FREE COAL
has the whole town steamed up

AND no wonder! Think of having the coal-man back up to your door—deliver a supply of coal—and politely say, "No charge!" That's the pleasant experience of the Heatrola Free Coal Club members. That's why so many are joining.

A \$2.00 deposit enrolls you. After that you pay only \$2.00 a week until we install your genuine Heatrola and deliver your ton of Free Coal. (One-half ton if you choose a Heatrola Junior.) Then you may begin paying the balance

on our convenient monthly payment plan.

On the first chilly Fall day, with your Heatrola ready to circulate healthful whole-house warmth, you can laugh in the face of old Jack Frost.

But, remember, this offer is limited. After August 30th—no more Free Coal, this year. So stop in, soon; or telephone and invite us to call at your home.

Why did the salt shaker? Because he saw the potato masher in the kitchen, the sugar spoon with her, and the gas meter in the cellar.

Now if that was a modern concrete cellar like we could remodel your old one into, it would be a fine place to meet anyone in. There is probably room for an extra room in your basement if you will let us show you.

The other day a fellow evidently mistook us for a radio store because he came in and asked for "B" eliminators. We didn't have any but our fly screens eliminate flies so he ordered a set for his home.

The reason so many people like the miniature golf is that it fits their drive.

Hello, people of Hermiston. I just came in town to help the Tum-A-Lum. But in the rush to get here I forgot my name. If any kind person that has a good name for me will call phone 331, and tell it to Mr. Brownson, it would sure be appreciated.
