## Announcement

We plan making such prices on our merchandise that will be an inducement to those who desire to pay cash and accept delivery at the store.

We do not quote any special price on a few items but the whole list is priced to meet the present day demands of the close purchaser. This will be our plan until we can dispose of this business to some one who will want to continue.

We invite all who have been so generous with us in the past 19 years in their patronage, to call at the store when you are in town. Whether you approve of our plan or not we still want your friendship and will be glad to visit with you. Make this store your rest room while in town.
