CHURCH NOTES

CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 3.

The Golden Text was, "No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us" (1 John 4:12).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The Lord hath appeared of old unto me, saying, Yes, I have loved thee with an everlasting love: therefore with lovingkindness have I drawn thee" (Jer. 31:3).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good" (p. 494).
