The fiftieth wedding anniversary of Mr. and Mrs. E. P. Illsley of this city occurred on Tuesday, November 25, 1930. In honor of the event a musical program was given them Tuesday evening by Queen Esther Chapter of the Eastern Star.

Mr. Illsley is a well-known and respected pioneer merchant of Hermiston, having been active in business and civic affairs for more than 20 years. Soon after moving to this community in 1910 he set up a trade in the blacksmith business which he carried on for over 10 years.

They resided in Dover several years after which they moved to Sleepy Eye, Minnesota, where they lived until 1900 when they moved to Clarkston, Washington. They came to this community in 1910 and have made it their home since then. Present at the anniversary observance Tuesday were Mr. and Mrs. Illsley's two children, Dr. W. W. Illsley, former resident of Hermiston, now of Fullerton, California, and Howard Illsley who is engaged in the jewelry business in Camas, Washington.

THIEVES CONDUCT RAID IN HERMISTON AND UMATILLA

Thieves entered the school house some time Sunday night and got away with an assortment of property. This included two Navajo blankets from the rest room, a six shooter, about \$2 in cash and some other small articles. A systematic search for valuables was made by the thief or thieves, who ransacked the steel filing cabinets taking some small articles but passing up registered bonds in the case. Entrance was gained by prying open a basement window after other means of entrance had been tried. After entering the window was carefully closed. Later the Standard Oil station was entered and some gas and oil may have been taken. The same evening a school and service station at Umatilla were broken into but little of value was taken at the place. Two men stripped two tires from a car belonging to Armistead Carter and the same morning two guests at the Hermiston hotel departed from the hostelry each carrying a blanket on their arm, the property of the hotel. The loss was not discovered until later.

Several nights later, the night keeper of a lunch room in Umatilla was held up and robbed of about \$35 in cash, and several valuable articles from a punch board that was in the lunch room. None of the thieves have been caught as yet.

Visits From Pendleton.

Mrs. G. R. O'Daniels of Pendleton, Oregon, arrived in this city Wednesday to spend Thanksgiving day at the home of her daughter, Mrs. F. C. McKenzie.

DIRECTORS OF TURKEY GROWERS ASS'N MEET

SIXTY PRODUCERS BELONG TO ASSOCIATION

Two Carloads of Turkeys to be Shipped Before Christmas Holiday.

The board of directors of the Eastern Oregon Turkey Growers met at the assistant county agent's office on Thursday, November 20, to discuss affairs connected with the shipment of turkeys that the association sent out last Tuesday.

At this meeting the names of members joining the association since the last director's meeting were brought up and the new members accepted. More than sixty producers in the Hermiston, Stanfield and Boardman communities are now members of the association.

It was decided at this meeting that in the future no new members would be accepted ten days prior to any shipping date. It was felt that this move was necessary in order to avoid confusion in marketing arrangements. When arrangements were being made for the last shipment it was thought that only slightly over one-half of a carload would be put on the market at this time, but a heavy last minute sign-up brought a full carload to be cared for, which resulted in a good deal of delay and confusion to care for the unexpected volume. However, the action of the board of directors in shutting down on late signers will tend to overcome this difficulty in the future.

While there has been no definite information as yet as to when the next shipment will be, the directors are in favor of putting out a shipment as soon as a carload of birds in prime condition can be assembled. It is probable that there will be two shipments before the Christmas holidays.

BENEFIT CARD PARTY NETS APPROXIMATELY \$17 PROFIT

Mrs. F. B. Swayze Wins First Prize For Women; Bert Haneline Gets Prize for Men.

Approximately \$17.00 were made at the benefit card party given Monday night of this week in the library building by the library board for the purpose of raising money to buy new chairs. There were 8 tables at the party, where both bridge and 500 were played.

There were first and second prizes for both men and women. Mrs. F. B. Swayze won the first prize and Mrs. Bert Haneline won the second prize for women. Bert Haneline and Ralph Richards won the first and second prizes for men.

Since the refreshments, served at 11 o'clock, were donated, the expense of the party was very small, making most of the money taken in profit.

At the benefit party held this time last year, considerable more money was taken in there being 12 tables at that party. The library board, composed of Mrs. C. M. Best, Mrs. Carl McNaught, Mrs. Walter Hamm, Mrs. H. T. Fraser and Mr. B. S. Kingsley, thank the people that attended, but are greatly disappointed because there was not a larger crowd.

A feature dance by Miss Twilla Hauke was given during the evening for the entertainment of the guests.

WORK OF U-GO-I-GO CLUB DESCRIBED

CLUB ORGANIZED IN 1924 BY SEVERAL LADIES

Twelve Quilts are Sent to Albertina Kerr Nursery This Year.

Years ago a number of ladies began to meet occasionally for purely social reasons. In August, 1924, they decided to organize and meet regularly in the various homes. They elected officers as follows December 4, 1924: President, Mrs. Charles Kaiser; vice-president, Mrs. R. Agnew, and secretary-treasurer, Eida Buhman.

Papers on such topics as labor problems, political questions and national development were read. Busy housewives in rural districts have not much time to devote to research so the organization began to look for new sources of interest. They settled on charitable work and upon investigation of Mrs. C. M. Jackson, they decided November 5, 1929, to make quilts for the Albertina Kerr Nursery. Local needs are, of course, provided for first. In the last year twelve quilts have already been sent to the home and some given as birthday gifts to club babies.

The ladies of the club and their friends donate all their surplus sewing scraps and a small monthly due pays for cotton linings, mailing and other club expenses.

The club has its social and fraternal side in that they have occasional picnics, surprise parties and visit or send flowers to members who are ill.

The present officers are: President, Mrs. J. Prindle; Vice-President, Mrs. Rodda and Secretary-Treasurer, Mrs. C. Flannigan.

Anyone may join this happy group of faithful workers.

CORRECTION

The article in last week's issue of the Herald, "Hunting to Be Permitted in Cold Springs Reserve," was incorrect, however the order mentioned in the story referred to the closing of that portion of the South Canyon, or Despain Gulch, which in the past few years, has been open to hunters.

Hunting on the Cold Springs Reserve remains closed as in the past with the additional closing of Despain Gulch known as the canyon running south from the original southern reserve line.

FIGURES FOR ABORTION TEST GIVEN OUT BY AGENT

8.75 Per Cent of Animals Tested Showed Indications of Disease.

Figures just made available from the assistant county agent's office, show that progress is being made in eradicating infectious abortion on the Hermiston project.

When this work was first started here 42 per cent of the animals tested were reactors. By a gradual process of eliminating the reactor animals from the local herds the percentage has been cut down until the test conducted the middle of this month showed less than 9 per cent reactors.

Progress can even be noted within each year. The following figures give a comparison of results of the test conducted last spring and the test this fall:

	Apr.	Nov.
Test	Test	Test
No. Herds tested	154	134
No. Animals Tested	1370	1302
P. C. Herds Infected	30.5	24.6
P. C. Animals Reacting	10.1	8.75

With this progress in mind, it is quite possible that this community may in time reach the stage when it can be accredited as an abortion free area.

JUNIORS PRESENT SUCCESSFUL PLAY FRIDAY NOV. 21ST

LARGE AUDIENCE IN ATTENDANCE TO ENJOY COMEDY

Leads Capably Acted; Performance Credited With Being Great Financial Success.

Excellent coaching, a capable cast and splendid business management all combined to make the Junior class play "A Pair of Sixes," presented before the last Friday evening, a thorough success, both from the dramatic and financial standpoint.

The play itself is an amusing comedy centering around Mr. Johns and Mr. Nettleton, business partners, who are always quarrelling. Finally a game of poker decides the matter and the valiant play amusing situations follow. Dick Hill and Jimmy Neary as Mr. Johns and Mr. Nettleton, were exceptionally well cast and each gave a portrayal meriting much applause.

John Shockey as Florence proved to be an attractive heroine and Chester Johnson as Vanderholt, the lawyer, gave a thoroughly adequate performance. Fern Lindner and Helen Winkler as Mrs. Nettleton and Sally Parker, respectively, played their roles in an extremely capable manner. Clark Paul played the part of Jimmy, the office boy, and Edna H. as Edith, the maid, furnished plenty of laughs. Bob Henderson took two roles, those of Applegate and the shipping clerk. Walter Larson took the part of Krome in a capable manner while Lawrence Warner as Tony Toley, the salesman, proved himself capable of salesmanship.

To Miss Elliott, director of the play, is probably due much of the success of the performance.

Musical numbers by the high school orchestra, a girls sextette and by Howard Klages were given between the acts and were much enjoyed by the audience. Miss Elmer Daily, music director, planned the musical program.
