Those European Debts.

The principal impression which the international financial conferences make upon us is that the United States is for the first time since the war taking the part in international affairs which our country's position as the world's wealthiest and most prosperous nation demands of us.

It is very difficult to see how they can keep out of it. International debts are necessarily involved in politics. When a nation owes money the method whereby that debt is to be paid has to be decided in the long run by the politicians of that nation.

bonds and amortizing the principal has to be determined in the long run by the politicians of the town or the school district.

International debts are just like all other public debts, in that the promises of politicians to pay them are not always based upon the ability of the town, county, state or nation to pay. That seems to be Germany's case. She owes more than she can pay, but she has given very good evidence of desire and willingness to pay.

Theatre Attraction.

That rollicking team of comic marines, Victor McLaglen and Edmund Lowe are at the Oasis Theatre Friday and Saturday in "Women of All Nations." Greta Nissen, as a Swedish lorette is responsible for most of the rivals' battles and hair-raising escapades.

HERMISTON BAPTIST CHURCH W. L. Wilson, Pastor. Sunday School 10:00 a. m., Mrs. Serell, superintendent.

CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 2.

The Golden Text was, "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing" (Zeph. 3:17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For ye shall go out with joy, and be led forth with peace; the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands" (Isa. 55:12).

SUNDAY SCHOOL LESSON

International Sunday School Lesson for August 16 SOWING AND REAPING Galatians 6:1-10 Rev. Samuel D. Price, D.D.

This quarterly temperance lesson also suggests a profitable study for these summer days. One of the epistles of Paul furnishes the lesson text. Search out all the thirteen or fourteen letters that he wrote and relate them to the historical account in the Acts.

Moral problems faced the people in that day and these letters deal very directly with human affairs. Since the same difficulties are with us today we find even greater help in these same writings for Paul. Read the entire letter and note how the race of God was superceding the hard and fast laws which the Old Testament of Hebrew sought to live.

Everybody makes mistakes and the apostle tells that those who are making the fewest mistakes should be most kindly disposed toward those who sin to a greater extent. There are certain burdens that we must bear for ourselves, such as the kit that the traveler or soldier carries for his daily necessities.

The Golden Text is just plain common sense as well as spiritual truth: "Whatsoever a man soweth THAT shall he also reap." That is certain in the material world and not the less positive in the spiritual realm.

IRRIGON NEWS

...eral problems faced the people in that day and these letters deal very directly with human affairs. Since the same difficulties are with us today we find even greater help in these same writings for Paul. Read the entire letter and note how the race of God was superceding the hard and fast laws which the Old Testament of Hebrew sought to live. Everybody makes mistakes and the apostle tells that those who are making the fewest mistakes should be most kindly disposed toward those who sin to a greater extent. There are certain burdens that we must bear for ourselves, such as the kit that the traveler or soldier carries for his daily necessities. The Golden Text is just plain common sense as well as spiritual truth: "Whatsoever a man soweth THAT shall he also reap." That is certain in the material world and not the less positive in the spiritual realm. Wild oats take nourishment from the soil and produce their own crop. Alcoholic liquor is habit-forming and death dealing, no matter how slowly the poison may work. A single glass has its effect on the brain cells and lessens the power of self-direction. Turn to the newspapers for this week to get more illustrations than can be presented during the class session. Big business will have nothing to do with it. Alcohol takes away personal liberty and is destructive of body and soul. TILLAMOOK—Roscoe Barker who had been growing carrots as his principal root crop for his dairy herd last year changed to Bortfield turnips, a new crop introduced by the Astoria Branch experiment station, and found that they outyielded carrots at least 300 per cent. "The Bortfields enabled me to save at least one-third of my usual annual feed bill, and from the standpoint of increased production, they were worth a good deal more than that," he told County Agent W. D. Pine.

New crop wheat is pouring into the crib elevator recently completed by Farmers National Grain Corporation at Milton-Freewater at the rate of several thousand bushels a day. The new elevator cost about \$14,000 and has a capacity of 80,000 bushels. It being operated by Farmers National for the benefit of the cooperative growers of northern Umatilla county. Farmers National now has 8,000,000 bushels of terminal and sub-terminal storage in the Pacific northwest as well as more than 100 country warehouses and elevators which have been built, bought or leased.
