Published in the interests of the people of Hermiston and vicinity by Tum-A-Lum Lumber Co. — Phone 331.

Vol. 31 Hermiston, Or., Thursday, January 29, 1931. No. 4

Editorial

The difference between learning to drive a car and learning to play golf is that when you learn to play golf you don't hit anything.
How about it Jim.
R. A. Brownson, Editor.

W. A. Mikesell has taken out material for the first Brooder house we have sold this year.

"You won't make a bricklayer out of me," said one of Taylors hens as she pushes the porcelain egg out of her nest.

It is time to start thinking of caring for those little chicks that will be hatching out before long. Then they must have warm quarters for next year if they are to be money makers. Ask for our plans, or we will design one especially for you.

Two spinsters were discussing men.
"Which would you prefer in your husband — wealth, ability, or appearance?"
"Appearance," replied the other. "And the sooner the better."

We have just received a car of extremely good cedar, the 12 in. boards run nearly 13 in. wide. Apparently the mills are giving good measure during slack times. This material is \$10 per thousand and lower than last spring.

Red Cross donations for drought sufferers in the south, will be received at Tum-A-Lum Lumber Co., or the bank.

Short Love Story
In a city a beautiful girl sued a rich banker for breach of promise and was awarded \$10,000. Shortly after

leaving the court room she was hit by a car and had two ribs broken. The same judge awarded her \$10,000 for the broken ribs.
Moral: Never play with a woman's heart. If you feel playful, kick her in the ribs.

If you want your wife to get a big "kick" out of life, put some fine cupboard in the kitchen, shelves in the cellar, and closets and you will have nothing to kick about, because she will always be in a good humor.

Kelly's Economy Slack Coal Burner will reduce your heating costs. Call at the yard for details of this burner and the free trial offer. Costs only \$10 for the ordinary heating stove. Can be installed in any furnace or stove.

CREDIT - CASH

IF YOU DON'T BELIEVE IT, COME IN AND FIND OUT FOR YOURSELF

If you pay cash, you can save money on our meats. Why pay more for the sake of credit.

We buy the livestock and do our own butchering. That is why we can sell meats for less, and you always have a fresh stock of meats to select from.
