatre next Saturday and Sunday.

Some 500 prairie schooners, 100 horses, 600 oxen, hundreds of actors and 1000 Indians from six different tribes, go to make up this stupendous production, still one of the largest ever presented to a motion picture audience.

J. Warren Kerrigan, Lois Wilson, Charlie Ogle, Ernest Torrence, Tully

Marshall, Alan Hale, Guy Oliver and John Fox are the principal players. The picturization in adhering closely to Emerson Hough's novel, has lost none of its force or interest. "The Covered Wagon" tells a love story that is different. Many difficulties are encountered by Miss Wilson and Kerigan because of the fact that Hale as Sam Woodhull, believes himself engaged to Lois and he refuses to tolerate Kerrigan's attentions to her. In the end, however, everything turns out for the best.

MRS. HOUSEWIFE:

...If you are not now taking the Hermiston Herald because you think you can't afford it and depend on borrowing a copy from a friend to read the home news, just stop and figure the savings you can make in course of a year by having the paper regularly and taking advantage of the bargains that merchants are offering every week. The price of a subscription is \$2.00 a year. The returns to you in savings made by directed buying of advertised bargains may be only \$10.00, or they may be \$50.00 a year. In either case, a subscription is a dandy investment.

To the first half-million new Ford owners

TO THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

Labor Head Asks Nation's Workers to Support Red Cross

William Green, president of the American Federation of Labor, in Washington, calls upon the workers of the nation to support the twelfth annual roll call of the American Red Cross, November 11-29, in the following statement: "Through the American Red Cross we find expression for some of our noblest ideals. It is an effective instrument for magnifying many times our personal service to humanity.

"In the face of great disasters, when the injured and homeless run into the thousands, there is little we can do individually. Consolidating our strength through membership in this great organization, our opportunity for service is unlimited. We must not forget that every day is a day of disaster to thousands. Into homes where disaster strikes your Red Cross goes in your name to be friend and counselor to those upon whom misfortune has laid her heavy hand. "As President of the American Federation of Labor, I hope and feel confident that the workers of the nation will respond to the Red Cross Roll Call and have a part in this organization's great work."

(Signed) WILLIAM GREEN, President American Federation of Labor.
