FAIR BOARD HOLDS MEETING MONDAY, SEPTEMBER 8TH

Premium Lists Now Available at Herald Office. Farm Products Display Big Feature.

The premium lists for the 1930 Umatilla Project Fair received the final check last Monday night at a meeting of the fair board and are now available for distribution at the Hermiston Herald office. The fair board plans to send premium lists to all box holders on rural routes as well as to all who exhibited last year.

While the premium lists in a large part folow the general plan of last year, some changes have been made in the different divisions to meet the changing conditions in the community.

Perhaps the most radical change from last year is in the Farm Crops division under the supervision of Baxter Hutchison. Instead of the old plan wherein each producer exhibited his own products, this year the awards are based on community exhibits. The territory is divided into communities and the producers in each community pool their products to make up the exhibit. Suitable awards are offered for these community exhibits.

The fair board wishes to call attention to the requirements that all dairy animals of breeding age shall be tested and found free from contagious abortion before being admitted to the fair grounds. The test must have been taken since April 1, 1930. Anyone wishing to have their animals tested between now and fair time may do so by getting in touch with the assistant county agent.

Present indications point to an even larger and better fair than in the past, and many persons in other sections of the county have signified their intention of bringing exhibits this year.

Padding The Inventory.

A deputy sheriff was sent to take an inventory of the property of house. When he did not return for three hours, the sheriff went after him, and found him asleep on a lounge in the living room of the house. He had made a brave start with his inventory, however: he had written down, "Living room—1 table, 1 sideboard, 1 full bottle whiskey." Then the "full" had been crossed out and "half full" substituted. Then this was overlined, and "empty" put in its place. At the bottom of the page, in wobbly writing, was written, "1 revolving carpet."

Dr. and Mrs. William J. Crandall of Ashland, Oregon, are guests this week at the home of Dr. Crandall's sister, Mrs. Jess Prindle. Mrs. C. H. Crandall and daughter, Mrs. Neil Morrison, both of La Grande, were also guests at the Prindle home Wednesday and Thursday of this week.

THREE MEMBERS TO BE CHOSEN TO GO TO STATE FAIR.

Herniston Holstein Calf Club Leads With High Score. Jersey Calf Club Ranks Second.

Results of several competitive judging meets leaves the Hermiston Holstein calf club in the lead for high score. The Jersey calf club was a close second, and it was only after a judging meet between these two clubs was held that the winning club was selected.

The high scoring members of the Holstein calf club are: Morris Pierson, Clement Stockard, Jack Reeves and Glenn Pierson. Three of these members will be selected to compose the judging team that represents Umatilla county at the state fair in Salem on September 22 to 27. Final tryouts will eliminate one of the four boys winning for their club and the other three will make the trip to Salem.

FARM BUREAU AUXILIARY PRESENT SUCCESSFUL PLAY

The Farm Bureau Auxiliary play, "The Little Clodhopper," presented before a large audience at the Oasis theatre last Wednesday evening, was voted a thorough success, both from the dramatic and the financial standpoint.

The play itself is an amusing comedy centering around "The Little Clodhopper," who finds herself confronted with many amusing problems. Mrs. Harvey Payne as the Little Clodhopper was exceptionally well cast and she gave a portrayal meriting much applause. Mrs. O. Buell, Mrs. A. E. Marble and Rachel Buell all took the parts of men with great success, and Mrs. Lyle Tilden, Mrs. J. Dunning and Mrs. Wm Lilly also played their parts in an extremely capable manner.

To Mrs. Howard Reid, director of the play, is probably due much of the success of the performan e. Approximately $70.00 was cleared which will be used to improve and remodel their club house and the community park.

DUNN-NATION

Of interest to people of Hermiston is the news of Iva Dunn's and Walter Nation's marriage which took place last Wednesday at Walla Walla. Mr. and Mrs. Lyle Boyce, former residents of Hermiston now of Pendleton, were their only attendants.

The bride and groom are both former local residents, having attended school here. The young couple will make their home in Pendleton where Mr. Nation is employed in the sheriff's office.

MAN CHOSEN TO WORK ON TURKEY MARKETING IN OREGON

Communications from the office of F. L. Ballard, county agent leader, advise that the services of Mr. Herbert Beyers, manager of the Roseburg Turkey Marketing pool, have been secured by the Federal Farm Board to work on turkey marketing organization matters in Oregon.

Mr. Beyers has shown exceptional ability in the management of the Roseburg pool, as the Roseburg organization has been outstanding in its success in meeting marketing poblems, and it is due to his successful work in the past that Mr. Beyers has ben selected by the Federal Farm Board to carry on the organization of the turkey growers of the state.

A movement the size of the present undertaking is necessarily slow, as so many details have to be attended to in order that success may be assured but it is planned to have the work of organization completed in time to take care of this year's crop of turkeys.
