DINNERWARE

We have just received a factory shipment of Plain White and Decorated semi-porcelain dinner ware on which we are making very attractive prices on either 32 or 42 piece set. Also open stock.

Circulating Heaters

The genuine Estate Heatrola is the only heating plant in the world that has the Intensi-Fire Air Duct. This unique device captures and utilizes heat which in ordinary heaters goes to waste up the chimney. Heatrolas are a little higher in price than ordinary circulators but far more efficient in heating and fuel saving. Ask the many satisfied Heatrola users. We also have the Wilson Circulators for those who do not feel able to buy the Heatrolas. The Wilson is a very good low priced circulating heater.

With these two lines of Circulators we are prepared to meet all competition in both price and quality. Medium size Wilson Circulator for only \$45.00.

EDITORIAL

A person that is all wrapped up in themselves makes a very small package.

Just because a person criticizes doesn't mean he is a critic.

R. A. Brownson, Editor.

IT IS A GOOD IDEA

To check up on your fuel needs for the coming winter and place the order now. Did you know that a ton of one kind of coal may contain more heat than a ton of some other kind?

Our coal ranks high in heat producing qualities.

Lumber is going out for a number of chicken houses this week.

COMMUNICATED

Dear Editor: I have the habit of topping the ball when driving. What can I do?

Dear Sammie: Have you tried turning the ball over before you hit it? That sometimes helps.

INSULATION

Saves money for you by reducing your fuel bills and keeping your house in a healthful condition.
