The Hermiston Herald

What is the big event taking place Saturday, on the project? It is the turkey tour that starts at the Experiment Station at 9:00 A. M.

VOLUME XXV NUMBER 50

HERMISTON, UMATILLA COUNTY, OREGON, THURSDAY, AUGUST 13, 1931

SUBSCRIPTION, \$2.00 PER YEAR

UMATILLA PROJECT FAIR PREMIUM LIST READY FOR PRINTING

MRS. OTT ELECTED SUPERINTENDENT FLOWER DIVISION.
County Court Allots \$796.63 for Umatilla Project Fair Premiums; Special Prizes Accepted.

At the Umatilla Project fair board meeting last Saturday night in the office of Assistant County Agent Best the superintendents of the different divisions submitted their final premium list for acceptance. H. K. Dean and Garnet D. Best were appointed on the committee to prepare the list for the printer, which will be ready for the public by the 20th of the month.

The County Court allotted \$796.63 to the Umatilla Project fair board to be used for premiums, which is a generous portion of the total amount subscribed to such purposes by the county. It is not unlawful to use a part of this money for other purposes but the County Court looks very unfavorably upon such steps.

The matter of the sheep classes was brought up and finally decided upon, allowing sheep raisers to enter exhibits in the open classes with ribbons being awarded. No money will be put up for premiums.

President Jendrzewski stated that no definite arrangements had been made about the football schedule since the date of the fair had been changed from October 2nd and 3rd to October 9th and 10th, but that it is hoped to have a game with Pendleton.

Money was voted for the bee division as revised by Superintendent Sokybo, and also for the 4-H club and women's division, of which Mrs. Hinchline is superintendent. Money, not to exceed \$70, was allotted for the farm exhibits division which is supervised by Baxter Hutchinson. Mr. Hutchinson states that individual farm exhibits will be made as well as the special farm products exhibits for which the exhibitors will receive prizes of \$5, \$10, and \$15. Other prizes will be awarded as shown in the premium list. Mr. Hutchinson would like to have exhibitors notify him at least a month before the fair of their intentions to exhibit in order that he may prepare a place for them.

In order to eliminate duplication, premiums for one pen containing 1 cock and 4 hens, and the one containing 1 cockerel and 4 pullets have been taken off the list. Premiums for the best hens, pullets, cocks

(Continued on last page)

WORKING THE FARM DOLLAR

by G. L. Paulson

The farm dollar is made up of one hundred cents, but often one community can secure more for the one hundred cents than other communities. This is true at Hermiston regarding poultry feeds. Poultrymen in this community, through its cooperative feed association, receive feed costing less than in most poultry sections.

The climate is ideal, the soil favorable, the feed supply reasonable and poultry minded people are already on the project, but there seems to be something lacking in the development of poultry in the Hermiston territory.

In my opinion the one thing needed to make the Hermiston area an outstanding poultry center is a greater number of laying hens per farm unit. The larger total number of hens in this territory would insure the continued interest and extra effort that is necessary to place a community in the front rank as a poultry center.

If the Hermiston territory had two hundred thousand laying hens in the place of fifty thousand now on the project, the community would sleep, eat and talk poultry. This territory can profitably support over two hundred thousand laying hens.

The forming of a Poultry Development association by the producers and others interested might be instrumental in starting Hermiston on the way to be one of the leading poultry centers of the state.

POULTRY GROWER NOT DISCOURAGED BY DEPRESSION

Howard J. Reid, well known poultry raiser on the project, has not been discouraged by the present depression in market prices, but is adding a new chicken house to his present buildings. The foundation for the structure is completed and the laying of the top started Thursday. It is made on the Utah plan, concrete floor, two divisions, with capacity for 800 hens.

Mr. Reid believes that if poultrymen can hold on at the present prices they will profit as soon as conditions change for the better. At present Mr. Reid has 1450 laying hens and approximately 1500 pullets.

C. E. SUMMER CONFERENCE TO BE HELD AT TURNER.

The twelfth annual Oregon Christian Endeavor Summer Conference is to be held at Turner, Oregon, August 24 to August 30, beginning on Monday evening, and closing the following Sunday evening. Its purpose is to furnish training in Christian Endeavor work and other lines of leadership. All young people, regardless of church affiliation, who wish to attend are eligible. The registration fee is \$2.00 payable in advance, \$2.50 if paid at the conference grounds. Room and board for the six days is \$9.00.

The program is varied and interesting, and covers several phases of work. The mornings are given over to classes emphasizing Christian Endeavor work. The afternoons are spent in various kinds of recreation. The addresses in the evenings are given by various speakers, and the bonfire meeting, at the close of each day, is in charge of Dr. Paul C. Brown, Pacific Coast Field Secretary.

The faculty list includes Dr. Walter L. Myers, Eugene, Pastor Counselor Oregon C. E. Union; Ross Guiley, Eugene, Field Secretary Oregon C. E. Union, and dean of the conference; Rev. James Alken Smith, Dallas; Dr. Paul Brown, Los Angeles; Viola Ogden, Portland; Wilma Eddy, Corvallis; Thelma Parrish, Klamath Falls; Mrs. Ross Guiley, Eugene; Hulda Anderson, La Grande; Vesta Orrick, Eugene; Charles T. Hurd, Portland; M. M. Coffin, Portland; J. B. Patterson, Albany; G. H. Winsor, Portland; A. L. Lonsberry, Monmouth; Victor P. Morris, Monmouth.

An important feature of Conference is the Missionary Festival on Friday afternoon and evening. Many returned missionaries who have been Oregon Christian Endeavorers will be there with exhibits, and stories of their work.

Arrangements for the conference are being made by a committee consisting of Ross Guiley, Eugene; Viola Ogden, Portland; Vesta Orrick, Eugene; Hulda Anderson, La Grande; Eley Walker, Forest Grove; and James Henderson, Portland.

LECTURE TO BE GIVEN ON ECONOMIC & SOCIAL PROBLEMS

Through arrangements made by the Stanfield and Irrigon Granges George T. Pickett, president and general manager of the Llano Co-operative Colony in Louisiana, lectured in Irrigon Grange hall Wednesday and will be heard again tonight in Stanfield. His lecture subject was, "The Solution for all Economic and Social Problems," using as a practical demonstration the method employed by the Llano Co-operative Colony, which is located at New Llano, Louisiana.

Mr. Pickett arrived in Hermiston Wednesday and has been getting acquainted with project residents.

HUNTERS KILL TOTAL OF 303 PREDATORY ANIMALS IN JULY

During July, 32 hunters, figured on a full-time basis, took 266 coyotes, 36 bobcats, one cougar and 6 predatory bears, a total of 303 predatory animals. In addition, 217 porcupines were destroyed. The hunters who made the largest catches are:

Charles B. Brown, Malheur, 36 coyotes, 7 bobcats; T. W. King, Grant, 21 coyotes, 2 bobcats; T. M. Rice, Gilliam, 15 coyotes, 1 bobcat; Robert E. Long, Malheur, 14 coyotes, 2 bobcats; Bart S. Robbs, Union, 15 coyotes; Chas. Frey, Jefferson, 14 coyotes, 1 bobcat; John Lawrence, Grant, 11 coyotes, 1 bobcat; Murial E. Jacobs, Lake, 14 coyotes; Alva Stone, Sherman, 13 coyotes; Albert Kinnison, Umatilla, 1 bear, 6 coyotes, 4 bobcats; Chas. Glasgow, Klamath, 10 coyotes; Clifford DeBok, Umatilla, 10 coyotes.

TURKEY GROWERS PLAN TOUR OF FARMS SATURDAY MORNING

EACH GROWER TO EXPLAIN METHOD AND EQUIPMENT.

Group of 75 Expected to Terminate on Jendrzewski Farm for Picnic Dinner with Roast Turkey.

Arrangements have been completed for a tour of turkey growers' farms Saturday, August 15, by members of the Eastern Oregon Turkey Growers' association, which will terminate with a picnic dinner at the John Jendrzewski home.

A group of 75 plan to start from the experiment station at 9:00 a. m. Saturday and from there visit the farms owned by Merl Potter, Emerald Tilden, Mr. Sanders, Wm. Lindner and John Jendrzewski. Each turkey grower will explain his method of raising turkeys and show the equipment used. In planning this tour it is hoped that growers and interested parties will profit by this exchange of ideas.

Guests are asked to bring a basket dinner and cups. Coffee, ice cream and seven roast turkeys will be served free at the Jendrzewski home at the conclusion of the tour terminating on this farm.

During the marketing season last year the Eastern Oregon Turkey Growers association affiliated with the Oregon Turkey Growers association shipped a total of five cars from Hermiston containing 9163 turkeys, weighing 122,124 pounds. The final shipment made by the association, January 16th and 17th, reached 2484 birds weighing 35,237 pounds. The quality of this shipment was excellent for a clean-up shipment, as over 58 per cent of the birds graded U. S. prime, over 25 per cent U. S. choice, and 14 per cent U. S. commons. Growers were paid 24 cents on prime and choice birds, 20 cents on mediums, and 16 cents on commons at the time of delivery.

Growers on the project are expecting the market to hold as steady this marketing season as it did last year.

Re-Arrange Store.

J. S. Burnham's general merchandise store is being re-arranged this week, with the grocery counter moved to the front of the store, and the men's ready to wear in the back of the store. The dry goods and women's apparel remained on the right side of the store. Other changes will be made later.

Walter Pearson went to Portland Thursday where he will spend the week vacationing. He also plans to spend some time at Seaside.

WARFIELD-GREENING

Miss Hazell Greening of Huntington, Oregon, and Mr. Leslie Worfield of Hermiston, were united in marriage in Weiser, Idaho, last Thursday, August 6, by a Methodist minister. Mr. Worfield has worked on the highway surveying crew that has been stationed here, for some time and is well known. The young couple returned to Hermiston Friday evening and are now living in one of the cabins at the Stewart Auto camp.

Pine City Band Concert.

The Pine City band made its second public appearance in Hermiston Saturday evening when it gave a concert on the street in front of the Hermiston hotel. Later they gave a concert at the Oasis theatre between shows. The 24 members of the band are from Echo, Pine City, Stanfield, and Hermiston, and are led by Harvey Myers of Echo. Hermiston business men donating a total of \$10 for the band were: Red & White store, Propst Variety store, Black & White Garage, Hitt's Confectionery, Hermiston Herald, Furnham's, Hermiston Drug Store, Shaar's Barber Shop, First National Bank, Hermiston Light & Power Co., Bessing Hardware, Farm Bureau Co-op, Ore. Hardware & Imp. Co., MacMarr, Rohman Motor Co., Tum-A-Lum Lumber Co., and W. J. Warner.

SCHOOL NOTES

H. S. Students Must Register.

All students, including eighth grade graduates from Hermiston or surrounding districts, who expect to attend the Hermiston Union High school will register at the principal's office on August 24, 25 or 26th. Students who will be unable to register on one of the above days may register during the previous week.

Used Books.

If students have used books to dispose of they should bring them when they come to register. It will be impossible to handle these books if they are brought in on the first day of school. A book list will be published next week.

Primary Pupils.

Children who will have reached their sixth birthday on or before October first, 1931, may start to school on August 31. Children who do not start at the opening of the fall term can not enter before September, 1932, as there are no new classes formed in mid-year.

Modern Languages.

If there is sufficient demand for it, there is a possibility that a course in beginning Spanish or French may be organized. Any student who is interested in studying one of these languages should make it known to the principal before school opens.

SIDNEY H. BARNARD RESIGNS AS FARM CO-OP MANAGER

BOARD ELECTED H. SOMMERER TO FILL VACANCY.

Mr. Barnard Will Establish Business on Vancouver Island, B. C.; Founded Organization Here.

Board members of the Farm Bureau Co-operative accepted the resignation of Sidney H. Barnard as manager of that association last Friday night at a special call meeting. Mr. Barnard plans to leave by the first of September for Vancouver Island, Vancouver, B. C., where he will establish a business similar to the one here.

At the same time the board elected Henry Sommerer to fill the vacancy left by the resignation of Mr. Barnard. He has been connected with the concern for the past six years.

Mr. Barnard was founder of the Co-operative warehouse in 1924 at which time the business was conducted from the door of a box car. Members were notified when a car of feed would be on the track and when they could drive to town and get their needs from the car. Since incorporating the business has had a remarkable growth until now it enjoys a county-wide patronage. Business in one year since organization, amounted to \$225,000 and in another year the business exceeded \$180,000. The new addition finished this spring, including the equipment, cost \$10,000, and the feed concern now is said to be one of the most modern of grain warehouses in the state. The organization has the reputation of turning out the best grade of feeds in the northwest, at a cost that will allow its sale at a minimum charge to the consumer.

Members of the board present when Mr. Sommerer was elected were: Howard J. Reid, president, P. P. Sullivan, vice president, Henry J. Ott, J. M. Richards, and A. D. Smith.

Dr. Thistlewait Returns.

Dr. W. E. Thistlewait, federal veterinarian for abortion and tuberculosis, returned to Hermiston Monday to resume his work of testing dairy herds in this part of the county and northern Morrow county, after taking a two week's vacation. Dr. Thistlewait was unable to return the first of the month because of a sprained ankle, and Dr. Miller carried on the testing until he returned. Assistant County Agent Garnet D. Best has been working with them and reports that not a single tuberculosis infection has been found.

PENDELTON SETS DRESS-UP PARADE DATE FOR SATURDAY

PENDELTON, Ore., August 12—(Special) — When Texas cowboy meets Oklahoma waddy the money loop has to be better than good. The long horn doesn't live that can side-wind out of a Southwestern range rider's riata.

Any skeptics are respectfully referred to the performance of Jake McClure, Bob Crosby, Herb Myers, Eddie Pardee, Dick Truitt and any other of the boys that learned about ropes and mavericks in the land of the grease wood and blue northers. All of which is by way of introduction to this announcement.

The aristocracy of all Southwestern loop-casters will enter the Pendleton Round-Up, August 27, 28 and 29. The first advance list of top hands includes all the big names in ropedom, a large percentage of the bucking and bulldogging stars, and four first rank cowgirls.

McClure has a leg upon the Sam Jackson Trophy. Crosby owns the Roosevelt Trophy. Yet Myers beat them both at Cheyenne this year. All three are to make the Pendleton show and, along with them, Pardee, Pruitt, Clay Carr, 1930 American Rodeo association grand champion cowboy; Hugh Strickland, an old Pendleton favorite; Arthur Beloit, Carl Arnold, Everett and John Bowman, Eddie McCarty, Hugh Bennett, Richard Merchant and Floyd Saunders.

Pete Knight, 1929 and 1930 world's champion buckaroo, and Earl Thode, who defeated Pete at Cheyenne this year, will lead the influx of bucking contests. They will face competition of Paddy Ryan, Doff Aber, Bob Calan' and Harry Knight.

In bulldogging, Paddy will have to defend his 1930 title against Jack Kerscher, Frank McCarroll, Buck Lucas, Carr, Crosby, Thode and Pardee.

The cowgirl list includes Mabel Strickland, best known of all women performers; Dorothy Hunt and Tad Lucas, relay and trick riders, and Vera McGinnis professional jockey.

Rulon Slaughter will enter relay and pony exercise events and Freddie Hunt, relay and trick riding. Pendleton will put on its glad rags next Saturday in anticipation of the Round-Up. It will be dress-up parade night. Everybody will parade in rangeland costume and will dance at Happy Canyon. Queen Betty Bond and her attendants will lead the festivities in their first public appearance.

After Saturday, Pendleton will be a cowtown right until Happy Canyon closes for the season the night of August 29.

LADIES AUXILIARY DISCUSS DEEP BREATHING HABITS

At the regular meeting of the Ladies Farm Bureau Auxiliary Friday, August 7, the officers had charge, owing to the illness of the chairman of the sewing committee, who was to have had charge.

No special damage was done to the members by the official body being in charge. On the other hand they were highly entertained and efficiently served with delicious refreshments. Mrs. Reid read a very instructive discourse on the importance of deep breathing. Members expressed their gratitude for the cool day.

The next session will be held August 21st with Mrs. Jendrzewski as chairman, assisted by Mrs. Walter Bodkins, Mrs. R. L. Adleman, and Mrs. Jackson Harr. The subject is on poultry.

For Instance, the Hen.

Did you ever stop to think that hard times mean nothing to a hen? She just keeps on digging and producing, regardless of what the newspapers say about conditions. If the ground is hard, she scratches harder. If it's dry, she digs deeper. If she strikes a rock, she works around it. But always she digs for results and turns them into hard-shelled profits, as well as tender broilers.

Did you ever see a pessimistic hen? Did you ever know of one starving to death waiting for food to come without digging for it? Did you ever hear one cackle because times were hard? Not on your life! She saves her breath for digging and for advertising her produce—The Sperry Sureway.

Harold Jones of Newburg, Ore., who has been visiting his brother and family, Wallace E. Jones, here, left Monday for his home.

LYNCH DAIRY HERD AGAIN HEADS TEST IN ASSOCIATION

TWENTY COWS ARE LISTED ON HONOR ROLL.

The Two High Cows in the Association Owned by F. A. Baker and Eastern Oregon State Hospital.

Out of the 35 dairy herds enrolled in the Umatilla Herd Improvement association, John E. Mansfield, tester, there are 556 cows listed for the month of July, of which 63 are dry. These cows produced 327412 pounds of milk containing 14529.3 pounds of butterfat, with 76 cows averaging 40 pounds of butterfat.

The highest producing herd of over 20 cows in the association is owned by C. A. Lynch, averaging 360.1 pounds of milk and 32.7 pounds of butterfat. They are pure bred Friesians.

The highest producing herd in the class of 12 to 20 cows is composed of Guernseys and Jerseys that are owned by Morton Elder, which produced 725.0 pounds of milk containing 32.5 pounds of butterfat.

High producing herd under 12 cows is owned by J. S. Dyer, which averaged 649.5 pounds of milk and 34.5 pounds of butterfat during the month of July. The herd is of Guernsey and Jersey breeds.

High herds to date, dry cows included, for six months since the beginning of the testing year show the two high herds of over 20 cows owned by C. A. Lynch and the Eastern Oregon State Hospital. Lynch's herd of 34 pure bred Holsteins averaged 5787.0 pounds of milk which contained 193.4 pounds of fat. The other high herd, made up of 73 Holstein and Jersey cows, averaged 4101.3 pounds of milk and 173.8 pounds of fat.

A herd of 14 mixed breed cows owned by C. R. Smith, averaged 4061.0 pounds of milk containing 182.9 pounds of fat. The second high herd of 12 to 20 cows are of Guernsey and Jersey breeds owned by Morton Elder, averaged 3750.6 pounds of milk and 179.7 pounds of fat.

The two high herds under 12 cows are 10 mixed breed cows owned by F. W. Beck which averaged 4692.6 pounds of milk and 195.1 pounds of butterfat, and the second herd is 8 Guernsey and Jersey breed cows owned by J. S. Dyer which

ALONG THE CONCRETE

A. E. Bensch tells us that he has been going on a picnic every day this summer on his farm in the North Hill district. He takes his lunch and partakes of nourishment as he sits on the bank of the irrigation ditch.

Thomas H. Fraser chinning with Dr. A. E. Marble and Attorney W. J. Warner Wednesday morning. We would like to know what turn in national affairs caused such hilarity between the trio. Perhaps they have worked out a "debt cancellation" for the citizens of Hermiston.

Wm. Shaar has had a change of heart and this week put out a new accommodation for the bench warmers of the city. He even went so far as to give it a coat of paint, but he guarantees that it is thoroughly dry.

When bachelors establish apartments it becomes necessary for them to consider just what furnishings will adorn their haven. Jim and Al Clayton are beginning to believe that a miscellaneous shower should be given for them.

George Bedowa and Harold Pace were conferring with each other one day this week about the merits of the reading matter in the Liberty magazine. Harold says that it is bad for George's morals to read parts in the magazine and George informs Harold that he never has had any morals.

What a big wallop some people get out of "other people" getting married. And the groom is usually thrilled to death when he is compelled to convey his "better half" down Main street in a wheelbarrow, followed by a group of merry-makers. Mr. and Mrs. Leslie Worfield will tell you that there is always a chance for revenge when the next fellow gets married.
