The New Pace of Business Change.
Business evolution used to move slowly—it measured its gradual changes almost invisibly, like the hour hand on the clock. But today its tempo is that of the second hand. The movement of evolution that is quickening business with rapid changes is alarmingly visible and makes it difficult to keep up with them.—R. S. Hoch.

Members of the Mount Everest expedition encountered birds and fishes at great heights which previously had been thought impossible of sustaining life.

THE RED & WHITE STORES

Heatrolas

The Genuine Estate Heatrola is the only heating plant in the world that has the Intensi-Fire Air Duct. This unique device captures and utilizes heat which in ordinary heaters goes to waste up the chimney. Heatrolas are a little higher in price than ordinary circulators but far more efficient in heating and fuel saving. Ask the many satisfied Heatrola users.

HEATROLAS RANGE IN PRICE FROM \$100.00 TO \$160.00.

The Quincy Stove Co's. Circulator

Modernistic and Fireside are both very good Circulators and a little cheaper than Heatrolas—\$90.00 to \$120.00.

We Also Have the Wilson Circulators

For those who do not feel able to afford the Heatrolas. The Wilson is a very good low priced Circulator and one on which we can meet all competition and yet guarantee to give you a Quality Heater.

WILSON CIRCULATORS AT \$45.00 TO \$65.00.

If you are interested in a Heater, and one that will give you a maximum of heat with a minimum amount of fuel, it will pay you to examine our line of Circulators, which is the most complete in STYLE, QUALITY and PRICE, ever shown in Hermiston.

Oregon Hdwe. & Implt. Co.

EDITORIAL

Our idea of agony is a Mexican jumping bean with inflammatory rheumatism.

R. A. Brownson, Editor.

Question: Is a chicken two weeks old—old enough to eat? (See answer below.)

E. L. Jackson is building a chicken house this week.

A New York policeman stopped a holdup man by butting him in the stomach. One cop who used his head.

Wanted—Wet rain.

Well, if a chicken two weeks old isn't old enough to eat how can it live?

To keep your home warm burn COAL.
The fuel economical.

Ole and Jens were novices at the fishing game, but had remarkable luck at their first attempt. "By jimminy, das bane fine fishing hole. Las mark das pisce ant comb back tomorrow," suggested Ole, as he pulled up the anchor. Then as he neared the shore Ole asked, "Did you mark das place vare ve caught dose fish?" "Ya bet," answered Jens. "Ay poot cross mark on da side da boat." Ole snorted, "Val, junkhead, how ya know ve'll get das same boat tomorrow?"

Ralph Richards is adding two rooms and basement and otherwise remodeling his house. He will have a very attractive home when completed.

A little taste of repairing and remodeling would probably put your home in fine shape for the rigors of winter.

The boy stood on the burning deck. The heat was coming from coal.
