letter part of this week.

Leave for Eugene.
Lon Lenhart and C. B. Lomax left Saturday morning for Eugene where they will spend the Fourth visiting C. B.'s father, C. B. Lomax, Sr.

Returns From Portland.
Erma Baty, who has been visiting in Portland the past several weeks, returned to Hermiston the

E. H. McReynolds, former resident of Hermiston, now operating a service station on the highway near Eugene, is visiting his sister, Mrs. W. S. Boynton, of this city.

Walla Walla Visitor.
Joe Norton was a Walla Walla visitor Tuesday.

Poor Time for Business
Men who go on transacting business during lunch, so physicians inform us, are not in business for their health.—John Andrew Holmes.

WORDS OF WISDOM
Borrowing is not much better than begging.—Lessing.
Conceit in weakest bodies strongest works.—Shakespeare.
To be angry is to revenge the fault of others upon ourselves.—Pope.
Evil speaking is the immortal daughter of self-love and idleness.—Voltaire.
But no pleasure is comparable to the standing upon the vantage ground of truth.—Bacon.
God grants liberty only to those who love it and are always ready to guard and defend it.—Webster.
It is sometimes necessary to play the fool to avoid being deceived by cunning men.—La Rochefoucauld.
Luck affects everything; let you look always be cast in the stream where you least expect there will be fish.—Ovid.

THE VALUE OF SOUND DESIGN

New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy

The good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.

THE NEW FORD TOWN SEDAN

Ask the nearest Ford dealer for a demonstration

SLIPS OF THE PEN
"With tear-filled eyes she sealed the envelope."
"He knocked on the door with a beating heart."
"She lifted her face from her plate to answer him."
"Mercy on us!" she panted with frightened eyes."
"There was a remarkable silence. Stillness seemed hushed into quiescence."
"His eyes shot across the shoulders of the woman with whom he danced."
"Dewey-eyed from sleep she floated into the dining-room on her father's last words."
"Dressed in satin the bride came in on the arm of her father."—Pathfinder Magazine.

TRADE JOURNAL HUMOR
"Hit and run" items from shoe and leather reporter:
If fashion does not let up the skirts will have to be let down.
Wall Street was a barometer until it was knocked off the wall.
Nothing succeeds like the success of a widow who is looking for a second husband.
The more we learn about Wall Street the more charitable we feel towards prize fights.
Grammar is well enough in its way, but it would be fatal to the success of any football coach.

HERALD WANT ADS GET RESULTS
Chinese, with their monosyllabic vernacular, out-talk Americans twice over—telephonically speaking. In San Francisco's Chinatown the Chinese place an average of eight calls a day over each telephone in the Chinatown exchange—double the average of calls made by Americans.

LOW FARES

She Still Sings
Mme. Ernestine Schumann-Heink, a great-grandmother, cutting her 69th birthday cake just before appearing in concert. Her golden voice is still the world's greatest contralto.

DO YOU KNOW—
Modern girls will never die of broken hearts, according to an eminent doctor.
Three hundred and eighty-two applications for patents were filed by English women last year.
A woman, aged eighty-six, has decided to adopt modern fashions, and wears knee-length frocks.
The reason it is held unlucky to spill salt is that salt is the symbol of hospitality and friendship.

Earth's Land and Water
About three-fourths of the earth's surface is covered by water, the total water area being approximately 139,435,000 square miles. The average depth of the ocean is 12,500 feet.
Through the use of specially designed apparatus employing delicately balanced mirrors, glass screens and photo-electric cells, Bell telephone scientists are able to measure the changes in magnetic properties to one tenth the diameter of an atom, or some thing like a billionth of an inch. Such a length is so incredibly small that, if it were possible to manufacture paper equally thin, over a million sheets would have to be piled one on top of the other in order to obtain a thickness equivalent to that of a sheet of ordinary tissue paper.

REV. C. W. CUTLER
Representing the Oregon Baptist State Convention
Announces
