LOOKING TO THE FUTURE

While the fair was not as well attended as in former years, considering the general depression, it was as good as expected.

The farm display exhibits this year were worthy of exhibition in any state fair. People of this community are overlooking a chance for the cheapest and best advertising possible if they do not plan to exhibit a farm display at the State Fair next year.

RUSSIA IN THE WHEAT MARKET

The theory of the Soviet government of Russia seems to be that if every economic institution in the world can be destroyed, in some mysterious way the "common people" will be benefitted thereby.

The theory is as wrong-headed as its author. Everybody who knows anything about human nature knows that it is not the way humanity is constituted.

The Hermiston football team made a creditable showing against a heavier, more experienced team in the first part of Saturday's game.

From the reputation Hermiston is acquiring in various lines they could well adopt a crest showing a Chinese rooster perched on a bale of alfalfa hay, under an apple tree, with a swarm of bees buzzing around, with a background showing melons, vegetables, corn and a herd of cows, with a flock of hens gazing admiringly on.

There are approximately 6,300 central telephone offices in the Bell System. This figure does not include garage buildings, warehouses, repeater stations or any of the miscellaneous equipment houses required to maintain telephone service.

Over 16,500 linemen and linemen's helpers are employed in the Bell telephone system.

WHEN ONE COW IS WORTH TWO

Get more like her and get rid of those that are not paying their board.

For a satisfactory income from a dairy herd, at least 22 cows are necessary, producing an average of 250 to 300 pounds of butterfat annually.

On the diversified farm it takes no fewer than 10 cows to pay overhead costs and satisfactory returns.

Dairying is a "Big Business"—use "Big Business" methods. In dairying as in other branches of industry, the larger the enterprise with efficient management, the greater the income.
