Editorial

We saw where a tattooed man had sued an osteopath. Claims that the latter threw all his pictures out of focus.

R. A. Brownson, Editor.

Don't let the wolf stay outside your door this winter. Invite him inside the house where he can keep warm with Tum-A-Lum coal. Wolves also make excellent fur coats.

Mrs. Waterman has been changing a porch into a room, and making other improvements on her house.

When winter comes And it surely will Have you enough coal To fill the bill?

The new basement at the hotel is nearly finished.

The average cost of painting the exterior wall of a six room house with Tum-A-Lum paint is \$28.50. This is the entire material cost for two coats of paint that

will last for years. Pretty cheap, don't you think?

BEST PAINT \$3.19 gal. 85c Qt.

It is certainly aggravating to have to bore holes in the floor to let the water out of the house. A good roof would prevent that. See us about the low price of re-roofing or repairing.

In military circles strategy is a method of not letting the enemy know you are out of ammunition by continuing to fire.
