

SCHOOL DIRECTORS FOR COMING YEAR ELECTED

ELECTIONS HELD JUNE 23 AND
JUNE 16

A. D. Smith Elected Director School
District No. 9; F. B. Swayze
Re-elected in Dist. No. 14.

What appeared on the surface to be a very quiet and usual school election for school district number 9, held Monday, June 23, resulted in a fairly heavy vote in which A. D. Smith, farmer in the Westland district, was elected director for a five year term. Ralph Richards, the only name which appeared on the ballot, received 8 votes, while A. D. Smith, received 24, there being five other votes cast for Smith which were evidently intended for A. D. Smith also. The heavy voting resulted at a late hour of the election by various groups from different sections of the union high school district.

The board of directors for Union High School District number 9 is composed of the following: W. W. Felthouse, H. J. Ott, Ed. Jackson, Jesse Goff, A. D. Smith.

The election of a member for the board of directors for school district No. 14 was held Monday, June 16, where a small number of votes were cast and F. B. Swayze was re-elected a director for 3 years. The board of directors for district number 14 consist of: W. J. Warner, chairman, F. B. Swayze, F. C. Woughter, R. A. Brownson, clerk.

RANDOM THOUGHTS

Some ex-bulls are now trying to make a bare living.

"Can industries expect record year?"—Financial note. They can.

A magazine says that the British army in the Rhineland has faded out. A movie, so to speak.

A firm advertises: "Try Shopping With Scissors Among the Advertisements." Well, that's a good way to cut prices.

After an exhaustive survey by economic experts it has been agreed that the moving picture industry is on a sound basis.

A censor in mentioning the undraped actress in a lending revue said: "Why, she was dressed only in a postage stamp." That's probably why her appearance was canceled.

Father Dies in Portland.

Word was received from Mrs. A. W. Christopherson, who has been in Portland with her parents the last several weeks, that her father, W. Morrow, passed away Monday evening from septicaemia.

U. Of O. Summer School Opens In Portland And Eugene June 23rd

A real international flare, in addition to the broadening influence of educators drawn from every part of the United States, will mark the University of Oregon summer sessions which open at the Lincoln high school in Portland and on the campus at Eugene Monday, June 23, it is announced by Alfred Powers, director.

Teaching classes at the sessions, and available for lectures and special addresses will be Kiang Kang-Hu newly appointed professor of Chinese studies, McGill university, and Moises Saenz, assistant professor of education, Republic of Mexico. Professor Kiang Kang-Hu will offer an interesting course in Oriental art, which will give the students a background of the culture of the orient as well as definite ideas on art, while Senor Saenz will be on the staff for education.

Professor Kiang Kang-Hu, who is noted as an author of books in both English and Chinese, is holder of high Chinese degrees through competitive examinations and has been a professor at Peking Imperial University and Nanking Government University, as well as having done considerable teaching in this country. Senor Saenz, who was educated both in the United States and Mexico, is known for research work in schools

FEDERATION OF TURKEY MARKETING COOPERATIVES PLANS

The first extensive poultry marketing organization under the federal farm board plans is a federation of local turkey marketing cooperatives of 10 western states to provide a central sales agency for the entire area. Plans for this organization were completed at a conference at Salt Lake city at which Oregon was represented by F. L. Ballard, state county agent leader of Oregon State College, and Herbert Byers, manager of the Douglas county turkey growers cooperative.

The plan as finally agreed upon by state representatives and W. F. Schilling of the federal farm board will permit local cooperatives to continue satisfactory trade connections already established on the coast, but will provide for all eastern shipments to be cleared through one central sales agency in Salt Lake City.

Each state is entitled to a representative on the central board of directors, and those states which are composed of two districts are entitled to a representative for each district, the two representatives having one-half vote each.

The tentative plan of organization is for the formation of local cooperative pools which unite to form a state organization, and the state organization in turn is a member of the federated marketing organization.

In Oregon the Douglas county organization is already incorporated as a co-operative marketing agency, and it remains for the local pools in the eastern part of the state to incorporate, forming cooperatives, and unite with the western section to form the state organization, which will be a member of the federated organization.

The plan as worked out provides Oregon turkey growers with an opportunity to market their crop this fall in a more orderly manner than ever before, as the central sales plan will tend to eliminate the present jockeying of one pool against another by the buyers.

ELECTED TO TEACH SEVENTH GRADE

Constance O'Keefe, graduate of St. Cloud Normal school at St. Cloud, Minnesota, has been elected to teach the seventh grade in the Hermiston public school. Miss O'Keefe has attended summer school at the University of Minnesota for two years and comes highly recommended with six years teaching experience.

Goes to Portland.

Pauline Morris, who just arrived from Baker, Oregon, left for Portland Wednesday to be gone for an indefinite length of time.

FARM BUREAU AUXILIARY HOLDS PICNIC JUNE 20TH

Committees to Arrange for Auxiliary
Float Appointed at This
Meeting.

The Farm Bureau Auxiliary held a picnic Friday afternoon, June 20, in Columbia park where the regular business of the organization was taken up. The main topic of discussion was the 4th of July picnic to be put on by the Farm Bureau and Stanfield Grange and the different committees were appointed to arrange for the Auxiliary float.

Those committees were composed of:
Mrs. Sommerer, chairman, assisted by Mrs. Minor, Mrs. McCully and Mrs. Jendrzejewski.

Mrs. Lynch, chairman, assisted by Mrs. Snell, Mrs. Tilson and Mrs. Stockard.

Mrs. Hammer, chairman, assisted by Mrs. Bloom, Mrs. Liebe, Mrs. Lenz and Mrs. Madden.

Mrs. Barnard, chairman, assisted by Mrs. Christley, Mrs. Lilly and Mrs. Shannon.

Mrs. Joe Udey, chairman, assisted by Mrs. Stewart, Mrs. Walters and Mrs. Rogers.

Mrs. Kik, chairman, assisted by Mrs. Buell and Mrs. Harr.

Mrs. Dunning, chairman, assisted by Mrs. Jewett and Mrs. Hanson.

Mrs. Ott, chairman, assisted by Mrs. Upham, Mrs. Roberts and Mrs. Williams.

Mrs. Noble, chairman, assisted by Mrs. Keller, Mrs. Wilson and Mrs. Smith.

Mrs. Henry Hooker, chairman, assisted by Mrs. Hurst and Mrs. Adleman.

The idea in these committees is for them to think up original and clever ideas for the float on the 4th of July and at the next meeting each chairman will be asked to report and the best ideas will be picked out and used in the parade on the Fourth.

At the close of the meeting Friday delicious refreshments of ice cream and cake were served.

WEATHER REPORT

Date	Max.	Min.
June 19	83	43
June 20	78	59
June 21	81	45
June 22	83	46
June 23	82	49
June 24	83	58
June 25	87	48

There was .03 of an inch rain.

Returns From Vacation.

W. R. Howe returned Tuesday of this week from Reding, California, and Bend, Oregon, where he has been vacationing for the past month.

COMMITTEES FOR PICNIC MEET TUESDAY

PLANS AND PROGRAM ARRANGED FOR CELEBRATION

Stanfield Grange and Farm Bureau Invite All Communities to Participate in Festivities.

The committees from the Stanfield Grange and the Umatilla Project Farm Bureau who are in charge of the inter-community picnic to be held at Columbia Park July 4, met Tuesday evening in the office of the Assistant County Agent to make last definite plans for the celebration. The idea of fireworks and firecrackers was brought up and it was decided that a certain time would be designated when anyone could set off firecrackers, but after that it is asked by the committees as a special favor that no one set off firecrackers on the grounds as they would interrupt the program. The committees also ask each one who attends to bring their own cups and saucers. Ice cream will be served by the 4-H club members and lemonade by the Farm Bureau.

All surrounding communities are invited to attend and participate in the festivities of the day. The committees promise you a good time and a good program.

GAS THIEVES WILL BE GIVEN HEAVY JOLT

Deputy Sheriff Bert Nation and Chief of Police Harry Kelley have declared war on gasoline thieves and are out to put a stop to the stealing of gasoline from other cars which has been going on in this vicinity for the past several weeks. They advise buying gasoline would be cheaper in the long run as is shown by what happened a day or so ago.

Cecil Edwards and Ralph Bramman, who claim to be from Chicago, were sentenced to 30 days in the county jail by Justice of the Peace Norborne Berkeley on charges of stealing gas from an automobile parked near the Hermiston hotel. Ralph Woodford and Robert J. Marshall of Hermiston were given 10 days in jail by Justice of the Peace J. S. West of this city on a charge of driving an automobile without a license. The quartet were arrested by Deputy Sheriff Bert Nation.

RESULTS OF PASTURE GRASS EXPERIMENTS GIVEN OUT

A. D. Smith Gives Results on Pasture Grass Experiments and Fertilizers for Pastures.

A. D. Smith of Hermiston has been experimenting for some years with pasture grasses and has also done some work on fertilizing pastures with a view towards increasing the carrying capacity of lands used for pasture purposes.

While his soil is hardly typical of the majority of land on the project, as it is heavier than most of the land and is sub-irrigated, the results that he has obtained may be of some value when applied to other types of soil.

A small plot of Reeds Canary grass was one of the first grasses to make growth in the spring, and has made exceptionally vigorous growth throughout the season on a very wet piece of land. Ladino clover planted on this same piece of land showed rather poor growth probably due to combination of excess water and a slight accumulation of alkali.

On a piece of land that has better drainage Mr. Smith reports that brome grass, orchard grass, meadow fescue and rye grass have made a very good growth, and are valuable in increasing the amount of stock that can be carried on an acre of ground.

Two fertilizer trials are being carried on by Mr. Smith, one on fairly wet land and one on land that has good drainage. There is no appreciable results from the application of fertilizer on the wet plot but on the other plot the grasses have made approximately four times the growth that they have made on the adjoining untreated land. The orchard grass seems to have been the most stimulated of all the grasses.

Ammonia sulfate was used as a basic compound and other plant food elements were added to parts of the plot. However, apparently the ground treated with ammonia sulfate gave as large increases as the parts of the plot that had additional elements added, as there was little difference in the increased growth throughout the entire plot.

Some of the results of Mr. Smith's work may be quite pertinent on other farms on the project, even though there is a difference in soil from the condition existing where the trials were conducted.

CARD OF THANKS

I wish to thank my friends for their kindness and sympathy to me in my time of trouble.

Mrs. J. D. Waghorn.

CROWD HAVE THRILLS AT LEGION REGATTA SAT & SUN

LOCAL CLUB MEMBERS PLACE IN JUDGING CONTEST

The Oregon State college summer session held for 4-H club members from all over the state closed last Saturday, June 21, after two weeks of study and amusement. Jean Barnard and Grace Rodda, local club members, entered the judging contests in sewing and canning while at the school and placed fifth and third respectively. Charles Brochr, a Pilot Rock club member, placed in the boys' judging contest.

The club members who attended, studied hard while at the institute and have come back with new plans for the coming year's work. They feel more enthusiastic and eager to accomplish something since they have realized what can be done in this line of work. They also report a splendid time in recreational sports while at the campus.

Margaret Hemphill, Jean Barnard and Floyd McMullen, all local club members, returned to Hermiston Saturday while Grace Rodda and Rosella Matott visited in Portland before returning home. Irene Attebury, Wilhelmina Hedrick and Kenneth Lay of Stanfield returned home June 21, with knowledge gained at the school to help their clubs in that district.

Attend Picnic at Meecham.

Mr. and Mrs. J. M. North attended the first annual picnic of the Red and White Store organization held at Meecham Sunday, June 23. There were about 300 present at the picnic representing Red and White Stores from practically every town in Eastern Oregon and Southeastern Washington.

Visits at Sister's Home.

Dr. M. S. Kern of Pendleton, who has just returned from a trip around the world, visited Friday with his sister, Mrs. H. E. Hitt.

Former Wife Objects to Epitaph, and Sues

London.—Jenny Crawshaw Ralston is suing her husband, William, for \$125,000 because, after a separation order granted 14 years ago, he erected a monument to her with this inscription: "In loving memory of Jenny, the dearly beloved wife of W. R. Crawshaw Ralston, died May 20, 1916." The wife claims that she is not dead, and that, as she is in business for herself, such a memorial was done her considerable financial damage.

Worse Than Censure

The meanest, most contemptible kind of praise is that which first speaks well of a man, and then qualifies it with a "but."—Beecher.

Oregon Automobile Owners Urged To Secure Licenses Immediately

The fact that Oregon motorists have been permitted to use the new license plates on their automobiles two weeks in advance of the first day of the new fiscal year, or July 1, leads those in charge of the work to the conclusion that practically all cars in the state can be registered by July 1, according to Hal E. Hoss, secretary of state, in the following announcement:

"I urge every automobile owner to send in his application for license now, as all the departments are fully organized to care for the peak season rush, and every day that the people delay in filing their applications only adds to the expense of handling the work. I am very anxious to have the work completed as rapidly as possible and have established July 1st as the date on which applications filed. The law is that the old plates expire on June 30, and with the cooperation of the public I will have every car in the state decorated with a set of brand new plates by that time.

"It costs a considerable sum to operate the license bureau at maximum capacity, and every day that doesn't turn out a full quota of business is that much loss to the state highway and county road funds.

HERMISTON POST REPORT GROSS RETURNS OF \$280.00.

2000 People Witness Two Day Event With Weather Ideal for Occasion.

The Legion Regatta given by the Pendleton Post of the American Legion was smiled upon by the weather god last Saturday and Sunday when the weather was ideal for the occasion given at McKay dam. The crowd was treated to numerous thrills and spills, especially when no less than six boats went out of one race, five of them capsizing. Surfboard riding also added to the excitement with High jumps over the chute, with approximately 2000 people looking on at the second annual outdoor regatta.

With the weather conditions exactly right for the concessions booths operated by the local American Legion post, H. W. Kelley, post commander, reports a gross return of approximately \$280.00. Several of the local Boy Scouts were at the grounds assisting the Legion at the booths.

Thrilling and exciting motor boat races held the crowd's attention both afternoons of the regatta and Saturday evening a large crowd attended the dance at Happy Canyon. Various other forms of amusement not on the scheduled program helped to entertain the visitors who flocked to Pendleton.

The endleton Post is planning on holding another such regatta next year with a few changes which will make the next one better and bigger than the one witnessed Saturday and Sunday.

Entertain With Bridge Party.

Mrs. Bella Phelps and Mrs. C. C. Durfee entertained with a bridge party Friday afternoon at the Hermiston hotel in honor of Mrs. Phelps' daughter, Mrs. Carl Voyer, who is visiting from Vale, Oregon. Four tables of bridge were enjoyed by those present, with Mrs. George Briggs winning low honors and Miss Clara Bryant winning high honors.

Milton, former project residents, were in Hermiston Monday of this week visitin their daughter, Mrs. Gwyn From Milton.

Mr. and Mrs. Duncan Campbell of Hughes. They returned the same day taking their little grandson, Loyd Hughes, with them.

Pendleton Visitor.
W. L. Hamm was in Pendleton Wednesday afternoon looking over the Pharmaceutical situation in the county seat.

Attend Regatta Dance.

Wesley Blessing and Billy Felthouse motored to Pendleton Saturday evening to attend the regatta dance.
