Nearly every star on the Paramount roster will be at the Rivoli theatre Sunday when Paramount's novelty entertainment, the all-star festival "Paramount on Parade" comes to Pendleton for the first time. Eighteen joyous interludes introduce the famous Hollywood personalities in scenes of intimate revelry.

Paramount has made this picture entirely different from anything ever before seen on the screen. AUXILIARY REPORTS POPPY SALE SUCCESS

APPROXIMATELY THIRTY-FIVE DOLLARS CLEARED

Proceeds From This Unit go to Help With Welfare Work in Portland Veterans' Hospital.

With a total of \$35.40 taken in, the American Legion Auxiliary is well pleased with results of the poppy sale held Memorial day week even though the proceeds were not as high as last year, having made approximately \$50.00 then. But due to cold weather and not as large a crowd at the Memorial day exercises, the Auxiliary did very well selling as many as they did.

The Hermiston unit has members at Stanfield, Echo and Hermiston and all of these towns were active in participating in the sale. Stanfield responded with \$6.95, Echo with \$4.90 and Hermiston with \$23.55. All of this goes into a fund for welfare work at the Veterans' hospital in Portland.

Every poppy offered in this sale was made by veterans in the hospital in Portland and the Hermiston Auxiliary wishes to take this opportunity to thank everyone who helped make this poppy sale a success. Mrs. Lyle Tilden was chairman in charge of the sale.

AUXILIARY CANNERY CONSIDERED A SUCCESS

The output of the Auxiliary cannery has exceeded the expectation of the committee in charge and a record of cans has been made with prospects that more will be needed. At present a large amount of asparagus is being processed. The cannery recently installed a ten-horse boiler for the use of the laundry and cannery and a man is in charge at all times. A new power capping machine has been installed, the old process being too slow. Most patrons are using tin cans rather than the old glass jars. Three hundred and fifty cans of asparagus were turned out last Tuesday which is but a fraction of the output possible under good conditions.

CARD OF THANKS

I wish to express my sincere thanks and appreciation to the American Legion and American Legion Auxiliary for the beautiful flowers which they sent me while I was in the Veteran's Hospital number 77 in Portland.

Meeting Held in Methodist Church is Well Attended. Poultry Situation Discussed.

A meeting of the Umatilla Project Farm Bureau was held Wednesday evening at 8 o'clock with H. J. Ott, president, presiding, and a large number of farmers in attendance. The poultry situation and the different phases in the poultry business constituted the principal source of discussion at this meeting. F. L. Knowlton from Oregon State college outlined a new type of chicken house emphasizing in particular ventilation in cold weather and the housing of hens. H. E. Cosby, poultry specialist from Oregon State college also spoke on poultry, briefly touching high production, ventilation, economic conditions, prices, the importing of eggs, egg breaking machines, sanitation, feed situation and range. He then had members attending ask any questions in regard to poultry and he answered them briefly. Both addresses were very good and showed the poultrymen just what highlights to watch in this business.

E. M. Hauser, assistant county agent, announced the winners in the essay contest and presented checks to Edith Clarke and Jimmy Neary as prizes for winning this contest.

H. J. Ott, chairman, was also asked to appoint a committee to look after preparations for the 4th of July celebration which is to be held in this community. CULLING DEMONSTRATIONS GIVEN JUNE 4 AND 5

Poultry Raising an Established Business. Flocks Being Increased and Houses Built by Poultrymen.

Culling demonstrations on local poultry flocks were held June 4 and 5 with H. E. Cosby, of the extension service at Oregon State college doing the actual work. The flocks of H. J. Ott and Hugh Taylor were culled and it is planned now to cull these flocks again in August and then carry the flock through the winter without further culling, thus emphasizing the importance of early culling and the possible harm to production of too much late culling.

Much building of poultry houses is planned over the project for the coming summer and fall. Poultry raising has become an established business on the irrigated farms of the west end of the county and the past year has showed a considerable increase in the number and size of the flocks kept. It is predicted that the coming year will far exceed any previous one in egg production. Even at the present low price of eggs, poultrymen are said to be making a fair return on their investment. Cheap feed is also an incentive for the increase in flocks it being said on good authority that eggs can be produced here at as low a figure as in any location in the Pacific Northwest. Week before last lumber was delivered at the Gilbert Smith ranch for a poultry house 24x84 feet. Last week John Lewis started construction of a house 24x30. Henry Ott of Columbia district contemplates an addition to his present house which will give him a house 200 feet long which is of the latest type of construction and will later be equipped with conveyors for handling feed to the various pens. This fall he expects to have 1700 chickens going into the laying house. Harry Spinning, north side poultryman, is contemplating modernizing his present houses with the idea of keeping about three thousand layers. Many others are contemplating buildings to house the great number of chickens which are being brooded this spring.

MEMORIAL DAY SERVICES OBSERVED HERE

REV. FATHER NESDALE GIVES INSPIRING ADDRESS

Services Held Under the Auspices of the Local American Legion Post.

Despite cold weather and a drizzling rain, people of Hermiston and the surrounding country gathered at the Hermiston auditorium Memorial day at 10 o'clock to pay tribute to our soldier dead. Practically all business houses were closed and at 10 A. M. a public memorial service was conducted under auspices of the local American Legion post. H. J. Hallyburton, acting in the absence of Post Commander H. W. Kelley, was the chairman in charge.

Father Nesdale as the main speaker of the day, gave a fitting and inspirational address appropriate to the occasion. A program presented at the services consisted of a vocal duet by Mrs. Payne and Mrs. Burnham with piano accompaniment by Mrs. Joe Norton. A reading was given by Mary Brownson and a violin solo by Miss Kern.

The audience participated in a standing tribute to the heroic dead and in singing America and the national anthem. The invocation at the beginning of the services and the benediction at the close were given by Reverend Oscar Payne.

Short services at the local cemetery where the graves were decorated, followed the meeting in the auditorium.

The following is the address by Rev. Father Nesdale:

My Friends:
This is not merely a holiday—it is a Holy day, set apart by a grateful country as sacred to the hallowed memory of her heroic dead, consecrated and dedicated to those noble souls, whose lives were so courageously and so generously given for the establishment, the preservation and the welfare of the republic. Memorial day has a two-fold purpose. It has been inspired, in the first place, by one of the most fundamental instincts of the human heart—reverence for the dead; and in the second place as we recall their glory, their unswerving loyalty to their native land, and their supreme sacrifice, in the defense of its honor, the glory of its flag, it incites us to higher sentiments of patriotism, and to a more unselfish devotion to these United States, its constitution, its laws and its glorious traditions.

(Space does not permit, and the remainder of address will be printed in next week's Herald.)

Surprise Party Held.

Monday evening at the home of Mrs. Tom Fraser fourteen scouts gathered for a surprise farewell party for Bill Hurly, who recently received the honor of Eagle Scout. He was presented with a hunting knife and sheath by Scoutmaster Payne as a token of friendship between the fellow Scouts and Bill. The gang then took possession of Mrs. Fraser's kitchen and enjoyed ice cream with Bill, who had made considerable preparation for retiring. However, he managed to eat his ice cream without the necessary additional clothes and enjoyed it in his pajamas.
