Thou therefore endure hardness, as a good soldier of Jesus Christ. II Timothy 2, 3.

Now that Nelson C. Bowles and Irma G. Louks have paid a fine of \$300 after pleading guilty to morale charges for which they were indicted January 3, we will be relieved to have them off the front page columns of the newspapers.

What Attracts Settlers?

Earthquakes, drought, epidemics, starvation and floods are heard only remotely in the Hermiston district. According to transient travel, desirable places to live are few, then why not list this irrigation district as a "haven" resting on sandy loam soil, where plenty of water is available the year around for growing of diversified crops.

Congratulations

In winning the state championship in their class, the Irrigon band has proven that it is not all in numbers. It has meant concentrated effort on every band member's part, and the

faithful instruction and training of Merton Dawald, band master. We are proud of every one of them. It is only the beginning of a career for Robert Walpool who won state championship as individual trombonist, who would likely never have had the opportunity of developing his talents had it not been for such an organization.

CHRISTIAN SCIENCE CHURCHES

"Unreality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 5. The Golden Text was, "The things which are seen are temporal; but the things which are not seen are eternal" (II Cor. 4:18). Among the citations which comprised the Lesson-Sermon was the following from the Bible: "In the beginning was the Word, and the Word was with God, and the Word was God. . . . All things were made by him; and without him was not any thing made that was made" (Jno. 1:1, 3).
