

## HIGH TEST COW AVERAGES 108.4 LBS. FAT IN JUNE

LOWEST TEST SHOWS OVER FORTY POUNDS OF FAT.

List of 29 Cows on Honor Roll Largest in Association Report For Several Months.

The June monthly report of the Umatilla Herd Improvement association made by John E. Mansfield, tester, shows 35 herds tested with an enrollment of 552 cows of which 53 are dry, making a total production of 347301 pounds of milk, and 14546.2 pounds of butterfat, with 80 cows averaging 40 pounds of butterfat. There are less herds enrolled this month which brings down the average production of milk.

Two high cows in the association for the month of June are owned by C. R. Smith, one Mary, a seven year old Grade Guernsey, averaged 2046.0 pounds of milk, and 108.4 pounds of butterfat; Snowball, another, eleven year old Gr. Holstein averaged 2480.0 pounds of milk, and 96.7 pounds of butterfat. In the month of May, Snowball made a record of 2502 pounds of milk and 85.1 pounds of butterfat.

High herd of 34 pure bred Holstein and Jersey cows owned by C. A. Lynch, averaged 877.4 pounds of milk and 32.1 pounds of butterfat. High herd of 14 mixed breed cows owned by C. R. Smith averaged 679.5 pounds of milk and 31.0 pounds of butterfat. High herd of 10 mixed cows owned by Fred Beck averaged 800.6 pounds of milk and 33.2 pounds of butterfat.

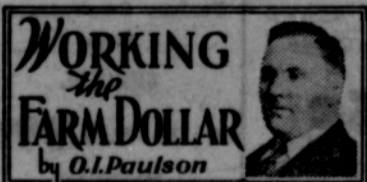

The June association test shows 29 cows listed on the honor roll. The highest test averaged 108.4 for the association and the lowest test was 40.2 which is over last months average. Dairy herds on the projects are continuing to improve.

## DOUBLE WEDDING CEREMONY PERFORMED SATURDAY, JULY 27

A double wedding ceremony was performed Saturday, June 27, at the Christian church in Walla Walla by Rev. J. B. Hunley when Miss Ella Daily and Mr. Robert Hooker of Hermiston, and Miss Vera Hubbard and Mr. Cecil Cobb, of Cincinnati, Ohio, were united in wedlock. Immediately following the ceremony the two couples went to the home of Roy Hartley for a wedding supper. Sunday a reception was given for them at the home of Lucile Montgomery at Holdman, Oregon.

Mr. and Mrs. Hooker have leased the Herman Hurst place for three years and were charivariated by their friends the following Monday night. Mr. and Mrs. Cobb have purchased the Furnish ranch where they will reside.

Miss Daily is the daughter of Mrs. H. Montgomery and was winner of the Commercial club school award last year. Mr. Hooker is the son of Mr. and Mrs. H. S. Hooker and was born and reared in Columbia district.

The feeding of the pullets during the growing period should receive first consideration at this time of year. The cockerels should be separated from the pullets at an early age, and sold as broilers, kept on a separate range to develop into roasters or they may be caponized.

Pullets coming into lay during October, generally return the best annual egg records and the most net profit. They must be given a chance to develop physically and to put on fat before the laying period starts, if they are to be kept in good laying condition throughout the fall and winter.

Young pullets should have access to clean range if at all possible or they should be fed green feed and vitamin D.

Do not hesitate in feeding your pullets a good scratch and growing mash at this season of the year because fully developed mature birds will have the constitution to stand heavy egg production over a period of months.

## FORMER CREAMERY MANAGERS GO TO GRANGEVILLE, IDAHO

E. W. West and Cecil Warner, managers of the former Hermiston Creamery company, which became defunct when the Umatilla Cooperative Creamery association purchased its equipment and took possession the first of July, are leaving the last of the week for Grangeville, Idaho, where they will locate permanently. Both Mr. Warner and Mr. West have operated the creamery for the past three years and have made many friends in Hermiston and vicinity who regret their leaving.

Grangeville has a population of 1600 and is the county seat of Idaho county, located in a valley approximately 25 miles wide. The surrounding territory is non-irrigated and is at an elevation of 3300 feet. Mr. Warner and Mr. West have purchased a building one block off the main business block in which they will install practically new equipment. The territory covers a radius of 20 miles with the nearest creamery at Lewiston about 90 miles distant. The creamery hopes to have a business of 1000 pounds of butterfat a day.

Mr. and Mrs. Warner and family left today and Mr. and Mrs. West plan to leave about the 15th of July.

## CO-OPERATIVE CREAMERY IN FULL OPERATION

The Co-operative Creamery has been operating since July 1st under the management of B. E. Sykes and is at present taking care of 1000 pounds of butterfat a day. The new pasteurizer has been installed but as yet there has not been enough volume to justify its use, with only one grade of butter. Ted West will continue to assist Mr. Sykes for the next two weeks. Clarence Heiter is driving the route truck at present and Paul Van Patton of Richland, Ore., is also assisting in the creamery. Mr. Cleveland will open the books for the association and will keep them until such time when Mrs. Frank Stone will take that position.

"There are a number of details that will have to be worked out," says Mr. Sykes, "but everything is coming fine."

## Turkey Growers to Meet

The Eastern Oregon Turkey Growers association will hold a meeting next Saturday, July 11, in the library at 8:00 p. m. Not only stock holders will be present but all turkey growers interested in the market price for turkeys this coming season. The turkey pool conducted by the association last year paid from two to three cents higher than any other buyers in this locality. The turkey market along with other markets, is rather uncertain.

## Honor Member at Party

A party was given at the home of Mrs. Levi Reeder Wednesday afternoon by members of the "Love and Service" class of the Baptist-Christian church honoring Mrs. Cecil Warner who leaves today for Grangeville, Idaho. About twenty-five guests were present and the afternoon was spent visiting after a short business session when officers for the ensuing year were elected as follows: Mrs. Wm. Benschel, president; Mrs. Moore, vice-president; Mrs. W. E. Jones, secretary; Mrs. Theodore Gregory, treasurer; Mrs. W. Dyer, teacher. Refreshments of punch and cake were served late in the afternoon.

Members of the class presented Mrs. Warner with a Bible in appreciation of her long and faithful service in the organization.

Rev. Wilson to Give Lecture.  
An unusual lecture will be given by Rev. W. L. Wilson of the Baptist church Sunday evening, July 12, at 8:00 o'clock. The subject will be, "Why God Made a Woman." Anyone who can enjoy something of humor, pathos and a little bit of sarcasm, will have a good time. Residents of Hermiston and surrounding community are cordially invited. The lecture is free with a free will offering taken.

## Grange to Hold Open Meeting

The Stanfield Grange will hold an open meeting in the hall at Stanfield Monday, July 13, at which time there will be a debate on the question of whether farmers would be benefitted by doing away with all federal aid by the reduction of taxes as a result of less money paid out for these things. The discussion will be very interesting and a large attendance is anticipated.

## FOURTH CELEBRATION AT STANFIELD IS WELL ATTENDED

4-H CLUBBERS TAKE ACTIVE PART IN DAY'S PROGRAM.

New Madden Speaks on Subject "The Confusion of Tongues"; Heated Sports Contest.

The Stanfield Grange-Farm Bureau annual Fourth of July picnic held in the auto park at Stanfield this year was attended by residents from all over the county who enjoyed the splendid program and sports events. Stanfield and Hermiston alternated in arranging the programs for this affair and each year they are getting bigger and better.

R. G. Penney acted as master of ceremonies and the address of welcome was given by Jess Richards, of the Stanfield Grange, with the response by Henry Ott, president of the Farm Bureau. Louis Barnard and Edna Ott then played a violin duet, accompanied by Jean Barnard, which was greatly appreciated by the audience. Community singing was led by A. E. Benschel. The main address of the day was given by New Madden whose subject was, "The Confusion of Tongues."

Later in the day, 4 H club girls presented a clever drill which was directed by Mrs. J. F. Reuber. Ice cream and soda pop were sold by 4 H club members and lemonade and coffee was furnished free by the Stanfield Grange. The coffee was donated by Stanfield merchants.

Some hot contests were held in horseshoe pitching participated in by some of the old timers and a few of the younger generation. Tennis was another sports feature for the day and awards were given to boys and girls taking part in the other sports events, arranged by A. E. Benschel.

A dance was held in the evening at the Stanfield hall which was well attended, even though the temperature was still high after the warm day.

The Hermiston Farm Bureau will have charge of the celebration next year.

## To Spend Summer in Denver.

Mrs. W. W. Felthouse and son, Gale left last Thursday for Denver, Colorado, where they will spend the summer visiting relatives and friends. Enroute, they will stop at New Plymouth, Idaho, and Salt Lake City, Utah, where they will visit relatives.

Dr. Canparol of Portland will take over Dr. Christopherson's practice during the month from July 13 to August 13. Dr. and Mrs. Canparol will reside in the Christopherson home while here.

## CREAMERY BOARD PLANS TO JOIN INTERSTATE CREAMERIES

Directors for the Umatilla Cooperative Creamery met last Saturday in the office of Assistant County Agent Best, at which time members of the board voted to join the Interstate Associated Creameries. Details are to be worked out Saturday, July 11, when T. G. Gregory, A. E. McFarland, and Garnet D. Best will attend the annual meeting of that association in Portland.

Members of the board present were: T. G. Gregory, R. V. Jones, J. S. Rogers, E. L. Jockson, A. E. McFarland, L. C. Cooney, and A. Hayden.

## CHRISTIAN ENDEAVOR DELEGATES LEAVE FRIDAY

Miss Elsie Reeder and Miss Edith Clark leave Friday morning at 2:00 o'clock as delegates from the Hermiston Christian Endeavor society for the International convention at San Francisco, Calif., July 11th to 16th. Members of the society have sold subscriptions for the Christian Endeavor World in order to obtain money for the roundtrip fare from Portland. By the aid of the parents, food sales, and donations by local citizens, funds more than cover the expenses for the trip, and the society members wish to thank those who so generously aided in this endeavor.

The Oregon group will leave Portland Friday morning on a special train, arriving in San Francisco Saturday morning at 9:50. Daniel A. Poling, president of the International Christian Endeavor union will act as presiding officer. Besides the regular sessions there will be special sight seeing side trips.

Oregon delegates will wear clever costumes consisting of beret, bolero jacket and sash in the parade. These are green and yellow and are to be worn over a white dress or white shirt in the parade. The Hotel Argonaut, located at Fourth and Market streets, will be the Oregon delegates headquarters, but the two Hermiston delegates will stay with Mr. and Mrs. Pointer, who live in Oakland.

## DR. CHRISTOPHERSON TO TAKE VACATION AND STUDY TRIP

Dr. and Mrs. A. W. Christopherson will leave next Monday morning for a month's vacation and study trip. They will spend about two weeks at the beach and two weeks in Portland where the Doctor will attend a medical clinic. Dr. Christopherson is interested in bringing to Hermiston the new medical and surgical methods adopted during the past year.

Dr. Canparol of Portland will take over Dr. Christopherson's practice during the month from July 13 to August 13. Dr. and Mrs. Canparol will reside in the Christopherson home while here.

## HERMISTON HERALD INVESTS IN NEW COOPER BLACK TYPE

MOST SUCCESSFUL ADVERTISING TYPE IN RECENT YEARS.

Local Merchants Have Opportunity to Use a Striking and Compelling Display Type Face.

The Hermiston Herald this week purchased three weight fonts of Cooper Black type from the American Type Founders company in Portland. The three sizes are eighteen point, twenty-four point, and thirty-six points, the face of which is a bold black expanded type making excellent display for ads.

Few types brought out in recent years have been so successful in their appeal to the advertisers as the Cooper faces. Cooper for body and Cooper Black for display are seen regularly in magazines, newspapers and direct advertising everywhere. The family is now increased to six and its range of usefulness extended by the Black, Italic and Black Condensed. These black faces literally make big advertisements of little ones, and they give big ones a unique, eye-catching, eye-filling forcefulness.

Local merchants will have the opportunity of using this new and striking display type face which is different from the type faces formerly used in this newspaper.

The new type displayed below is a hard-hitting, attention-compelling type that dominates everywhere. Demand it from this newspaper in the future for your advertising display type. Some of it is used in this week's ad display.

18 Point Type

**NEW COOPER**

Al and Jim Clayton spent the Fourth of July visiting with their mother in Enterprise.

## RECENTLY PURCHASED FARM RAPIDLY IMPROVED.

A 60-acre farm purchased last March by Neil Boynton and Harry Kelley, south of town has approximately 42 acres under cultivation, the largest portion of which is in alfalfa. There is about an acre in watermelons and canteloupe and a small plot for garden. A fine crop of potatoes will soon be dug from a 3-acre patch. About 25 acres is above the A line canal across from the location for the new experiment farm and has never been cultivated.

Mr. and Mrs. Boynton are living on the place caring for 700 turkeys, 400 of which are seven weeks old and in fine shape, and 200 are just two weeks old. They have two small brooder houses with a large alfalfa range and the birds are progressing rapidly. An unfortunate pile-up of the young turkeys recently brought a loss of 19. Eggs for the first group of turkeys were purchased from Mr. Potter and hatched in incubators by Dr. Beletski. The younger turkey were purchased from John Jenderjewski.

There is no house on the place but the owners plan to move a house from the old Johnson place east of town this fall which will be placed in the north end of the plot now used for garden which is surrounded by trees. In digging the basement they will level a sloping corner on the northwest portion which will serve as part of the lawn. There are several fruit trees to the east of the proposed residence site.

The first cutting of hay has been made and stacked and fine progress is being made with the other farm products. Mr. Kelley is leaving most of the farm work to Mr. Boynton while he is working on the Wallula cut-off road graveling job but plans to work on the farm this fall. Mrs. Kelley is employed in the local telephone office.

## DEATH CALLS MRS. MARY STOCKS MILLER TUESDAY

Mrs. Mary Stocks Miller passed away at the home of her sister, Mrs. W. E. Potter, Tuesday evening, July 7th, after suffering from a complication of ailments over a period of one year. During that time her faith was never dimmed and her sweet, Christian character shown even more clear.

Funeral services will be held at 4:30 Friday afternoon in the Baptist church with Rev. W. L. Wilson officiating, assisted by Rev. Payne. Interment will be in a Vancouver, Wa., cemetery.

Mary Beulah Stocks was born in Chickasaw, Iowa. She chose school teaching as her profession and taught in the schools of that state. She had an unusual devotion for this work, earnestly wishing to aid in the building of the character of her pupils. Over three states children have grown into man and womanhood, who remember her untiring efforts for them.

When a young lady she moved, with her parents, to South Dakota, where she took an active part in pioneer life, teaching in the schools, serving as county superintendent of schools in Syman county, and later as postmistress at Oacoma, South Dakota.

In 1910 she moved with her mother and sister to Vancouver, Wn., where she continued her work as teacher. She secured a position in the Hermiston schools in 1918 which she filled for six years.

She was long a member of the Baptist church and with her, "Faith was the substance of things hoped for, the evidence of things not seen."

Of her immediate family, she leaves to mourn her loss, one brother, C. W. Stocks, of Chamberlain, South Dakota, and two sisters, Mrs. W. E. Potter, and Miss Bertha Stocks of Hermiston, Oregon.

One of Mrs. Miller's favorite quotations follows:

"Build thee more stately mansions, O'My Soul,  
As the swift seasons roll, leave thy low vaulted past,  
Let each new temple, nobler than the last,  
Shut thee from heaven with a dome more vast,  
Till thou at length art free,  
Leaving thine out grown shell, by life's unresting sea."

## McNaught Home Sold.

It was reported this week that Mr. and Mrs. C. S. McNaught have sold their home west of town to Mr. and Mrs. Joe Norton pending their leaving for Portland where they will make their home. The McNaughts plan to leave Monday for Portland.

## AMERICAN LEGION AUXILIARY GIVES YEARLY REPORT

39 MEMBERS LISTED IN LOCAL AUXILIARY UNIT.

Extensive Welfare Work Done by Members; Legion and Auxiliary Department Heads Honored.

At a meeting of members of the American Legion Auxiliary unit of Hermiston last Monday afternoon at the home of Mrs. Wm. Shaar, committee members made out reports covering the past year's work to be sent into the main office in Portland. Officers of the local unit present were: Mrs. Walter Hamm, president; Mrs. Wm. Shaar, first vice president; Mrs. Lyle Tilden, second vice president; Mrs. A. W. Christopherson, secretary-treasurer; Mrs. B. S. Kingsley, sergeant at arms; Mrs. E. P. Hilly, chaplain; and Mr. Herbert Shesely, historian.

The work accomplished by the organization under the separate committee heads is given below.

Mrs. Jessa Sage and Mrs. Harry Kelley acted as joint chairmen for the hospital and child welfare committee. During the year 12 sun-porch pillows were made, 22 pillow slips, 22 new outing gowns for children, eight boxes of clothing (over half new) were sent to the child welfare department of Portland, besides three boxes of toys, and \$25.

Mrs. George Story, chairman of the membership committee, reported that a total of 39 members were listed in the local post, 5 of whom are non-resident, and eight of whom had been added during the year. The average attendance at each meeting was about 20. Of this group there were 14 standing committees in addition to seven contact chairmen, one of whom belonged to a different local organization. One party was given this past year for women eligible for membership in the Auxiliary.

The poppy committee was headed by Mrs. Jim Todd this year. A poppy poster contest was conducted in the schools and two \$2 prizes were awarded winners. Mrs. Todd ordered 500 poppies, and 339 of these were sold bringing in a revenue of \$33.90. The 161 remaining will probably be used to decorate the graves of soldiers next year. These poppies are made by disabled soldiers in hospitals and the funds from these sales are used for the care of veterans and their families.

Mrs. B. S. Kingsley heads the Americanism and Fidac committees which has sponsored one Fidac program this year and has aided in the special observances on Armistice, Washington and Lincoln's birthdays, and Memorial day. Instructions in flag etiquette has been given members during the year and at each meeting the flag is displayed and members pledge allegiance. Immediately following, the Star Spangled Banner is sung. The work of the Americanism committee is lighter in this community than in communities where there is an allan population.

The Fidac, a word formed from the five first letters of its name in French (International Federation of) (Continued on last Page)

## ALONG THE CONCRETE

Dr. Christopherson has his suspicions that his wife and Mrs. O. O. Felthouse obeyed the impulse to purchase more beach pajamas Tuesday when they made a business trip to Pendleton. We'd like to hear Doc's opinion on the subject of beach pajamas.

Our neighbor in business, J. S. Buraham, is wearing the latest in trousers as an advertising stunt this week. They are quite "checky," being of black and white, and are very restful to the eye.

From all the various reports Herbert Hedwall must have covered a lot of territory Saturday, besides staying at home all day.

Seen from the corner—Only five cars along the main street of Hermiston. What is it, the heat?

Our former city Mayor and hole-in-one golf champion of the Hermiston club, stating that he would probably spend as much time in our fair city as he did in Portland. The golf club members will have to have a thrill occasionally.

No Tree or Fence in Sight—

By Albert T. Reid
