**IT IS ON THE INSIDE**  
 Successful men keep themselves under their own thumbs. They keep their problems on the operating table until some intelligent disposition is made of them. Unsuccessful men slosh around in a soup of fear, indecision, nerves. Their problems get them down and hammer the daylight out of them.  
 Successful men, while they're on the make, treat themselves like dogs, so to speak. The unsuccessful, in the process of unmaking themselves, suck the soothing syrup of self-pity and act like a lot of sick cubs. One man keeps his brains and his emotions separated; another's emotions keep slopping over and spoiling his brain work.  
 With rare exceptions, success and failure come from the inside, not the outside.

With the nomination of George W. Joseph, Republican candidate for governor, more than 50 per cent of the registered Republican voters of the state cast ballots, which is a heavy vote for a primary election. There has been plenty of Oh's and Ah's over the outcome, but with Mr. Joseph's open campaign "For Oregon it's people, their welfare and prosperity." It must be admitted that the people of this state voted their own mind.

It is all right—perhaps the defeated candidates will be elected vice-president of something or another some day.

**FIRST UNIT OF CABINS NEARING COMPLETION**

Stewart's Service Station and Camp Grounds to be an Asset To Community.

Stewart's Cabin Park and Service Station located along the highway are now nearing completion and besides improving the scenery they will be a great asset to the community. The service station is modern in all details and will be operated with Shell 400 gasoline and Richfield gasoline and will have all equipment necessary for servicing cars. Mr. Stewart is quoted as saying that one unit of the cabins will be completed in about 2 weeks and that these cabins will be equipped with running water, toilets, and shower baths. The water is piped from Pat Sullivan's Crystal springs and is always clear and cold. A lawn has been laid out and flowers, ornamental shrubbery and trees have been planted which will make this spot one of the most beautiful and modern auto parks along the Old Oregon Trail.
