CHURCH NOTES

Baptist-Christian Church
It is well for us that Christmas precedes New Year's day by just one week. This gives us time, after we have had our attention drawn to "the seed of the woman," to think about another year. 1929 on the one hand has been a year of blessing and multiplied grace, while on the other hand it has been a year of failures, "broken vows and promises unkept." Let us refresh our minds with this fact "that there hath not failed one word of all his good promises," and renew our allegiance to the Holy things. May the interest and attendance of boys and girls not fall off after the Christmas treats for Jesus has a rich feast of good things for them in His ward. Bible school will start on time. Be there. The message following will be on "Paul's View of the Incarnation. Christian Endeavor at 6:30 P. M. The young people are carrying on with increased interest at every service. The evening message will be on "My Standing." How are we closing the 1929 account?

On Tuesday night, the last of the year, we are holding a watch night service to commence at 8:30 P. M. This service will consist of brief talks, thanksgiving, prayer and praise. We extend a cordial invitation to other evangelical bodies in the town to join with us. Come. On Thursday night our midweek prayer service with Bible study in evangelism.

CHRISTIAN SCIENCE CHURCHES

"The Universe, Including Man, Evolved by Atomic Force" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Dec. 22. The Golden Text was, "God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ" (II Cor. 4:6).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "By the word of the Lord were the heavens made; and all the host of them by the breath of His mouth" (Ps. 33:6). The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The scientific fact that man and the universe are evolved from spirit, and so are spiritual, is as fixed in divine Science as is the proof that mortals gain the sense of health only as they lose the sense of sin and disease" (p. 66).

Trophy for the Outboard Racers

Col. McClelland Barclay, well known magazine illustrator, puts the finishing touches to the Commander E. F. MacDonald trophy which will be awarded to the fastest outboard motor-boat racer in 1930. The sculpture, which is the artist's first serious venture into the field of modeling, was ordered by Commander MacDonald of Chicago, commodore of the Outboard Motorboat association.

TAKEN UP NOTICE

On December 11 a yearling Holstein heifer without any marks or brands broke into my place. Unless redeemed by owner, she will be sold to the highest bidder for cash at 2 o'clock on January 6, 1930, at my place 7 1-2 miles southwest from Hermiston. Dated December 17, 1929.
(Signed) A. D. SMITH.

IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR UMATILLA COUNTY

B. Strahorn, Plaintiff,
vs.
William Soukup, Defendant.
SUMMONS Law No. 3906
To William Soukup, the above named defendant:
IN THE NAME OF THE STATE OF OREGON
You are hereby required to appear and answer the complaint filed against you in the above entitled court and action within 4 weeks from the date of the first publication of this summons, and if you fail to appear and answer, for want thereof, plaintiff will apply to said

Burk's For Bargains.

A BRAVE MAN DEAD. INHERITED GENEROSITY. HUMAN SACRIFICES. USEFUL WARNINGS.

Those that pity themselves because their health is "not quite what it ought to be" may consider Baron von Huensfeld, who died on the operating table, undergoing his thirteenth operation for an incurable disease of the stomach that had afflicted him for years.

Suffering hopelessly, knowing that he could not live long and must endure many operations, von Huensfeld planned and carried out the German-Irish flight across the Atlantic Ocean. Such courage and will power should make others ashamed to complain.

J. Pierpont Morgan gives New York Hospital two buildings worth \$2,000,000. Giving seems to be inherited, as illustrated also in the case of the Rockefellers. Mr. Morgan's father gave to New York one of its finest institutions, a great lying-in hospital.

Serious rioting in India is caused by a report that Mohammedans kidnaped Hindu children and sacrificed them in connection with the construction of a new bridge. The report probably is not true.

Once important works were usually accompanied by human sacrifices. Somebody was killed and buried under the corner of a new building. A child or adult was often killed and buried in a shallow hole in a field newly planted. Knowing nothing about fertilizers they observed with "religious awe" that the grass grew greener where the corpse was buried.

Madame Bella Pollack died in Sumatra, aged 118, leaving twenty-one children, the oldest eighty-five, and a fiance who would have been her third husband. Madame Pollack ate two and one-half pounds of black bread and a pound of sugar every day, and was never ill until her last illness.

Men often live long when the doctor tells them that they will soon die. A warning makes them careful. James Melrose, twice Lord Mayor of York, England, is dead, aged one hundred. Insurance company refused him as a bad risk seventy years ago.

The famous Luigi Cornaro became interested in his health when doctors told him at forty that he must soon die. He ate only twelve ounces of solid food, drank fifteen ounces of red wine daily, died at one hundred and four.

Lindbergh, on his way from Miami to Panama, "hopped off" on his twenty-seventh birthday. Only twenty-seven, and his name is known wherever men are civilized.

Only twenty-seven, and already he has conquered the ocean, and, what is more important, the respect of every man and woman.

This young American's history makes millions of others feel as Caesar did when he read the life of Alexander the Great and suddenly burst into tears, realizing that Alexander had conquered the world when he was younger than Caesar was then.

"Herbert Hoover may find important aviation work for Lindbergh." Nothing more probable. An engineer knows that somebody who knows how to do what you want done is valuable.

Mr. Hoover understands the engineering part of flying and all its importance, from mail carrying to national defense.

Colonel Lindbergh understands the flying part. A fine combination.

court for the relief prayed for and demanded in her complaint on file in the above entitled matter, to-wit: for judgment against defendant for the sum of \$200 on her first cause of action, together with interest thereon at the rate of 6 per cent per annum from the 10th day of April, 1928, until paid; and for the further sum of \$229.00 plaintiff's second cause of action, together with interest thereon at the rate of 6 per cent per annum from the 31st day of October, 1928, until paid, and for plaintiff's costs and disbursements in this action incurred, and for a further order of the court ordering and directing the sale of all of your right, title and interest in the following described real property now held under attachment in the above entitled matter, to-wit:

South Half of Southeast Quarter, Southwest Quarter of Southwest Quarter, North Half of North Half, Southeast Quarter of Northwest Quarter, South Half of Northeast Quarter, Northeast Quarter of Southeast Quarter of Section 17, Township 3 South, Range 27, E. W. M., Morrow County, Oregon, and Lot 9 in Block C of Hermiston Orchards and the East 200 feet of Lot Two (2) in Block C of Hermiston Orchards, Umatilla County, Oregon.

This summons is served upon you by publication thereof once a week

for four successive weeks in the Hermiston Herald of Hermiston, Oregon, by order of Honorable James Alger Fee, Judge of the above entitled court, which said order was made and dated the 13th day of December, 1929 and the first publication of this summons is the 19th day of December, 1929.

Can't Dodge Trouble

"Our sorrows are a part of our lives," said Hi Ho, the sage of Chinatown. "He who seeks to run away from his troubles is trying to run away from himself."—Washington Star.

Bread, Eh?

Three-year-old Corine's favorite pastime was to cut out pictures in newspapers. Her mother warned her not to let the scraps fall to the floor. One evening she excitedly ran to her mother and exclaimed: "Oh, mother! I dropped the newspaper crumbs on the floor!"

To The Dalles.

Mr. and Mrs. J. E. Hallyburton, of the Columbia district, left Hermiston Tuesday for The Dalles where they will spend Christmas with Mr. Hallyburton's parents.
