## New Ford Car Wins Favor

Ford Phaeton

THE Ford Phaeton, shown above, is equally popular as a family car and as a sport car for young people. The seating arrangement provides for the driver and one passenger in front and three passengers in the rear. Seats are upholstered in two-tone cross cobra grain artificial leather.

The top is of the quick collapsing type, easily handled by one person, and folds flat. The windshield, of Triplex shatter-proof glass, is of the folding type and can be laid flat forward. The windshield wings fold over it, emphasizing the sport effect of the car.

### EDITORIAL

Animals may be dumb, as alleged, but you never heard of a rabbit marring a wildcat, or an old crow ruining his health digging worms for a young bird of paradise.

R. A. Brownson, Yd. Mgr. Editor.

We are reminded of some old sayings, such as, 'As you sew so shall you rip,' and 'A board in time saves nine.' We do not have any sewing classes but if it is board information you desire, give us a ring at Phone No. 331.

Algernon: "Fawney this Percy, chap thinks a baseball coach has four wheels."

Percy: "Haw haw! And how many wheels has the bally thing?"

The old fable of killing the goose that laid the golden egg is not so untrue. Either white, red, yellow or black chickens will lay eggs through the winter if they are properly housed, and we ask you if eggs aren't pretty high priced that time of the year. We have plans of all kinds and sizes.

We believe we have the best paint made, "Chicago Paint." In fact we are so certain of it that our paint carries a guarantee of absolute satisfaction, or more than your money back. We replace the paint and pay for the labor of repainting if the job does not satisfy you. Investigate the price of painting your home and you will find it is very low.

Caller: "Who is the responsible man here?"

Office Boy: "If you mean the fellow that always gets the blame, it's me."

The small school houses are getting a coat of paint this week.

Concrete improvements, such as sidewalks, lilly and fishing pools, benches, watering troughs and septic tanks are easily made from our cement.
