SUBSCRIPTION, \$2.00 PER YEAR

UMATILLA PROJECT FAIR AWARDS LISTED BELOW

MINNEHAHA DISTRICT WINNER OF FARM PRODUCTS DISPLAY

Awards Numerous in Livestock Division. Stanley Green and Floyd McMullen Win Heifers.

The awards in the different divisions of the Umatilla Project Fair are listed below:

- Division A—Jerseys.**
Class 1, bulls 3 years or over—First, Kopacz; second Hermiston Jersey Breeders Assn.
Class 2, bulls two years and under three—F. F. Pinkerton, C. W. Tilson.
Class 3, bulls 1 year and under two—W. G. Webber, H. L. Payne.
Class 4, bulls under one year—H. B. Reese, F. A. Baker, H. J. Stillings.
Class 7, champion bull—W. G. Webber.
Class 8, cow five years or over—Wm. Mitchell, E. Hanby.
Class 9, cows three years to five years—F. F. Pemberton, William Mitchell, L. C. Dyer.
Class 10, cow under three years—Pat Cassidy.
Class 11, heifer 18 months to two years—N. B. Whitford, E. L. Jackson.
Class 12, heifer one year and under 18 months—Dick Hammill, Irene Attebury, Stanley Green.
Class 13, heifer under one year—Joe P. Dyer, L. C. Dyer, Joe Dyer Sr., Wm. Mitchell.
Champion female—N. B. Whitford.
Class 14, grade cow five years or over—Wm. Mitchell.
Class 15, cow three years to five years, W. G. Dyer, L. C. Dyer.
Class 16, cow under three years—E. L. Jackson.
Class 17, heifer one year or over—Dick Hammill, W. G. Webber, Irene Attebury.
Class 18, heifer under one year—W. G. Webber, Billy Jackson, Stanley Green, W. G. Webber, B. Jendrzewski.
Class 19, open to all dairy cattle—E. L. Jackson, L. C. Dyer.
Class 20, open to all dairy cattle—James Duncan, Charles Lynch, E. L. Jackson.
Class 21, best fitted animal—Doras Throop, Kopacz, Pat Throop.
Best display dairy cattle—Coppock, C. Lynch.
Class grand champion bull, W. G. Webber.
Class grand champion cow—S. Stockard.
Division A—Holsteins
Class, bulls two years and over—Stockard.
Class 2, bulls under two years—C. Lynch.
Class 1, cows five years or over—Floyd McMullen, N. B. Whitford.
Class 2, cows three years and under five—Charles Lynch.
Class 3, cows under three years—Stockard, Floyd McMullen.
Class 4, heifer 18 months and over—M. Pierson, F. Reeves, C. Lynch, C. Lynch.
Class 6, heifer under one year—F. McMullen, D. Throop, G. Pierson, P. Throop.
Best display of Holstein cattle—Charles Lynch.
Guernsey Cattle
Class 1, bulls two years and over—James Duncan, Coppock.
Class 2, bulls under two years—Louis Ringel, Louis Buholt, Coppock.
Class 3, cows three years and over—Coppock, L. C. Dyer.
Class 4, heifer two to three years—Coppock.
Class 5, heifer one to three years—James Duncan.
Class 6, heifer under one year—Louis Ringel, Coppock, L. C. Dyer.
Division B—Swine
Class 2, best sow two years and over—F. McMullen.
Class 4, best sow under one year—F. McMullen.
Class 4, best sow and litter under 10 weeks—F. McMullen.
Class 5, four hogs get of one sire—F. McMullen.
Champion sow, Floyd McMullen.
Division C—Sheep
Class 1, ram one year or over—Albert Kennings, Stanley Green.
Class 2, ram lamb—E. Cox, Martin Bros.
Class 3, ewe over one year—F. McMullen, S. Green.
Class 4, ewe under one year—E. Cox, first and second.
Class 5, pen of four lambs—Mar-

- tin Bros., first and second.
Class 6, flock—Martin Brothers, Stanley Green.
Rabbits
Class, Buck, American Blue, R. Christian.
Class, Doe, American Blue—R. Christian.
Class, buck Chinella—O. W. Payne.
Class, doe, Chinella—E. Bense, O. W. Payne.
Class, doe and young, Chinella—John McMullen, A. Millones.
Class, buck, New Zealand Red—E. Bense.
Class, doe, Red—E. Bense.
Division D—Honey
Class 1, specimen comb honey—George Bancroft, C. Tillary.
Class 2, extracted honey—J. Skovbo, A. Skovbo, W. G. Rodda.
Class 3, specimen beeswax—Geo. Bancroft, J. Skovbo.
Class 4, single comb nucleus—J. Skovbo.
Class 5, single comb, Italian bees—J. Skovbo.
Class 7, largest and most attractive display—J. Skovbo.
General exhibit, food cooked with honey—Baptist Ladies' Aid.
Home made cookies—Mrs. J. Skovbo, Mrs. I. C. Cox.
Division D—Poultry
LEGHORNS
Class 1, four hens and one cock—Harry Spinning, first; Andrew Millones, second.
Class 2, four pullets and one cockerel—Harry Spinning, first and second.
Class 3, four hens—Harry Spinning, Andrew Millones.
Class 4, 4 pullets—Harry Spinning, Andrew Millones.
Class 5, best hen—Harry Spinning, first, second.
Class 6, pullet—Frank Gutwits, Harry Spinning.
Class 7, best cock—Harry Spinning, Frank Gutwits.
Class 8, best cockerel—Harry Spinning, Frank Gutwits.
Best display of chickens—Harry Spinning.
Best display of pullets—Harry Spinning.
Class 22, dozen white eggs—W. E. Logan.
Class 23, dozen brown eggs—Mrs. S. L. Carson, Mrs. Jessie Hooker.
Barred Rock Chickens
Class 1, four hens, one cock—Paul Marble.
Class 2, four pullets and one cockerel—Henry Sommerer, Mrs. S. L. Carson.
Class 3, four hens—Paul Marble, Henry Sommerer.
Class 4, four pullets—Mrs. H. M. Sommerer, Mrs. S. L. Carson.
Class 5, best hen—Paul Marble, first and second.
Class 6, pullet—Paul Marble, Margaret Hemphill.
Class 7, cock—Paul Marble.
Class 8, best cockerel—C. O. Marble, Henry Sommerer.
Turkeys
Class 16, two pullets and one cockerel—M. Fuller, Patricia Richards.
Class 17, best hen—M. Fuller, A. Millones.
Class 18, best pullet—M. Fuller, Patricia Richards.
Class 19, best cock—Andy Millones, M. Fuller.
Class 20, best cockerel—Mary Ward, Dick Hammill.
Class 21, best display of turkeys—M. Fuller, Andy Millones.
Division F—Farm Products
Minnehaha district, first; Columbia district, second; Stanfield district, third; Irrigon district, fourth; Umatilla district, fifth.
Class 1, Rural potatoes—Andy Kopacz, Mrs. Reiks, W. J. Logan.
Class 2, Nettle—Gem—George Strohm, Logan Todd, J. M. Richards.
Class 3, Corn, 15 ears—W. E. Logan, first and second, W. G. Webber.
Class 4, Corn, 12 stalks—W. G. Webber, W. G. Logan, Andy Kopacz, C. M. Jackson, Dick Hammill.
Class 5, C. M. Jackson, J. H. Hannimill.
Class 6, onion—R. W. Wilkes.
Class 6, table carrots—J. Skovbo, Mrs. Rueber, Mrs. Cox.
Kid's Booth.
Best exhibit of artistic display of farm products—Frank Rodda, Lois Hutchison, Anna Hedrick.
Four inch bundles barley—W. E. Logan.
Oats—W. E. Logan, Andy Kopacz.
Wheat—Mrs. S. L. Carson.
(List of awards continued next week)

LEGION AND AUXILIARY PLAN HALLOWEEN FESTIVITIES

Meeting to be Held at William Logan Home October 23. Committees Appointed.

The last meeting of the American Legion Auxiliary was held in the Legion hall last Thursday evening with Mrs. Martha Boynton and Mrs. H. W. Kelley as hostesses. The regular business was carried on after which special musical numbers were given under the direction of the music chairman, Mrs. Vera Norton. At the close of the meeting refreshments were served by the hostesses.

The next meeting will be held October 23 at the William Logan home when the plans will be definitely carried out for a Newwollah which will be put on by the American Legion and its Auxiliary with the approval of this school. It will take place on Halloween night and will consist of a night parade in which all school children are urged to participate. Prizes will be offered for various costumes. Following the parade a party will be held for all grade and high school pupils and their parents are urged to partake of the festivities. Everything will be free and a good time is being planned for those who will attend. The Marshfield post has held a Newwollah the past several years and it is heartily supported and approved by the parents of school children and by all of the city.

Mrs. James Todd will be in charge of the festivities and committees have been working hard so as to promise the kids a good time. So in the meantime everyone fix and plan their costumes cause that is the night the witches walk and strange things happen, and no one wants to miss them.

LOCAL GIRL WINS AWARD FOR HIGHEST SCORING CLUB GIRL

Beverly Allen won the scholarship given by J. A. Yeager county school superintendent, to the highest scoring club girl at the Umatilla Project fair held in Hermiston last week. All of her expenses will be paid while attending the club summer school at Corvallis next June and transportation will also be paid.

This is Beverly's first year in club activities and she has done some exceptional work, having completed the home cookery project one and sewing division one, winning third in the cookery project and first in sewing. She is a member of the Minnehaha Merry Mixers and Merry Stitches of which she is president.

W. J. Tabor, of Lewiston, Idaho, was in Hermiston this week visiting his brother, J. H. Tabor.

TURKEY FIELD DAY HELD OCTOBER 10

LARGE ATTENDANCE OF GROWERS NOTED

Results and costs of Experiment Turkey Flock Given. H. E. Cosby Attends Meeting.

October 10 was Turkey Field day at the Hermiston Experiment station when turkey growers of the county came to see the results of the experiments being conducted by Supt. Harold K. Dean, over the possibilities of raising turkeys under confinement as a means of controlling certain diseases among the birds. Those attending looked over the plot upon which the flock of 225 turkeys have been moved five times during the present season. This has kept the birds on clean ground and the loss from disease to the flock has been less than one per cent. The turkeys contained in the flock were secured about May 1.

Results of the test show the feed cost per pound per bird up to September 1 to have been 3 1-2 cents per pound. The overhead to date is shown to have been 3 1-2 cents including original cost of stock and fuel for brooding. A little mash is being fed the turkeys but from now on they will be on a straight grain finishing ration, stated Mr. Dean, and 75 per cent of the birds will be sold on the Thanksgiving market.

Toms in the finishing lot October 9 showed an average weight of 14.85 pounds, and hens in the finishing lot 10.59 pounds.

H. E. Cosby, poultry specialist from the Extension service, who was particularly interested in the experiment, was present at the meeting, as was also F. W. Knowlton of the service. J. T. Jardine, state head of County Agents, was another present.

RESOLUTION ADOPTED TO MOVE EXPERIMENT STATION

A resolution was presented and adopted at a meeting of the Farm Bureau Friday evening looking to the removal of the present experiment station north of town to land situated on the highway midway between Hermiston and Stanfield. The matter has previously been up for consideration and an effort will now be made through state congressmen and senators to speed up the matter. J. T. Jardine, head of the state stations, was present at the meeting in the interest of the change. H. E. Cosby, who was here for the meeting, addressed those present on poultry problems.

FARM BUREAU TO CARRY OUT BUILDING PLANS

Contract For Work Authorized to be Let Soon. Cost to be Between \$6000 and \$8000.

At a meeting of the Farm Bureau held Monday afternoon, called to consider amendments to the by-laws and to consider building plans, it was voted to proceed with a building program, and between \$6000 and \$8000 will be expended in building and equipment. Three amendments to the by-laws of the association were voted permitting the use of money for building purposes of the 2 per cent capital revolving fund. The board of directors were given authority to proceed with the building, and plans are expected to be received from a Portland architect within a few days. With a meeting of the board, which is expected to be held soon, bids will be submitted from contractors and the award made. The building will be either a concrete or wood covered with sheet iron, according to the judgment of the board.

The site of the proposed new building adjoins the present structure. New equipment will be installed in the building.

POULTRY RAISING FAST BECOMING MAJOR INDUSTRY

That poultry raising for egg production is fast becoming one of the major farm activities in the west end of the county on the irrigated farms, is attested by the large number of poultry and brooder houses constructed during the past six months. Many more buildings for this purpose are to be constructed this fall in time to house the laying flocks for winter. Buildings now under construction or starting this week include an addition to his present plant by Dr. A. E. Marble on his ranch south of town.

Bill Logan is building a house 36x24 feet which will be ready shortly. At Stanfield William Haggman is building a large poultry house 62x24 feet. F. L. Wooster one 50x24 and R. G. Penny of the same place will start work on a house 26x20 feet. C. W. Reeping will start work soon on a poultry house 50x24 feet. C. E. Moorehead was hauling material Friday of last week to his ranch on upper Butter creek for a structure 40x20 feet.

Figures of the local crop census report for the past season are not yet available to the public but are expected to show a large increase in the poultry population on the farms of the irrigated sections.

P.T.A. HOLDS MEETING THURSDAY OCTOBER 18TH

IRRIGON NEWS ITEMS

Bert Benefiel returned from Portland Monday where he has been for the last month receiving medical treatment.

A daughter weighing 11 pounds was born Tuesday, October 7, to Mr. and Mrs. Harry Smith. Both mother and baby are doing nicely.

Mrs. Della Houghton, who has been visiting her son, Fred Houghton, the past week, left Tuesday morning for her home in Portland.

Mr. and Mrs. L. L. Seitz left last week for California where they will spend the winter. They are planning on returning to this city in the spring.

Mrs. W. C. Isom and daughter Dorothy returned home last Tuesday from Venatchee, Washington, where they have been working for the past several weeks.

Mr. and Mrs. J. J. Wells were Irrigon callers Wednesday.

The work on the repairing of our community roads in this locality was started Monday and everyone seems to be on the job. It is estimated that the work will not last as long as previous years. Fred Markham is road foreman and is in charge of the work.

R. C. Brown of Eugene, Oregon moved to his new home in this locality the first of this week.

W. A. Chaney and family are in Graust Pass, Oregon, where they expect to settle in the near future.

Mrs. Marshall Markham and two children are visiting at the home of Mrs. Markham's parents, Mr. and Mrs. J. E. McCoy.

Mrs. O. Coryell who has been in The Dalles receiving medical treatment returned to her home in this city Thursday of last week accompanied by her mother, Mrs. Lorenzen, an uncle, Mr. Lorenzen, and a cousin, Thelma Lorenzen, who returned to The Dalles the same day.

EXTENSION AGENT FROM ALASKA TO GIVE ADDRESS

M. G. Snodgrass, Agricultural Extension agent of the Alaska Railway, will be in Hermiston Sunday, October 19, and will give a free lecture at 8 o'clock on that day in the Methodist church. He will speak on "Homesteads and Agricultural Opportunities in Alaska" and his lecture will be illustrated by numerous slides and pictures which should prove very interesting.

Everyone is urged to attend and learn something of agriculture in Alaska.

THEATRE NEWS

Don Carlos Jose Rafael Sebastian De Rivero as played by Frank Fay in "Under a Texas Moon," the Warner Bros. and Vitaphone first 100 percent talking, singing outdoor picture in technicolor at the Oasis theatre Friday and Saturday next, is one of the most monumental and delightful liars of all time.

"Under a Texas Moon" tells the story of this remarkable dabbler with the truth in a spectacular outdoor picture, photographed in natural colors. The cast includes besides Mr. Fay—Armidia, Noah Beery, Myrna Loy, Raquel Torres, Mona Maris, Fred Kohler, Tully Marshall and many others.

George Arliss is coming to the Oasis theatre on Sunday and Monday in the Vitaphone version of one of his great stage successes, "Disraeli," which was produced with great care and under the expert supervision of several noted historians. It is a picture of dramatic power and has been listed as one of the finest products of the talking screen.

The story deals with one of the most exciting and melodramatic episodes of Disraeli's career. This great statesman had the eyes of the world on him when he succeeded in acquiring the Suez canal for England. And it is around this particular bit of political sagacity that the story of the picture "Disraeli" is woven.

Surely the role of Disraeli is a splendid one for the artful George Arliss. His portrayal of this character is a distinguished one.

COOKED FOOD SALE TO BE HELD SATURDAY, OCTOBER 18

Hot Lunches to be Served at School This Year. Program is Given.

The second meeting of the P. T. A. this year was held last Thursday afternoon, October 9, in the high school auditorium when the following program was presented:

1. Four songs by Third Grade.
2. Paper on "Worthy Home Membership," read by Mrs. Howard Reid.
3. Piano solo by Cecil Warner.
4. Discussion on "Education for Parenthood," by Mrs. Dyer.

A report of the membership drive was given by Miss Patri and a total of \$37.50 was collected. The fifth grade had the highest per cent of members and will be awarded the prize.

A motion was made and carried to purchase a 16-foot slide to complete the playground equipment. To help pay for this a cooked food sale is to be held Saturday, October 18 at the Hermiston Market at 1 o'clock P. M. Mrs. F. V. Prime, Mrs. C. M. Best and Miss O'Keefe are on the committee in charge of the sale and it is urged that everyone remember the sale and bring their contribution.

A ways and means committee consisting of Mrs. F. Moore, Mrs. Baxer Hutchison and Miss Loewher was appointed to make investigations concerning hot lunch at school this winter. The committee will make their report at the November meeting.

The following committees were appointed to serve for next meeting: Mrs. C. Warner and Mrs. Ralph Richards program committee, and Mrs. French, Mrs. Earnheart, Miss Cranna and Miss Werry, refreshment committee.

DR. F. V. PRIME DESCRIBES CONDITIONS IN THE EAST

Dr. F. V. Prime who returned last week from Rochester, Minnesota, where he has been attending the Mayo clinic, tells us he spent most of his spare moments while there in a dental department where a great deal of research work is being done on pyorrhea, blind abscesses and diseases of the teeth and mouth in relation to general health.

He returned by way of Nebraska where he visited his old home and states that in most of Nebraska the crops are fine, especially corn. He passed through much of the drought stricken areas where things were just beginning to get green after early fall rains. These folks that the people of the east and midwest are getting will, in Dr. Prime's opinion, make projects such as ours look mighty good to them, with an abundant water supply and long growing seasons. In the areas visited by Dr. Prime, he stated that while conditions are not good there seems to be a note of optimism in the air and most everyone seems to predict a betterment of times in the near future. He goes on to say that there is very much more activity in real estate on our project than in other parts of the country.

After hearing about other parts of the United States, we find that we are lucky to live on the Hermiston project.

WEATHER REPORT

Date	Max.	Min.
