NEW FORD COUPE

An example of the fine coachwork of the new Ford closed models

The art of the master designer is evident in the smart low lines and graceful contour of the new Ford, and emphasized by the beautiful two-tone color harmonies. Set against these body colors are the full-nicked radiator, headlights and door handles—smart touches of bright metal that add a great deal to the attractiveness of the car. Running boards and crown fenders are heavy and capable. Cushions are deep and easy. Upholstery is rich and durable. Newly designed steel spoke wheels carry out the impression of fleetness and sturdiness.

The same quality is evident also on the inside of the car—in the mechanical beauty of the engine, transmission, etc. In appearance and performance, the new Ford brings you everything you want or need in a modern automobile. Call or telephone for demonstration.
