THE NEW FORD BRINGS YOU THE SAFETY OF STEEL

NEW FORD TUDOR SEDAN \$525

(F. O. B. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra.)

THE bodies of the new Ford are unusually strong and sturdy because of the extensive use of steel—a point worth remembering in these days of heavy traffic.

Other safety factors are the Triplex shatter-proof glass windshield, the reliability of the fully enclosed six-brake system, and the way the new Ford "holds-the-road." There's no swaying or shimmying even at high speeds.

Call or telephone for demonstration. You'll like the alert, capable performance of this great new car.

CHRISTIAN SCIENCE CHURCHES

"Truth" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 28.

The Golden Text was, "Holy Father, keep through thine own name those whom thou hast given me, that they may be one, as we are. Sanctify them through thy truth: thy word is truth" (John 17: 11,17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Ye shall know the truth, and the truth shall make you free" (John 8:32).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, to-day, as yesterday, Christ casts out evils and heals the sick" (pp. 142-143).
