TRANSIENT TRADE? PERMANENT TRADE? THE DIFFERENCE IS THIS

To the store that caters to transient or "drop in" trade, Quality is often secondary. To the store which caters to permanent trade Quality comes first. Its existence depends on the day-by-day business of its regular customers, and regular customers are only held by Quality and Value. Red & White Stores solicit your permanent patronage on the basis of "Quality Always Higher than Price."

This unique device captures and utilizes heat which in ordinary heaters goes to waste up the chimney. Heatrolas are a little higher in price than ordinary circulators but far more efficient in heating and fuel saving. Ask the many satisfied Heatrola users.

ELECTION EDITION

Every one else was running for an office so we sort of got the urge and want to have an election of our own. Look over the swell planks in this platform and the fine candidates we offer.

OUR PLATFORM (Examine the Planks)

1. If elected we promise a City Beautiful. Remodel and repaint all of the old buildings and old homes that are being neglected.

2. Reduction in the price of everything but lumber and building material (It's too cheap already). This reduction includes gasoline, soda pop, fresh sardines, lip stick, oil tsock, bath tubs and Tom Thumb golf.

3. We are strong for raising the price of eggs to about \$1.00 per dozen.

4. And last but not least, we want you to know that we have nothing else to do but help with your building problems.

OUR CANDIDATES (Look 'em Over)
1. Ralph Brownson, editor of the best paper in this part of the country and a member of the Progressive party. His only mistake was made in 1493 1/2.

2. Earl Benschel, our yard foreman. He has been known to miss his Xmas dinner to accommodate some customer that wanted 4 pounds of cement.

3. Pankow & Wagner, our delivery men, are so fast at getting out orders they sometimes meet themselves coming back.

VOTE FOR TUM-A-LUM LUMBER Co.—X.
for building headquarters.
(Vote for only one) or all four.

J. W. McMullen is building a large chicken house this week. He will be able to heat this house by the latest underground heating plan.

One reason we regretted the passing of the village horse trough was that it left us without a parking place for the goldfish during the summer vacation.

George Strohm is putting a new shingle roof on his home this week.

Near Bend, Oregon, some hunter killed a deer, then on his way home ran over a cow. Only a pedestrian was needed to fill his bag limit.
