it gets skinned.

VOL. XXV NUMBER 12

HERMISTON, UMATILLA COUNTY, OREGON, THURSDAY, NOVEMBER 20, 1930

SUBSCRIPTION, \$2.00 PER YEAR

FIRST TURKEY POOL RECEIVED MONDAY

PRIME BIRDS BRING THIRTY CENTS A POUND

Turkeys to Be Sold on the Pacific Coast 2,761 Birds are Received.

The Eastern Oregon Turkey Growers association held their first turkey pool Monday, November 17, and received their first full carload. According to E. M. Hauser, assistant county agent, who worked in the pool, the birds were in fairly good shape for this early in the year, although there would have been a decided increase in percentage of prime birds if they had been allowed 2 to 3 weeks longer, when birds would have been more fully matured. These signed up in pools were 50 percent for prime birds of which 69 percent was paid to the grower on delivery and the balance will probably be sent within the next three weeks.

The total number of birds received were 2,761 making 36,672 pounds, that were shipped. Of that number, 19 per cent were graded as prime, 49 per cent as choice, 20 per cent as medium and 3 per cent as common. The pool was sold on the basis of 30 cents for prime birds of which 69 percent was paid to the grower on delivery and the balance will probably be sent within the next three weeks.

SENATOR McNARY TO HELP ESTABLISH STATION

The government has been intending to do away with the Experiment Station at Hermiston at the end of the present fiscal year, and several of the local people have taken the matter up with various persons and departments that have something to do with such things. They are asking them to establish a better station on lands south of town. The following is a wire received from Senator Chas. L. McNary in regard to the situation: "Upon my return to Washington the resolution of your organization was brought to my attention. I conferred with the chief of the Bureau of Plant Industry who advised that funds for maintenance of stations of this type are covered in lump sum; and, although the bureau has been considering relative needs of various stations, no definite action will be taken for another year. When next year's appropriations are under discussion, however, the question of extension or discontinuance of the Hermiston station will be studied and decided upon. I have advised the bureau of the great need of your district for enlarged experiments and shall urge upon the bureau a favorable consideration of your recommendation and do everything I can to assist."

FOX RIVOLI, PENDLETON

"The Bad Man" has the unique distinction of being a picture laid on an Arizona ranch, yet having but three out of door scenes in the entire film. Walter Huston plays the role of the bandit, Dorothy Revier, O. J. Heggie, Marlon Byron, Arthur Stone, James Rennie and Johnny Arthur are among those in the cast. "The Bad Man" is a First National Vitaphone production and comes to the Fox Rivoli Theatre on Sunday, Monday, November 23-24.

P. G. Wodehouse didn't need the "H" key on his typewriter when he wrote the dialogue for "Those French Girls," a farce comedy with Reginald Denny and Fifi Dorsay in the featured role. This was Wodehouse's first assignment. Opens Tuesday, Wednesday at Fox Rivoli.

William Haines becomes a voice mimic in "Remote Control," his new Metro-Goldwyn-Mayer starring feature which will open on Thursday-Friday, November 27-28, at the Fox Rivoli theatre. In the pictureization of the stage his Haines puts on a whole radio program himself doing an "Amos 'n Andy" and other microphone acts.

DESIGNS COVER PAGE

Mrs. N. E. R. Carter is the designer of the title page for the American Canary and Cage Bird Life for the issue of November. Armistead Carter is also a contributor of several articles in the magazine, which is published in Chicago and has a large circulation among bird fanciers of the United States.

WEATHER REPORT

Date	Max.	Min.
November 13	51	24
November 14	41	20
November 15	42	29
November 16	53	28
November 17	48	32
November 18	48	19
November 19	51	25

There was .83 of an inch of precipitation during the past week.

P. T. A. HOLDS MEETING THURSDAY, NOV. 13

Hot Lunches to be Served to School Children Starting Soon.

The regular monthly meeting of the P. T. A. was held last Thursday, November 13, at 3 o'clock, in the high school auditorium, when the following program was given:

Current Events, by Seventh Grade. Piano Selection, by Florence Pearson, Anna Ray Martin and Betty Ralph.

An address, "School and the Enrichment of Human Life," by Rev. Jones was very much enjoyed by those present.

A report of the money received from the cooked food sale was given and it was decided that \$10.00 was cleared from the sale.

It was decided to have a donation shower of vegetables and things suitable for hot lunches. Details of the shower and when to start hot lunches were to be reported to the executive committee. It was moved and carried that Mrs. Todd appoint a very competent committee of three to find some one to serve the lunches and do the buying for same.

Mrs. Turnblad gave a brief summary of work carried on by the Service Shop committee for the last year. The following committees were appointed to be in charge of the December meeting. Refreshments: Mrs. J. M. Pegg, Mrs. Paul, Mrs. Bert Mullins, Miss Thoeny and Miss Holm. Program committee: Mrs. F. V. Prime and Mrs. H. T. Fraser.

HUNTING TO BE PERMITTED ON COLD SPRINGS RESERVATION

Pursuant to Regulation 3 of the Regulations for the administration of Wild Life Reservations, approved May 7, 1930, by the Secretary of Agriculture, it is hereby ordered until further notice, subject to the provisions of the Migratory Bird Treaty Act of July 3, 1918, and the regulations adopted thereunder, and in accordance with the provisions of the laws of the State of Oregon, migratory water fowl except wood duck, elder ducks and swans, and coots may be hunted, without permit during the open season provided therefor by Federal and State laws, on lands of the United States within the exterior boundary of that portion of the Cold Springs Reservation in the State of Oregon (set apart and reserved as breeding grounds for native birds by Executive order No. 1032, dated February 25, 1909) described as the northwest quarter and the west half of the northeast quarter of section 12, in township 4 north, range 29 east, Willamette meridian: Provided, however, that such hunting shall be done only with shotguns not exceeding No. 10 gauge in size.

ROAD MARKERS PLACED

Markers have been placed on the roads of the project by the A. A. A. which should prove very helpful to motorists and others. The Cold Springs and Holden routes have been marked, which have been particularly confusing to those traveling these roads for the first time.

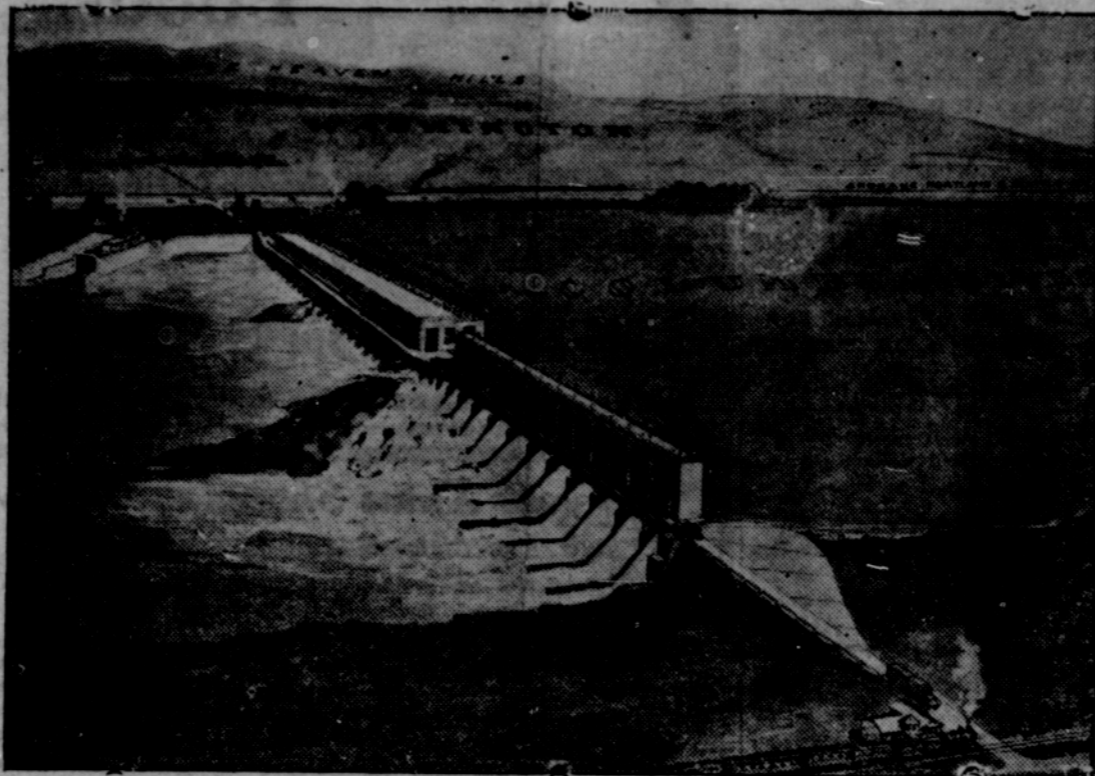

THEATRE NEWS

The "voice" of Fifth Avenue, New York, is now taken to the far corners of the world via Vitaphone. The aristocrat of thoroughfares figures prominently in Dorothy Mackall's latest starring vehicle, "Hard to Get," which will run at the Oasis theatre Thursday and Friday nights of this week. Miss Mackall and her leading man, Charles Delaney, take part in the scenes while Louise Fazenda, Edmund Burns, Jack Oakie and Carlotta Selwynne are prominently cast.

Fire and water each have distinctive voices and both are faithfully recorded for the screen in "Golden Dawn," the Warner Brothers Vitaphone Technicolor operetta, to be shown at the Theatre Sunday and Monday next.

The burning of a sacrificial pyre and the sudden fall of rain that follows, extinguishing the blaze, is one of the most spectacular scenes in a highly dramatic and picturesque musical romance.

Walter Woolf, Vivienne Segal, Noah Beery and Alice Gentle head the all star cast of "Golden Dawn."

ADOPTION OF UMATILLA RAPIDS PLAN DEMANDED TO GIVE THOUSANDS WORK. VIEW OF COMPLETED DAM AS CONTEMPLATED AT THREE MILE RAPIDS, ON THE COLUMBIA, SEVEN MILES NORTHEAST OF HERMISTON.

URGE WORK ON UMATILLA RAPIDS PROJECT

(By Marshall N. Dana in the Portland Journal.) Demand that Umatilla Rapids project be adopted by congress at its coming session as an employment relief measure is taking form throughout the Pacific Northwest.

Employment of between 7000 and 8000 men during the construction period is predicted.

Employment in industries that will furnish materials would be increased.

A train more than 100 miles long would be required to haul the cement necessary in building the dam, it is said.

Enough lumber would be used in construction and to house workers to build a small city.

In addition machinery, supplies, structural materials of miscellaneous nature and transportation would be used in a big way for the \$45,000,000 dam.

Food supplies alone would be a large item of interest to producers. Proposal to create a "Committee of One Hundred" to voice the unanimous sentiment of Portland for the project is before the Portland Chamber of Commerce.

Washington and Oregon groups, with direct interest in cheap power because of passage of their power bills at the last election, are already moving toward concerted support of the Umatilla Rapids bill which is to be reintroduced by Senator McNary in the senate and Congressman Butler in the house at the opening of the next session.

Hearings to be held before a joint session of the house and senate committees on reclamation and irrigation are arranged to be held in January.

Governor-elect Meier will be represented in urging adoption of the project in person if possible, Mayor Baker of Portland has stated that he will travel to the national capital in the interest of the project if the necessary arrangements can be made. Similar suggestions affect Governor Hartley of Washington, Governor Baldrige of Idaho and the mayors of Tacoma, Spokane, Walla Walla, Yakima and Pendleton.

E. B. Aldrich, chairman of the campaign committee, and George C. Baer, secretary of the Umatilla Rapids association, both of Pendleton, have been in Portland several days in behalf of the project. A budget of \$10,000 is necessary to carry on the campaign, they said. H. R. Richardson, Wasco county wheat grower, member of the board of the wheat growers league, and a leader in the Columbia valley association, came to Portland Saturday in behalf of the navigation feature on the Columbia.

"Wheat is quoted at 41 cents at Pomeroy," he said. At The Dalles it is about 50 cents and in Portland 63 cents. These are tragic prices. Unless we can have cheaper transportation we are ruined as wheat growers. In Wasco county we grow 500,000 bushels of wheat and pay some \$800,000 in taxes.

"Wheat is our major crop; if it fails the country and the district fall. I have lived and worked on my farm 47 years. My wife and I began our life there together.

"I built a home for my son when he married. We had visions of retirement when he took hold, and he is doing his part like a man."

Renewed assurance from President Hoover to Senator McNary of administrative support of the Umatilla Rapids project, as revealed in recent press dispatches, has spurred Northwest effort.

Umatilla Rapids has the advantage of having been completely engineered by the government. A base of 100 feet of rock would form the foundation of the dam. Reclamation can be installed by pumping as required. The Columbia would be canalized to the mouth of the Snake in aid of navigation. There would be an element of flood control and an interstate bridge would rest upon the crest of the dam. Estimates for power are the lowest known.

JUNIOR CLASS PLAY TO BE GIVEN FRIDAY, NOV. 21

"A Pair Of Sixes" to Start at 8:00 O'clock at O'asis Theatre.

Don't forget about the Junior class play which will be presented at the Oasis theatre Friday, November 21, at 8 o'clock.

The three act farce, "A Pair of Sixes," is an amusing comedy and much amusement will be gotten out of the fighting between two business partners. Finally they decide to settle everything by a game of poker. Come and see how it is decided. Of course, there is a girl and a boy and a villain and everything that will make the evening entertaining.

Music for between the acts will be furnished by the high school orchestra and by the girls' sextet.

Eugene Hanby and Wesley Flossing have been appointed stage managers while Marjorie Mullins, Bob Cox and Dorothy Addelman are on the ticket committee. Floyd McMillen, head of the advertising committee, has been hard at work so that everyone learns about the whereabouts of the play.

The cast is as follows:
Chas. Nettleton Jimmy Neary
Dick Hitt Dick Hitt
Mrs. Nettleton Fern Lindner
Florence Janey Shockey
Vanderholt Chester Johnson
Sally Parker Helen Wroughton
Krome Walter Pearson
Tony Toley Lawrence Svarner
Applegate Bob Henderson
Shipping Clerk Bob Co
Jimmy, office boy Clark Par
Coddles Edna O'Connell

LEGION AND AUXILIARY MEMBERS ENJOY POTLUCK SUPPER

About fifty people, including Legion members and their ladies and Auxiliary members and their escorts, enjoyed a sociable time when they met in the Legion hall last Thursday evening for a pot-luck supper.

Following the supper a short business meeting was held by the Auxiliary and a program prepared by the Americanization committee of which Mrs. B. S. Kingsley is chairman, was given. The program consisted of community singing of songs that were popular during the war days led by Oscar Payne, several of the Legion members related their most exciting moments when they were overseas. "Oscar Payne sang a solo and Mrs. Oscar Payne and Mrs. Joe Norton played a patriotic piano duet. Mrs. T. M. Biggs gave a very interesting account of when she visited Arlington cemetery and the grave of the unknown Soldier.

Following the program, the evening was spent in informal visiting.

CHURCH ANNOUNCEMENTS

At the Methodist Church There will be union Thanksgiving services in the Methodist church next Thursday evening at 7:30 P. M. Everyone is cordially invited. Rev. Butler will deliver the Thanksgiving message.

Regular services in the morning beginning at 10 o'clock with Sunday school. You are urged to come and worship with us.

We will begin a series of special meetings on December 7. Dr. Laurence A. Meade, an evangelist of wide scope and experience will be in charge. With him will be his brother, a Baptist, and Dr. Meade's wife who is a specialist in children's work. In preparation for these services, we are beginning a series of cottage prayer meetings in private homes where the ladies of the town are planning to hold a few moments of prayer together. The first of these will begin Tuesday at 10:30 A. M. The west side home at Mrs. C. A. Paul's. On the east side at the hospital at 10:30. All ladies are invited. O. W. Payne, pastor.

The Hermiston Baptist Church Sunday school at 10 A. M. Morning worship 11 A. M. Sermon topic, "A Heavenly Broadcast or Good News in Hard Times." Evening worship 7:30 P. M. Sermon topic, "Out of Line—Out of Luck."

Prayer meeting every Wednesday evening, 7:30 P. M. Pioneer club meeting. A pot luck lunch Friday evening November 21, 7 P. M.

10 A. M. Bible school. The Bible school is making a steady growth. Its attendance has reached over the '06 mark. To all those that are not attending other schools we invite you.

11 A. M. Preaching service. Song service and choir special. "Mixed Market." "Raise Me Jesus to Thy Bosom."

11:30 A. M. Sermon, "Be Not Weary in Well Doing." 6:30 P. M. Christian Endeavor and prayer meeting hour. 7:30 P. M. Preaching service. Song service and choir special. "When the Harvest is Past." 9:00 P. M. Sermon "When the Chickens Come Home to Roost."

HERMISTON LOSES LAST GAME 12 TO 0

PILOT ROCK WINS FROM LOCALS 12 TO 0

Opponents Make Gains by Line Bucks While Hermiston Resorted To Passes.

The Hermiston high school football team lost the last game of the season in a hard fought battle with the Pilot Rock football team last Friday on the local gridiron by a score of 12 to 0. The Pilot Rock team, being the advantage in weight and speed proceeded to be a little tough on the local. The opponents made large gains by power plays through the line but were unable to complete their aerial plays, while Hermiston had to resort to trick plays and passes.

During the first quarter, Dick Martin, local safety, proved himself capable of knocking down the opposing team's power and did some good kickoff work throughout the game. Pilot Rock's large half back made large gains through the line and after considerable fighting the visitors pushed the pigskin over for a touchdown, but failed to make the extra point.

In the third quarter, Hermiston had the most spectacular play of the game in which Neary went in for a fake substitution play. Martin, whom the opposing team thought was being taken out of the game, received a long pass for a gain of about forty yards while his brother Dick Martin, stepped out of the game on the opposite side of the field to complete the substitution. But with all the gain Hermiston could not break through the heavier team. In the last few minutes of the third quarter, the Pilot Rock right tackle intercepted a long pass and ran 60 yards in an open field for a touchdown. The try for a point was blocked thus making the score 12 to 0. In the fourth quarter, the locals held the Pilot Rock team from making any more points but were unable to score before the fourth quarter ended.

The line-up was as follows: Hermiston: Cox, Stewart, Swarner, Whitsett, Reeves, Throop, E. Martin, Hunt, J. Martin, Addelman and Neary. Pilot Rock: Michael, French, Smith, Oliver, Knotts, Boyd, Bracher, Massey, Cassidy, Byrd and Chas. Bracher.

DATE FOR LIBRARY BENEFIT CARD PARTY TO BE NOV. 21

The date for the library benefit card party to be held in the library building, is set for November 24, and the committee in charge, of which Mrs. C. M. Best is chairman, is going forward with plans for an entertaining evening. Tables of both bridge and 500 will be played and special features have been arranged to help entertain the guests. A charge of 50 cents a person will be made which will entitle them to an evening of card playing as well as refreshments. Everyone is cordially invited to attend.

JAMES L. DUNN

James L. Dunn died at his home in Oakland, California, Monday morning, November 10, his death being due to an attack of Angina Pectoris. Mr. Dunn was chief engineer on the Southern Pacific ferry Contra Costa, transporting trains across Corquinez straits, until October 15, when the new bridge was put in operation. He was a member of the Alameda lodge of Elks, the U. S. marines and the American Legion. Funeral services were held at the Presidio, at San Francisco on Thursday morning. Mr. Dunn was ensign in the U. S. navy during the world war.

Citizens of Hermiston and surrounding territory remember him as the sister of Laura T. Dunn, Alice R. Nugent and Juanita M. Llewellyn, all of Umatilla. They attended the funeral and Miss Dunne expects to remain in Oakland for the present.

APPLE SPRAY CAUSES ILLNESS

J. S. Burnham was confined to his illness which he attributed to inhaling a couple of days last week from a can of sprayed apples or from drinking elder. Miss Ruth Bessel was also confined to her home for a few days from an illness attributed to the eating of sprayed apples.

His Hearty Endorsement

By Albert T. Reid

Let us all help this most worthy cause
