## UMATILLA PROJECT FAIR LIVES UP TO SLOGAN "BIGGER AND BETTER"

### EXHIBITS OF FARM PRODUCTS BIG FEATURE

Varied Program Entertains Crowd  
During Two Days; Airplane  
Popular.

Saturday evening brought to a close one of the most successful project fairs that have been held here in the last eighteen years. Although the attendance was a little below that of former years, the exhibits were of high quality. Officials of the fair say that the fair was a success from every standpoint, financially as well as agriculturally.

When the fair was begun eighteen years ago, it was sponsored by a group of Hermiston business men. It later became a financial burden on some members of the farm board took it over. It was later called the Dairy and Hog Show. Each year the fair has been improving until now the receipts are greater than the expenses and is classed as the Umatilla County Project Fair with livestock exhibits coming from all over the county.

The fair followed very much the program planned, the judging taking up most of Friday morning, with stunts in the afternoon. Saturday afternoon there were also stunts and a football game, while both evenings were taken up with dances sponsored by the local American Legion post.

The airplanes proved one of the attractions with its trips for passengers but Saturday afternoon had an accident when the landing gear broke after a trip, not injuring anyone. The repairing took the remainder of the day, so many people who would like to have viewed Hermiston from the air were denied the opportunity.

A noticeable per cent of the stock exhibited was owned by boys and girls club members. The big features in the club division were the Jersey calf offered as a prize to the outstanding Jersey calf club member by J. M. Biggs of Hermiston, which was won by Stanley Green of Echo and the Holstein calf offered to the outstanding Holstein calf club member by Hawley Bean of Echo, which was won by Floyd McMullen of Hermiston.

Farm Crops  
Farm crops was a big feature of the show, more of them being exhibited than ever before. As many as 100 varieties of farm products were shown in a single display. The Minnehaha district won the first prize.

Livestock-Poultry  
More livestock was shown than ever before, all being of a higher grade. All classes were well filled, cattle coming from all over the county.

The arrangement of exhibits in the poultry building showed a marked improvement both in display and birds.

Winners Announced next Week.  
On account of not getting all the names of the winners compiled in time for this week's issue, the full list of them will be published in the next issue of the Herald.

### PRIZES GIVEN TO WINNERS OF ASPARAGUS RECIPES

The winners of the prizes given by the Asparagus Growers' association for the most asparagus recipes are as follows: Mrs. H. L. Hedrick, Stanfield, first; Mrs. N. B. Whitford, Hermiston, second; and Mrs. F. V. Prime, Hermiston, third.

The recipes were written out and given to the person in charge at the booth where asparagus was served free Friday and Saturday afternoon at the Umatilla Project Fair. Many varied recipes were handed in and it is surprising the number of palatable dishes that can be fixed from asparagus.

Leaves for San Diego.  
Mrs. W. A. Morgan left Tuesday morning for San Diego, California, where she will spend some time visiting friends.

## HERMISTON TEAM LOSES TO PENDLETON SATURDAY

Score Stands 36 to 0 When Whistle Blows. Local's Get in Good Passing Work.

In the first football game played on the local field, Pendleton defeated Hermiston 36 to 0. The game, one of the features of the Umatilla Project Fair, attracted a large crowd of enthusiastic fans.

The ball seasawed up and down the field throughout the game, Pendleton scoring several times and Hermiston threatening to score at different stages of the game. On one occasion the local squad carried the ball to Pendleton's 10 yard line and it seemed that a touchdown was in its sight, but this dream was short lived for Hermiston lacked the necessary drive to gain yardage when it was most needed. Pendleton got possession of the ball and soon punted it out of danger.

Pendleton gained much headway through line bucks but Hermiston had to depend on passes and end runs, the other team being of such superior weight.

The score stands pretty large but all in all the local boys put up a fight that was worth seeing and with a little more experience and weight the locals would do wonders.

The line up was as follows:

Wetherall	LE	Throop
White	LT	Stewart
Winn	LG	Addleman
Winn	C	Whitsett
Umberger	RG	Cox
Copinger	RT	Reeves
Dornback	RE	Neary
Eisenberg	Q	Martin
Hew	LH	Hunt

## Oct. 10 Is Turkey Field Day at Hermiston Station

Scenes on the Hermiston branch experiment station. Above, herd of Jersey heifers on experimental sweet clover pasture; blight resistant squash which withstands curly top disease. Below, flock of 250 turkeys raised this year under confinement method; Harry K. Dean, superintendent.

Hermiston.—Possibilities of raising turkeys under confinement as a means of controlling disease will be explained at the Hermiston branch of the Oregon State college experiment station at a public field day Friday afternoon, October 10, announces Harry K. Dean, superintendent. The station this year purchased 250 poult and raised them in small alfalfa plots, changing the birds to a new plot every three weeks throughout the season. Under the disease control plan the ground will not be used again for turkeys for three years. Early indications are that the plan will work well though additional years will be required to draw definite conclusions. At the meeting Friday H. E. Cosby, poultry specialist from the extension service will be present to present information on turkey feeding. Other work of the station may be viewed the same day if desired.

## THEATRE NEWS

A collection of rollicking new ditties sung by Winnie Lightner, "queen of the song pluggers," the riotously funny antics of Joe E. Brown, famous comedian; and an exciting ring battle by George Carpenter, the man who fought Jack Dempsey for the heavyweight championship of the world, are three of the outstanding features of "Hold Everything," the Warner Brothers all natural color Vitaphone musical comedy which will play at the Oasis theatre Friday and Saturday next.

This hilarious comedy represents the proverbial last word in screen entertainment and presents an all star cast. Sally O'Neil plays the irgeune lead.

"They Had to See Paris." Will Rogers' first all talking picture, will be the attraction at the Oasis theatre next Sunday and Monday.

The story deals with the sudden rise to wealth of an Oklahoma family when an oil well comes in a gusher, and their desire to see Paris individually and collectively.

The trip is made in grand style, and once in the French metropolises.

Mrs. Peters is determined to marry her daughter to a title. She plunges into society in spite of the protests of her less ambitious husband.

The events that follow are as laughable as they are costly, and keep the family in a state of constant excitement.

The role of Pike Peters, who becomes a millionaire overnight, is enacted by Will Rogers, the best known personality in the United States. Irene Rich portrays his wife while the son and daughter are played by Owen Davis Jr. and Mar-

## LOCAL HAY GROWERS GO TO PORTLAND TO ATTEND MEETING OF COMMITTEE OCT. 9

### LOCAL DELEGATION CHOSEN TO ATTEND

Local Hay Growers Hold Meeting  
October 8 to Discuss the Quarantine Situation.

There has been some controversy lately regarding the value of the present quarantine on hay from sections where the alfalfa weevil is present. To give both sides a chance to present their arguments, a meeting was held here in Portland on October 7 in the offices of the State Board of Horticulture.

E. M. Hauser, assistant county agent of Umatilla county, in company with W. C. Hopsom, horticultural inspector, made a trip to Union, Baker and Malheur counties on a survey to determine the status of weevil injury in these counties.

The Hay Growers met in the assistant county agent's office in Hermiston Wednesday morning to hear the report which was prepared by Mr. Hauser. After hearing this report the hay growers present elected Miss Kate Stanfield, Lee Savely of Echo and S. R. Cooper of Stanfield to serve as a delegation from this district at the hearing in Portland.

It was decided by the growers present that they did not think the present quarantine would be injurious to the hay growers of this section.

The delegation from this territory will use their influence to have the board keep the quarantined lines as they now are.

## LOCAL CLUB MEMBERS WIN AT STATE FAIR

The 4-H Club Members from this community who took exhibits to the state fair made a very creditable showing in the classes in which their stock was entered. Following are the awards received by the members who sent livestock to the fair:

Floyd McMullen entered two pigs in the pig club classes and won a fourth and fifth place. In hog showmanship he took sixth place which class was entered by some twenty contestants. In Holstein cattle he showed a producing cow and a senior calf and won third and fifth place.

Maurice Pierson won first place in his class with a Holstein heifer. Jack Reeves showing a Holstein heifer won fourth place in his class.

The Jersey calf exhibited by Joe Dyer won eighth place against strong competition.

Stanley Green of Stanfield won eighth place with his Jersey calf, placed fourth with his sheep in its class and was sixth in sheep showmanship in a class of 24 entries.

The awards won by these boys are very creditable considering the competition they met in the club classes.
