PLEASANT HATCHING SEASON ON AT STATE GAME FARMS

Good Results Obtained at Eugene, Pendleton and Corvallis Stations.

Employees of the game farms of the state game commission are now in the midst of the Chinese pheasant hatching season and good results are being obtained at the Eugene, Pendleton and Corvallis stations, according to Harold Clifford, state game warden. Gene Simpson, superintendent of the farms has reported hatches as follows: Eugene 7048; Pendleton 6325 and Corvallis 4344. Approximately 8000 eggs are now in process of incubation. The small birds will be kept until they reach maturity and then released will be made in various sections of the state where they are known to thrive. Last season 20,000 Chinese pheasants were released from the farms and this season, Mr. Simpson contends, the liberations will total a much larger figure.

STRONGER COOPERATIVES AIM OF NEW FARM BOARD

Profit to Oregon Farmers Will be Manifest in Strengthening Cooperatives.

Oregon State College, Corvallis, August 15—Profit to the farmers of Oregon from the passage of the agricultural marketing act and the creation of the Federal Farm Board will chiefly through the strengthening of the cooperative marketing associations in the state, believes Paul V. Maris, director of the college extension service, recently returned from the conference of the American Institute of Cooperation at Baton Rouge, La.

"Four per cent money for acquiring necessary plants and operating equipment for more liberal advances to members and for other similar purposes is the aim and object of most cooperative marketing associations now appearing before the board," says Mr. Maris. "Evidently congress wanted the farmers to have the cheap money and made haste in order that it might be used in handling the present crop. Evidently the Farm Board also intends that the farmers shall have the money, but the board has declared in favor of large scale, farmer owned, farmer controlled commodity associations, and applicants for loans must stand test on the basis of this considerable list of modifying adjectives."

Because the large number of cooperatives in the United States makes individual representation on the directing board an impossibility, representatives will be selected for each commodity cooperative group, such as fruit, wheat, cotton and wool growers. State cooperatives will also be represented on the board as a result of the efforts of G. O. Gatlin, extension marketing specialist of the college, who was also present at the institute.

AT THE THEATRE

Sat. and Sun. "Strong Boy"

In Victor McLaglen's newest comedy, "Strong Boy," every screen player in the whole cast works as hard as he can from the first reel until the fadeout. With the genial star, Victor McLaglen, in the role of chief fun maker, there is little to wait for in the way of complete enjoyment.

"Strong Boy" is the story of a big, good natured baggage smasher whose lack of ambition nearly costs him the love of the girl. Her methods of generating the spark of "get-up" in him provide situations which are guaranteed to bring laughter to the most blasé.

Leatrice Joy has the leading feminine role, and contributes as fine a performance as ever has been witnessed. Farrell McDonald is very effective in his part and Clyde Cook, Slim Summerville and Tom Wilson comprise the comedy shock troops which the former Capt. Flagg of "What Price Glory" fame leads from one rib-tickling victory to another.

Wed. and Thurs. "Taxi 13"

Outstanding among the successful comedy presentations of the season, according to the verdict voiced in all parts of the country, is "Taxi 13," the big comedy special made for FBO by director Marshall Neffan. Chester Conklin plays the featured role of Andy Smith, a hapless taxicab driver who becomes entangled with a band of crooks. "Taxi 13" has all the thrills, suspense and love interest, against a background of broad comedy, that spells success.

Martha Sleeper, the dainty ingenue who has won fame in previous FBO presentations, heads the supporting cast in the role of Flora McTavish, the caddy's daughter. Ethel Wales, Gustav Von Seyffertitz, Lee Moran, Hugh Trevor, Charles Byer and Jerry Miley are also prominent in the supporting cast.

To Pendleton.

Mrs. Bert Mullins and family were in Pendleton Wednesday shopping.

20TH ANNUAL "ROUND-UP"

LOOMS ON RODEO CALENDAR

Pioneer Day to be Feature of Show at Pendleton This Year.

Pendleton, Oregon, August 15—Looming big in the fall rodeo calendar is the Pendleton Round-Up, September 18, 19, 20 and 21. Always a stellar event of world-wide importance, this year it assumes still greater importance.

For this is the twentieth anniversary and the greatness of the Western pageant is living testimony to the success of this community enterprise which was first sponsored by local people 20 years ago and which has never lacked their whole-hearted support. Recently a \$20,000 bond issue was voted for the improvement of the Round-Up park, grandstand, bleachers, etc. Fitting, indeed, it is that on this anniversary, there will be unveiled on Wednesday, the first day of the Round-Up a statue of the late Tilman D. Taylor, sheriff of Umatilla county and second president of the Round-Up, who in 1920 lost his life at the hands of outlaws.

Cast in bronze, the heroic statue is the work of A. Phimister Proctor, famous sculptor. A beautiful memorial park is in readiness to receive the statue and prominent people will officiate at the unveiling.

As a new feature this year, pioneers from all over the state will gather at the Round-Up and Wednesday will be Pioneer Day. Hundreds of men and women of the covered wagon era will be here to see the Round-Up re-enact the events of the Old West with its cowboys and Indians, its bucking bronks and wild steers. The pioneers will arrive by special train on the Portland Oregonian special.

FALL FROM STACK KILLS LOCAL MAN

THOMAS M'KAY, 74, VICTIM OF ACCIDENT

Funeral Services Thursday Morning At 10 O'Clock at Prann Funeral Parlor.

Falling from the top of an unusually high hay stack at his ranch north of town Monday morning, Thomas MacKay, 74, old-time resident of the Umatilla project, was instantly killed. His neck was broken and his skull fractured when he struck a ladder and a board at the foot of the stack.

Mr. McKay had been a resident of the Hermiston district for the past 18 years and had many friends on the project. He was a native of Ireland, having been born in that country in 1855. He was unmarried and had always lived alone on his farm. So far as could be determined he had no relatives living.

Several years ago Mr. McKay had one of his legs broken and he had never fully recovered from the accident. He was obliged to use a cane in getting about and it is thought that this disability probably accounts for the fall which resulted in his death.

Funeral services were held Thursday morning at 10 o'clock at the Prann funeral parlor with Rev. Mr. Ellis of Echo in charge. Interment was in the local cemetery.
