EDITORIAL

It is estimated that a cow moves her jaws 41,000 times a day. Is that all? Say cow you ought to see some of our gum-chewers if you want to see action.

It has been found out that some types of beetles can go for three years without eating. That is longer than most homes can afford to go without re-painting.

Tuesday's gas war brought low prices and lots of gas was sold. You have your gas, come in now and see our paint stock. Our prices are low all the time.

Tom: I notice you are wearing your sox wrong side out.
Bob: Yes, my feet got warm, so I turned the hose on them.

The Tower of Pisa is leaning 16 1-2 feet out of plumb. It wasn't built of Tum-A-Lum material or it wouldn't be that way.

In a recent shooting affair the cops report read that two of the bullets were fatal, but the third and fourth bullets were not so bad.

We figured another 100-foot chicken house this week. Will tell you whom for when the deal is closed.

Insulation will keep out this summer heat as well as keeps the heat in during the winter. Get an estimate from us as to its cost. And there are several types that can be put in any house.

Remember that a screen door keeps out the flies. Only \$2.75 for a dandy.

A quart of Du Kwik enamel for \$1.45 that will transform any surface you care to spread it over. All colors and smaller sizes.
