There is the business man who hires a boy to cut his grass so he can go out to the golf links and get some exercise.

Why shouldn't women run for Congress? They have had a lot of experience introducing bills to the House.

R. A. Brownson, Yd. Mgr. Editor.

Several people in town are painting their houses. It does not cost much to make your house look like new.

Guy Cronk came into our yard the other day and said he ran into such a strong wind that it blew out the tail light on his car.

EVENTS IN HISTORY

In 1639 the first printing press was set up in America. In 1929 the first issue of the Tickler was published for your reading.

In nineteen more years we will be able to have a column of "What we read Twenty Years Ago."

Why is it that a blackberry is red when it is green, and how can a black cow give white milk that makes yellow butter to feed to kiddies to give them red cheeks? We never did like oleo any way.

Gilbert Smith ordered lumber this week for a modern chicken house 24x84 feet. This will be one of the up-to-date chicken houses, warm and well ventilated.

One thing we can give science credit for, is the large number of blondes we see.

A backwoods mountaineer found a mirror that some tourist had evidently lost.

"Well if it ain't my old dad," he said, as he looked into the mirror. "I never knowed he had his pitcher took."

He took the mirror home and stole into the attic to hide it. But his actions didn't escape his suspicious wife. That night while he slept she slipped up to the attic and found the mirror. "Hum-um," she said, looking into it, "so that's the old hag he's been chasing."

The B-H Color Harmony Selector helps you create inviting rooms...

Cream walls, Alice blue woodwork, royal blue furniture decorated in apple green and a vivid cardinal red rug—here's an inviting room for little people.

This combination is one of many on the B-H Interior Color Harmony Selector. Its form is a colorful disc over which revolves a slotted mask thru which appear tested color combinations.

But don't wait to be ready to paint. Let us show you this practical device now—also its companion chart for colorful exteriors.
